

Where to Find EBVs and Indexes

EBVs are available from a number of sources:

- From the breeder/owner
- Sale Catalogues (the EBVs for all performance recorded animals are published in catalogues and in pens at all sales under the auspices of BLCS)
- By clicking ONLINE HERDBOOK on the home page of the BLCS web site (www.limousin.co.uk). This will take you direct to the 'TAURUS DATA Online Search' and allow you to view EBVs and pedigrees of animals found by name, ear number, or by breeder. It will also find animals that meet your EBV and Index criteria.

For enquiries contact:
