

**HARRISON & HETHERINGTON**

Farmstock Auctioneers, Brokers & Valuers

# LIMOUSIN

**RED LADIES DERBY & WEANED CALF SHOW & SALE**

*(Premier BLCS Collective Sale under new Herd Health Rules)*

**Friday 13th December 2013**

**To be held at**  
**Borderway Mart, Carlisle, Cumbria CA1 2RS**

**HARRISON & HETHERINGTON**

Farmstock Auctioneers, Brokers & Valuers

## **The UK's Leading Livestock Marketing Company**

- **Seven Sale Centres**
- **Pedigree & Commercial Livestock**
- **Official Society Sales of Beef, Dairy & Sheep**
- **Tractors, Machinery & Commercial Vehicles**
- **Specialist Livestock Sales, Equine & Events**
- **Professional Valuations**

Price - £3.00

*Catalogue for*

The British Limousin Cattle Society Limited  
(SOLD UNDER BLCS AUCTION RULES & CONDITIONS OF SALE)

# Red Ladies Derby

(SOLD UNDER THE NEW BLCS HEALTH RULES)

## Show & Sale of **42 Females**

*comprising*

4 cows served and/or suckling

6 Heifers, Served

32 Heifers, Unserved

*followed by*

## Show & Sale of **69 Weaned Calves**

*comprising*

26 Bull Calves and 43 Heifer Calves

**Friday 13th December 2013**

Judging 8.30am

Sale 11.30am

\*\*\*\*\*

**Thursday 12th December 2013**

**LIMOUSIN YOUNG BREEDERS CALF SHOW**

Judging approx 6.30pm

*Auctioneers*

# **IMPORTANT NOTICE TO PROSPECTIVE PURCHASERS**

## **SETTLEMENT & CLEARANCE OF STOCK**

Please note that all lots must be settled  
on the day of purchase

---

Completion of a buyers slip is essential for parties  
who have not dealt with the company before

---

New customers and agents wishing to purchase on behalf  
of another party must contact the companys main office  
48 hours prior to a sale

---

No Lots can leave the market without a  
'pass slip' being issued by the main office

---

## **Purchasers From Outside The United Kingdom**

Invoices will be raised in pounds sterling.

We request that payment is made to us in pounds sterling  
by cheque/bankers draft on the day of sale.

Card facilities are available (2% surcharge on credit cards)

# HARRISON & HETHERINGTON

Farmstock Auctioneers, Brokers & Valuers

## IMPORTANT NOTICE TO PROSPECTIVE PURCHASERS

**ALL LOTS MUST BE SETTLED ON THE DAY OF PURCHASE**

Parties who have not dealt with the company before should complete the undernoted form and hand it in to the auctioneers' clerk when a purchase is made.

Alternatively it can be sent to the main office in advance of the sale.

*Please fold and detach along this perforation*

**BIO SECURITY RULES**  
**HARRISON & HETHERINGTON LIMITED, BORDERWAY MART, CARLISLE**  
**Notice to all Visitors and Traders**

**Please read and observe the following:**

- Excessive dirty vehicles will not be allowed entry, therefore ensure vehicle is clean before arrival.
- All vehicles transporting livestock will be subject to a documentation check before entry to market site.
- All visitors and traders must ensure they wear clean clothing and footwear before entering market site.
- All visitors and traders using car park areas please use main entrance.
- Hauliers and farmers delivering livestock must disinfect their boots before and after loading or unloading.
- Livestock purchased or unsold will not be allowed to move unless an authorised "pass slip" has been issued by the main office.
- No livestock will be allowed to remain on the premises after a sale.
- Only staff, livestock hauliers, owners or their agents are permitted to load or unload livestock.
- Wash hands thoroughly when leaving pennage areas.
- Please observe our staff's instructions at all times.

**Our on site Biosecurity Officer, Stuart Graham, will only be too pleased to give you assistance.**

## General Information & Sale Notes

**LOCATION:** The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1/4 mile of M6.

### Timetable of Events:-

<b>Thursday 12th December</b>	Arrival of Stock	12 noon - 3pm
	Inspection of Stock	1pm - 4pm
	YLBC Calf Show	approx 6.30pm
	Mart closes and gates are locked	10pm
<b>Friday 13th December</b>	Judging of Red Ladies & Weaned Calves	8.30am
	Sale	11.30am

**HOTELS:** There are many hotels within the area, ranging from four star to excellent Bed and Breakfast accommodation, a list of which may be found on page 16 of the catalogue.

**CONDITIONS OF SALE:** The British Limousin Cattle Society have adopted the Auction Rules and Conditions of Sale drawn up by the N.B.A. This Sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both available on request. In the event of any discrepancy between the two sets of conditions, the N.B.A. Conditions of Sale shall prevail.

**INSURANCE:** A representative of the Auctioneers Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

**METHOD OF SALE:** All cattle will be sold in guineas (105 pence) and strictly in catalogue order, unless any alteration is announced by the Auctioneers.

**COMMISSIONS:** The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

**REGISTRATIONS:** All stock in the Sale are registered with the British Limousin Cattle Society, Avenue Q, National Agricultural Centre, Stoneleigh, Kenilworth, Warwickshire CV8 2RA (Tel 02476 696500).

**PEDIGREE TRANSFERS:** Official Pedigree Transfers will be effected by the Auctioneers and the British Limousin Cattle Society as soon as possible after the Sale. Full Pedigrees will be transferred free of charge to all members.

**SEMEN ROYALTY SCHEME BULL REGISTER:** Purchasers are asked to note that where a female is catalogued as being served/inseminated by a "Semen Royalty" Sire the appropriate royalty will be payable by the purchaser prior to registration of the calf.

**SETTLEMENT AND CLEARANCE OF STOCK:** Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

**ANIMAL WELFARE:** Vendors and Purchasers should note the CODE OF PRACTICE published by the Livestock Auctioneers' Market Committee for England and Wales IS OPERATIVE IN BORDERWAY MART and that weakly, unhealthy or injured stock will be refused entry by the Auctioneers. Enquiries should be directed through the market office to the Auctioneers' ANIMAL HEALTH & WELFARE OFFICER (Mr Andrew Templeton).

## **Important Notice to Vendors**

**ARRIVAL OF STOCK** - As per timetable of events (page 6).

**PRE-SALE INSPECTION:** All animals entered for the sale must be available for inspection, as per the timetable of events. A Veterinary Officer will examine all animals forward for general health and genetic defects, particularly teeth, eyes, testicles and udders. Appointed Society Inspector will check general conformation, locomotion and breed characteristics and temperament. Any animal discovered with a genetic fault, disease or disorder will be **REJECTED**. Animals will be placed in a crush for this inspection - as required by the Veterinary Officer. The Veterinary inspection will form an integral part of the pre-sale inspection procedure.

Please note - "All animals are subject to a pre-sale inspection to provide a minimum standard and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not The British Limousin Cattle Society Ltd".

**EVERY ANIMAL** entered for the **RED LADIES DERBY SECTION**, **MUST BE ADEQUATELY TRAINED TO LEAD BY HALTER** and **MUST BE PARADED FOR INSPECTION** unless exempted by the Stewards, at the time and place to be notified. Evidence of faults of temperament, vices, etc., may lead to disqualification. All animals must be provided with a serviceable halter, which will become the property of the purchaser. **WEANED CALVES** can be shown unhaltered.

**TATTOO MARKS/UK TAGS** - All cattle entered for the Sale will have their tattoo marks/UK Tags examined as an integral part of the pre sale inspection procedure. Any marks found to have faulty, incorrect or illegible marks will be **REJECTED** from the Sale. Vendors are therefore urged, in their own best interests, to examine the tattoo marks of Sale cattle before the animal(s) leave their farm, so that faulty marks can be rectified in accordance with the required Society procedures.

The Sale will be held subject to the Auction Rules, Conditions of Sale and Special Regulations of the British Limousin Cattle Society.

The proceeds of sale are guaranteed by the Auctioneers, who will account to Vendors on the day of the Sale. Such guarantee, however, does not extend to the animals sold for export, to which special conditions apply.

**UPSET PRICES** - **RED LADIES DERBY** - There will be an 'Upset' price of 800 guineas on each female presented for sale - i.e. if no opening bid of 800gs is received for any particular lot, that lot will be passed out of the ring unsold. **WEANED CALVES** - there is no 'upset' price.

**RESERVE PRICES:** Vendors shall have the right to refuse to accept the final bid for their animals. The auctioneers reserve the right to charge half commission on the amount of the final bid in the case of animals which fail to reach the Vendors reserve price.

All animals will be sold in guineas (105 pence) and a commission of 5% will be charged by the Auctioneers on all sales. A further levy of 1 % will be charged and paid to the British Limousin Cattle Society. No animal may be sold privately before being passed through the auction ring and **FULL COMMISSION** will be charged on the sale of any animal sold by private treaty after the auction. All such transactions **MUST BE PASSED THROUGH THE AUCTIONEERS OFFICE**.

**PRIZE MONEY:** will be withheld unless the winners are sold, either by auction or private treaty.

**STRAW:** A limited amount of bedding straw will be provided by the Auctioneers free of charge. Additional straw, if required, may be purchased from the Auctioneers.

## THE BRITISH LIMOUSIN CATTLE SOCIETY

*Chief Executive: Iain Kerr*

Concorde House, 24 Warwick New Road,  
Leamington Spa, Warwickshire CV32 5JG

Tel: 02476 696500

Fax: 02476 696716

### IT IS ESSENTIAL THAT THE FOLLOWING DOCUMENTS ACCOMPANY ANIMALS TO THE SALE PREMISES

and are handed to the Auctioneers upon the arrival to the market.

### DECLARATION FORM CATTLE PASSPORT, CID / CCD, CTS

**ANY ANIMAL NOT IN POSSESSION OF THE REQUIRED  
DOCUMENTS WILL NOT BE OFFERED FOR SALE.**

**PLEASE NOTE IT IS ILLEGAL TO MOVE ANY ANIMAL  
WITHOUT THEIR RESPECTIVE PASSPORT DOCUMENTATION**

#### IMPORTANT NOTICE TO PURCHASERS

IMPORTANT NOTICE TO PURCHASERS	
1	This Sale is held subject to recommended Conditions of Sale of the National Beef Association.
2	This Sale is held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beef Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for pedigree cattle breeders, The Committee of the NBA have agreed that the following levy to be charged between the vendor and purchaser as follows – Bull Warranty - £3 to the vendor and £3 to the purchaser, Female Warranty - £2 to the vendor and £2 to the purchaser, Each amount will be plus VAT and be charged to the relevant vendor and purchaser accounts.

## ***Schedule of Classes***

**Judge:** Mr Mark Phillips

Mains of Minnydow, Springholm, Castle Douglas, Kirkcudbrightshire

**Stewards:** Steadman & Judy Dodd

<b>Class</b>		<b>1st</b>	<b>2nd</b>	<b>3rd</b>
1	Cow served and/or suckling	£ 10	£5	£5
2	Heifer born between 10/07/10 and 31/10/11	£ 10	£5	£5
3	Heifer born between 01/11/11 and 14/01/12	£ 10	£5	£5
4	Heifer born between 15/01/12 and 30/04/12	£ 10	£5	£5
5	Heifer born between 01/05/12 and 31/07/12	£ 10	£5	£5
6	Heifer born between 01/08/12 and 31/12/12	£ 10	£5	£5
7	Weaned Bull Calf	£ 10	£5	£5
8	Weaned Heifer Calf	£ 10	£5	£5

## ***Championships***

**CHAMPION FEMALE** (Best animal in Classes 1-6 incl.)

Harrison & Hetherington Ltd, Auctioneers Trophy

£50 Cash Prize, Auctioneers Sash and Special Rosette

**RESERVE CHAMPION FEMALE**

£25 Cash Prize and Special Rosette

**SID BOWE PERPETUAL CHALLENGE TROPHY**

will be awarded to the Best Maiden Heifer

**INGHAMS NITROVIT CUP**

will be awarded to the highest placed animal

from a member of NWLCBA

(presented to the member who is resident in the North West Area)

**SPECIAL REGIONAL CLUB TEAM COMPETITION**

Winning Team will be awarded £100 Cash Prize

The winning Jockeys (leaders) will be awarded

an Engraved Glass Tankard

2nd Prize Team - £75 Cash Prize

3rd Prize Team - £50 Cash Prize

# A User's Guide to Estimated Breeding Values

## Contents

1. Estimated Breeding Values (EBVs)
2. How are EBVs Calculated?
3. Breeding Indexes
4. Accuracy
5. EBV Indexes
6. 200 Day Milk
7. How to Use EBVs and Indexes
8. Understanding Sale Cards and Catalogues
9. EBVs and Pedigrees Just a Click Away
10. Further Information

## 1. Estimated Breeding Values

Many factors influence the appearance and performance of a bull, so selecting 'by eye' alone can be misleading. The only accurate way of assessing the genetic potential of an animal (i.e. what it can pass on to its calves) is by using Estimated Breeding Values (EBV's) and Indexes. These are produced by Signet using a system known as BLUP (Best Linear Unbiased Predictor) and are calculated from animals' individual performance records as well as those of all their known relatives, where the effects of the environment (feeding, management, disease, climate etc) are sifted out to leave an estimate of the genetic value for each trait, as follows...

EBV	What Does the EBV Indicate?	Look for...
<b>Birth Weight (kg)</b>	Genetic potential for calf weight at birth	<b>High negative EBVs</b> if you want low calf birth weights
<b>Calving Ease (%)</b>	Ease with which a bull's progeny will be born	<b>High positive EBVs</b> if you want less assisted calvings
<b>Maternal Calving Ease (%)</b>	Ease with which a bull's daughters will calve	<b>High positive EBVs</b> if you want less assisted calvings
<b>Gestation Length (days)</b>	Genetic potential for gestation length	<b>High negative EBVs</b> if you want short gestation lengths
<b>200 Day Milk (kg)</b>	The maternal component of 200 day growth (i.e. the contribution that the milking and maternal abilities of a bull's daughters make towards their calves' growth at 200 days of age)	<b>High positive EBVs</b> if you want daughters to wean heavier calves
<b>200 Day Weight (kg)</b>	Genetic potential for growth from birth to 200 days of age	<b>High positive EBVs</b> if you want high growth rates to weaning
<b>400 Day Weight (kg)</b>	Genetic potential for growth from birth to 400 days of age	<b>High positive EBVs</b> if you want high growth rates to finishing
<b>Muscle Depth (mm)</b>	Genetic potential for muscularity and potential to increase lean meat yield	<b>High positive EBVs</b> if you want good calf conformation
<b>Fat Depth (mm)</b>	Genetic potential for leaner carcasses	<b>High negative EBVs</b> if you want to produce leaner carcasses or take calves to heavier weights without penalty for fatness
<b>Age at 1<sup>st</sup> Calving (%)</b>	Genetic potential for early sexual maturity	<b>High negative EBVs</b> for a greater proportion of heifers that hold to 1 <sup>st</sup> service

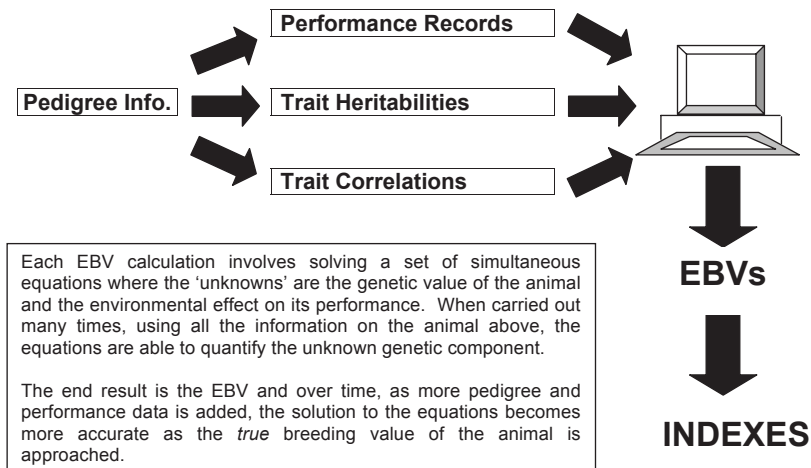

<b>Longevity (years)</b>	Genetic potential for long life in the breeding herd	<b>High positive values</b> for animals likely to remain in the herd for longer
<b>Calving Interval (days)</b>	Genetic potential for the time taken to get back in calf	<b>High negative values</b> to breed cows that get back in calf quickly
<b>Dolcility (%)</b>	Genetic potential for being calm when handled	<b>High positive values</b> for animals that are likely to be more calm when handled
<b>Scrotal Circumference (cm)</b>	Genetic potential for scrotal size. Linked to male serving capacity and puberty of daughters.	<b>High positive values</b> for animals with higher likely serving capacity and earlier maturing daughters.

## 2. HOW ARE EBVs CALCULATED?

EBVs are calculated using information from several sources:

- ☐ Measurements from the animal itself
- ☐ Measurements from the animal's herd mates (known as 'contemporaries' \*)
- ☐ Measurements from the animal's relatives and their contemporaries
- ☐ The degree to which one trait influences another (known as a 'correlation' \*)
- ☐ The degree to which each trait is passed on to the next generation (known as 'heritability' \*)

\* Terms explained below

### Heritability and Correlations

#### Heritability

This is a term used to describe the strength with which traits are inherited and it varies depending on the trait in question. Generally:

- ☐ Traits associated with reproduction and survival have low heritabilities
- ☐ Milk production and early body size have medium heritabilities

- Later growth and carcass traits (i.e. fat and muscle) have relatively high heritabilities

Where traits with relatively good heritability are concerned, when something is known of the performance of one or both parents, then a prediction can be made as to how the offspring will perform and BLUP uses this 'knowledge' to enhance the accuracy of its EBV calculations.

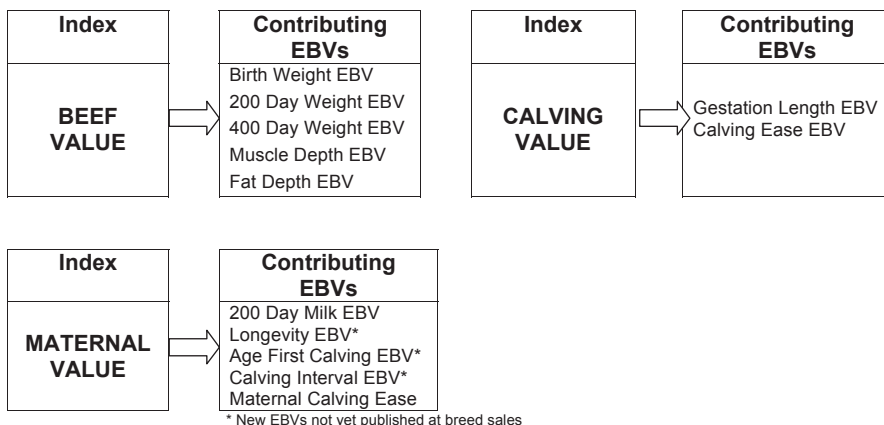

### Correlations

This term describes the direction and strength of the association between two traits. For example, some traits are highly positively correlated, such as 200-Day Growth and 400-Day Growth, whilst others are highly negatively correlated, such as 400-Day Growth and Calving Ease. When something is known of one trait but perhaps not another, a prediction can be made based on what is known about the correlation between them. This again enhances the accuracy of the EBV in question and helps deal with situations where records for a trait are limited or unavailable.

## 3. BREEDING INDEXES

It is often desirable to select animals on the basis of more than one EBV. Indexes focus on specific breeding goals and combine the appropriate EBVs in to a single figure based on their relative economic value. This is widely regarded as the most efficient method of selecting on a number of traits at once.

Signet currently produces three beef Indexes, as follows:

**When using an Index it is important that your breeding objective is broadly similar to that of the Index in question, otherwise you may unwittingly change aspects of your herd that you did not necessarily want to.**

## 4. ACCURACY

An Accuracy Value is published next to every EBV and Index. Accuracy Values are expressed as a % and indicates the quantity and quality of records used to produce the EBV or Index.

Several things affect the accuracy of an EBV or Index, namely:

- The amount of information on the trait from the animal itself
- The amount of information on the trait from relatives of the animal

- The heritability of the trait concerned
- The amount of information from the animal and its relatives on traits correlated with the trait of interest and the strength of the correlations which vary between different traits.
- The number of herd mates from the same management group recorded ('contemporaries').

### Scaling for Low Accuracy

An important feature of BLUP EBVs is that they are scaled to account for the amount of performance information on which they are based. EBVs based on very little information get adjusted towards the average EBV and this adjustment applies to both high and low EBVs.

This prevents animals gaining very high or very low EBVs as a result of a few very good or very poor records and is designed to protect the user from risk. The more information available on an animal and its relatives, the less the EBVs are adjusted.

**Accuracy Values indicate how similar an animals' EBVs are to its true breeding value. They predict the likelihood that an animals EBVs will change over time**

## 5. EBV INDEXES

To aid interpretation at breed sales, all Limousin EBVs are presented in index form based around an average of 100 with an approximate range of 70 to 130. For example:

	Calving Value	200 Day Milk (kg)	200 Day weight (kg)	400 Day weight (kg)	Muscle Depth (mm)	Fat Depth (mm)	Beef Value
EBV	LM -4C	-1	+25	+34	+3.40	-0.20	LM +23
Accuracy %	85	54	75	73	68	66	73
Index	77	98	112	106	111	111	108

Below average                      Above average

## 6. MATERNAL EBVs

Many commercial and pedigree producers are breeding their own female replacements and need to identify bulls with superior maternal attributes.

### 200 Day Milk EBV

One of the most important maternal EBVs is the 200 Day Milk EBV – indicating the degree to which 200 day milk is influenced by maternal performance – e.g. milkiness and general mothering ability.

As well as predicting breeding potential for growth to 200 day of age, the 200 day weight can be used to assess an animals breeding potential for milking ability.

Consider the performance of the grand-offspring of a bull. The weights of all of his grandprogeny are influenced by his growth genes, but only those produced by his daughters are affected by his genes for milk.

If the grandprogeny produced by his daughters are constantly heavier than those produced by his sons, then this is likely to be due to his superior genes for milk production.

#### Interpretation

A bull with an EBV of +4 for 200-Day Milk is expected to produce heifer calves which will have above average maternal characteristics leading to their calves being 2kg heavier at 200-days than calves from heifers sired by a bull with an EBV of 0.

### Maternal Calving Ease

This EBV predicts how easily a bull's daughters will calve. It should not be confused with the Calving Ease EBV which predicts how easily a bull's progeny will be born.

The Maternal Calving Ease EBV is calculated from calving records and is expressed as a % indicating the proportion of unassisted calvings.

#### Interpretation

A bull with a Maternal Calving Ease EBV of 2% will produce females that have 1% more unassisted calvings than a bull with an EBV of 0.

**EBVs are also produced for:** Longevity, Age at First Calving and Calving Interval but these are not yet published at breed sales.

## 7. How to Use EBVs and Indexes

EBVs are expressed in the same unit as the recorded trait (e.g. kg for 400-Day Weight, mm for Muscle Depth etc) and are relative to a Breed Benchmark, which is updated and published annually.

### Limousin Breed Benchmark 2013

Trait	BOTTOM			AVERAGE	TOP		
	1%	10%	25%		25%	10%	1%
Gestation Length (days)	3.7	1.9	1.2	<b>0.5</b>	-0.2	-1.0	-2.6
Calving Ease (%)	-8.4	-4.7	-3.3	<b>-2.3</b>	-1.1	-0.3	1.0
Maternal Calving Ease	-1.0	-0.2	0.2	<b>0.6</b>	1.0	1.2	1.7
Birth Weight (kg)	3.4	2.4	1.9	<b>1.3</b>	0.9	0.4	-0.4
<b>Calving Value</b>	<b>LM-4C</b>	<b>LM-2C</b>	<b>LM-1C</b>	<b>LM0C</b>	<b>LM1C</b>	<b>LM2C</b>	<b>LM4C</b>
200-Day Milk (kg)	-6	-3	-2	<b>-1</b>	1	2	5
200-Day Weight (kg)	-4	6	12	<b>17</b>	25	32	45
400-Day Weight (kg)	-4	13	22	<b>30</b>	43	55	77
Muscle Depth (mm)	-0.7	0.6	1.2	<b>2.1</b>	3.1	4.1	6.0
Fat Depth (mm)	0.4	0.1	0.0	<b>-0.1</b>	-0.2	-0.3	-0.6
<b>Beef Value</b>	<b>LM6</b>	<b>LM13</b>	<b>LM16</b>	<b>LM20</b>	<b>LM26</b>	<b>LM31</b>	<b>LM41</b>
Maternal Value	LM-21V	LM-9V	LM-3V	<b>LM4V</b>	LM9V	LM16V	LM28V

**When using EBVs it is important to remember that although they can be compared between herds, they can not be compared between breeds.**

Using the Breed Benchmark, compare and contrast the EBVs and Indexes of the two young bulls below.

### Bull A

Analysis Date	Calving Value	200 Day Milk (kg)	200 Growth (kg)	400 Growth (kg)	Muscle Depth (mm)	Fat Depth (mm)	Beef Value
24/10/2008	LM1C	4	28	42	4.1	-0.1	LM27
EBV							
Accuracy %	57	42	72	69	69	62	63
Index	100	120	122	117	128	103	120

100 day wt	200 day wt	300 day wt	400 day wt	500 day wt	Scanned
118	253	378	556	710	Yes

### Bull B

Analysis Date	Calving Value	200 Day Milk (kg)	200 Growth (kg)	400 Growth (kg)	Muscle Depth (mm)	Fat Depth (mm)	Beef Value
24/10/2008	LM4C	-5	30	52	2.0	0.3	LM25
EBV							
Accuracy %	59	43	73	68	66	60	64
Index	120	86	124	125	107	76	116

100 day wt	200 day wt	300 day wt	400 day wt	500 day wt	Scanned
126	256	385	568	755	Yes

- ☐ Each bull has been fully weight recorded (i.e. they both have a complete set of 100-day adjusted weights), scanned (the box says 'Yes') and possesses satisfactory accuracy figures, given their age.
- ☐ Both bulls have EBVs for growth and carcase traits that are above the breed average, but in several ways their characteristics differ:
  - > Bull A has a higher Muscle Depth EBV
  - > Bull B has the highest EBVs for growth rate (weight) EBVs
  - > Bull A has a 200-Day Milk EBV in the Top10% of the breed
  - > Bull B has a Calving Value in the Top 10% of the breed

Bull A would be the most suitable out of the two for a unit where conformation takes high priority. The high 200-Day Milk Weight EBV would also make it suitable for herds where female replacements are retained for breeding.

The high Calving Value of Bull B indicates that it would be more suitable for mating to heifers. It could also be used in herds where a priority is to improve growth.

### Remember

When trying to establish just how much influence a bull will pass on to his progeny it is important to remember to halve the value of the EBV, since the other half of a calf's genes comes from the cow.

For example, a bull with a 400-Day Growth (weight) EBV of +62 is estimated to have the genetic potential to be 62kg heavier at 400 days of age compared to a bull with an EBV of 0.

Based on their sire's genetics, his calves would be expected to be 31kg heavier at that age when compared to calves by a bull with an EBV of 0, since they only inherit half of their growth genes from their sire (the other half coming from their dam).

## 8. UNDERSTANDING SALE CARDS AND CATALOGUES

### Estimated Breeding Values on Sale Cards

EBVs and Indexes are produced on sale cards as shown below:

Bars that lie to the right of the central line indicate the EBV/Index is above breed average (and the further it is to the right, the higher above breed average it is). Similarly, bars to the left of the central line indicate the EBV/Index is below breed average (and the further to the left it is, the further below average it is).

In sale catalogues, the same figures are produced in table format similar to the examples of Bull A and Bull B above. The EBV Index (bottom line) will quickly indicate where values lie in relation to the breed average. The Breed Benchmark printed in the front pages of the catalogue will allow further refinement of this.

## 9. EBV and PEDIGREE INFORMATION JUST A CLICK AWAY

EBV and pedigree information on all Limousin cattle are just a few internet clicks away...

**Step 1:** Click the 'Basco Online Herd Book' button on the Limousin Society homepage ([www.limousin.co.uk](http://www.limousin.co.uk))

**Step 2:** In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its EBVs, its pedigree and list its progeny with full links to all of their information.

## 10. FURTHER INFORMATION

For further information, please contact Alison Glasgow, British Limousin Cattle Society on telephone 01721 730664, e-mail [alison@limousin.co.uk](mailto:alison@limousin.co.uk) or visit the BLCS web site [www.limousin.co.uk](http://www.limousin.co.uk)

## **HERD HEALTH AT BRITISH LIMOUSIN CATTLE SOCIETY (BLCS) COLLECTIVE SALES**

### **Introduction**

Following the cash-back Herd Health Initiative introduced by the Society in 2005, a second major health step saw the introduction of Herd Health Declarations at BLCS Collective Sales from 2007.

New herd health rules were introduced by the BLCS at nominated premier Collective Society Sales from May 2011 and these are now in place at all premier BLCS Collective Sales (Stirling February & October; Carlisle February, May, October & December; Brecon May & November).

The principal aim is to standardise herd health declarations and information presented in order to provide both members and customers alike with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

### **BLCS Herd Health Rules have two principal elements:**

Part 1. From 1st May 2011, herds selling at the premier Collective Society Sales have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme. At a minimum, this must include a whole herd test for Johnne's disease.

Part 2. From 1st May 2011, all animals male and female, including calves at foot, presented at the premier Collective Society Sales be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. All animals forward will be required to be BVD vaccinated prior to sale with an approved vaccine. Pregnant animals must have had testing and vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

### **Herd Health Declaration**

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions regarding for example: TB status; membership of CHeCS ([www.checs.co.uk](http://www.checs.co.uk)) health schemes (Advance Cattle Health Scheme, AFBI Cattle Health Scheme, Herdsure Cattle Health Improvement Service, HiHealth Herdcare, NML Herdwise, Premium Cattle Health Scheme, Shetland Animal Health Scheme) and Johnne's, BVD, IBR and Lepto status. This form is shown here.

A condensed version of the Herd Health Declaration information appears in the Vendors' Index at the front of the respective sale catalogue.

### **Is the Herd Health Declaration compulsory?**

For premier collective sales (Carlisle February, May, October & December; Stirling February & October; Brecon May & November) the Herd Health Declaration is compulsory. For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

Although not compulsory at other collective sales (Ballymena, Dungannon, Thainstone & Stirling in May), the Society recommends that vendors complete the Herd Health Declaration. This information then appears in the Vendors' Index within the catalogue. Where a member has chosen not to complete the Herd Health Declaration, it will simply say 'No Herd Health Declaration'.

**What Other Health Information may be displayed?**

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johnne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

Again, for reasons of practicality, no health information notes are to be put in the catalogue footnotes by vendors. Similarly, the Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

**Introduction of Johnne's Risk Levels from 1<sup>st</sup> January 2013**

From 1<sup>st</sup> January 2013, CHeCS, the self-regulatory body for cattle health schemes in the UK and Ireland, has agreed a change to Johnne's testing with herds classified on a Risk Level basis of 1 to 5 (with 1 being low risk and 5 high risk). **Please note that the new Risk Levels only apply to herds that have completed a whole herd test for Johnne's under the new classification (which could be any time until 31st December 2013).** In due course, a new version of the Herd Health Declaration will include a section where breeders will be able to indicate their Johnne's Risk Level, once known.

The Risk Levels are as follows:

Risk Level 1	herds that were previously Accredited
Risk Level 2	herds that have had 1 or more clear qualifying tests
Risk Level 3	herds that have 3% or fewer reactors every year*
Risk Level 4	herds that have more than 3% reactors every year**
Risk Level 5	herds not in a CHeCS Johnne's disease programme and herds with no health plan in place

\* Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 3 will be one animal testing positive for Johnne's

\*\* Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 4 will be more than one animal testing positive for Johnne's

Should you have any queries regarding the new Johnne's Risk Level classification, please contact your respective CHeCS health scheme.

**What if a vendor is selling an animal/s that he did not breed?**

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are advised to speak to vendors directly to acquire accurate health information on animals offered but not bred by the seller.

**Feedback & more information**

The Society welcomes members' and customers' feedback on the Herd Health Declarations and health policy at sales. If you have further questions, please speak to the Society representatives, Iain Kerr & Richard Saunders, or the Auctioneers.

## Vendors' Index & Herd Health Summary Carlisle February 2013

The Vendors' Index includes a condensed version of the Herd Health information submitted at point of entry by the vendor. For further information, please see Explanatory Notes & copy of Herd Health Declaration form also included in the catalogue.

### **Alford, Mr & Mrs M** **FOXHILLFARM** **43, 44, 45, 99, 100, 101**

Foxhill Farm, Blackborough, Cullompton, Devon, EX15 2HU (01884 849369)

- Currently on a 1 year TB testing interval
- Member of a CHeCS controlled health scheme for Johnes & BVD
- Accredited free for Johnes
- Routinely vaccinating against BVD

### **Barron, W** **BARRONS** **53, 54, 107, 108**

Morrow Edge Farm, Burnhope, Co Durham, DH7 0DS (01207 529 950)

- Currently on a 4 year TB testing interval
- Member of a CHeCS controlled health scheme for Johnes, BVD, IBR & Lepto
- Accredited free for Lepto & BVD
- Johnes Risk Level 2

### **Bassingfield Limousin Ltd** **BASSINGFIELD** **5, 7, 14**

Holme Farm, Bassingfield Lane, Gamston, Nottingham, NG2 6NJ (0115 9820718)

- Currently on a 1 year TB testing interval
- Member of a CHeCS controlled health scheme for Johnes, BVD, IBR & Lepto

### **Bird, W** **BIRDIES** **19, 48, 49, 50, 86, 87, 88, 89, 90**

Oldgate Farm, Oldgate Lane, Barkston Ash, Tadcaster, N Yorkshire, LS24 9TS

- Currently on a 4 year TB testing interval
- Member of a CHeCS controlled health scheme for Johnes, BVD, IBR & Lepto
- Accredited free for BVD, IBR & Lepto
- Johnes Risk Level 1

### **Bloom, JCG & Son** **SCORBORO** **66, 67**

Decoy Farm, Scorborough, Drifffield, East Yorkshire YO25 9BB (01964 550756)

- Currently on a 4 year TB testing interval
- Member of a CHeCS controlled health scheme for Johnes, BVD, IBR & Lepto
- Accredited free for Johnes & BVD

### **Bowe, S** **WIGGONBY** **104, 105, 106**

Midtown Farm, Wiggonby, Wigton, Cumbria CA7 0JR (01697 342198)

- Currently on a 4 year TB testing interval
- Member of a CHeCS controlled health scheme for Johnes & BVD

**RONICK HONEY** is an exceptional heifer, she has outstanding breed character and femininity. In the Scottish herd competition 2013 she won the best heifer born in 2012 section. She has also been successfully shown at the summer shows. In addition to being unbeaten in her class, including the Royal Highland Show, she has also won many Interbreed Championships at local shows. In the family's opinion she is one of the best heifers ever bred at Ronick and gives buyers a rare opportunity to buy an outstanding heifer. *See photo on page 55.*

gd. RONICK UTWO DY03-656

**RONICK HONEY** is an exceptional heifer, she has outstanding breed character and femininity. In the Scottish herd competition 2013 she won the best heifer born in 2012 section. She has also been successfully shown at the summer shows. In addition to being unbeaten in her class, including the Royal Highland Show, she has also won many Interbreed Championships at local shows. In the family's opinion she is one of the best heifers ever bred at Ronick and gives buyers a rare opportunity to buy an outstanding heifer.

## Alphabetical Bull Index

(All bulls marked \* in the pedigrees are included in the reference)

**AMPERTAINE COMMANDER (MGO07-046)** sire – Glenrock Ventura, dam – Ampertaine Annabella (by Sympa). Commander was Champion Carlisle May 2009 (joint top price). Carries extreme muscle (eye muscle depth 104mm). Judged Best Bull and Progeny North East Club Herd Competition (by Roger Hazard, Mereside herd). Progeny includes Barrons Fantastic 7,800gns Carlisle Weaned Calf Sale Dec 2010. Culnagechan Falcon 48,000gns Carlisle May 2012. Sarkley Galisa 4,000gns Sarkley Sale Oct 2012. Two calves shown locally, one Champion, one reserve Champion. Calves shown Tullamore National Show, Ardlea Coillte All Ireland 2010 born heifer calf. Newtown Gentleman All Ireland 2011 born bull calf and he went on to win Junior Male Champion. Commander is easy calving, ideal for heifers. Other progeny includes Barrons Harness 6,000gns Weaned Calf sale Carlisle Dec 2012. Goldies Imagination 12,000gns Carlisle May 2013.

**ANGIEAN EPSOM (GFM09- 083)** sire – Normande Austin, Dam – Archena Uro (by Jockey)

**ATTIRANT (23-06-751-274)** sire – Usty, dam – Superbe (by Mas Du Clo). Won best stock bull at the 2011 National Herd Competition. He produces calves with exceptional width through the back, hips and pins. Progeny includes Garnead Fantastic 10,000gns Carlisle Oct 2011. Netherhall Goliath 17,000gns and Garnead Ferrari 10,000gns Carlisle May 2012. Garnead Grant 12,000gns Carlisle Oct 2012. Carmorn Gaga 7,200gns Red Ladies Derby Carlisle Dec 2012. Dolcorsllwyn Greta 5,800gns Carlisle Feb 2013

**BAHUT (87-53-841-575)** sire – Uruguay, dam – Norvegienn (by Hatelet). Espoir Champion French National Show 2010 & Muscle Champion, Brive Show 2010. Breeding exceptionally square progeny.

**BROADMEADOWS CANNON (CAVC-031)** - Cannon is the most prolific Limousin bull in the history of the British Limousin Cattle Society. His sire Broadmeadows VIP was a first prize winner at the Royal Show and his dam Broadmeadows Ainsie won the individual interbreed at the Royal Show in 1991. Cannon was initially sold at the October 1988 Carlisle sale for 8000gns and was purchased privately by David Dick in 1990. Innumerable pedigree and commercial progeny and grand progeny have won some of the very highest UK show honours and have sold consistently well to feature prices at Society sales. Some feature achievements include; Sire of Ryedale Orion, Interbreed Junior Champion at the 1999 RHS, RASE, RWS and Gt. Yorks, sold for 10, 500 Carlisle April 2002; Woodhouse Rufus Perth Feb 2002 8000gns; Woodhouse Reg Perth Feb 2002 8500gns; Rombalds Rebel Carlisle March 2002 10,500gns; Eden Romeo Carlisle May 2002 10,500gns; Ronick Respect Carlisle May 2002 9000gns; Sundale Renaissance Carlisle May 2002 8200gns; Ronick Raider 6800gns Perth Oct 2002. Carlisle May 2003 – Sarkley Sebastian 23,000gns and Gunnerfleet Stalone – 10,000gns. 1996 – Sired Windsole Julia, a heifer, the RHAS Supreme Champion 1999- Millbrook Lancelot, a Cannon son won the RASE Supreme Championship and was part of the RASE Burke Trophy winning pair. 2000 – Millbrook Lancelot wins the RHAS Championship, the individual interbreed championship and is part of the interbreed winning team of four.

2000 – Laverock Nimrod, a Cannon son, wins the RASE Championship

2000 – Ronick One wins the RHAS Marks and Spencer Young Bull Championship

2000 – Aftershock, a Cannon son, wins the Scottish Winter Fair supreme championship

Cannon sons standing at A.I. include Ronick Hawk, Redpaths Jaguar, Hartside Jacko and Broadmeadows Lydo. At Ronick Production Sale Nov 2004 Ronick Neat – 6000gns, Ronick Nabrielle – 5,800gns, Ronick Rita – 5,000gns. Carlisle Feb 2006 – Heathmount Versatile 7,800gns. Derriaghy Enfield 22,000gns Carlisle Oct 2010. Gunnerfleet Eros 24,000gns Carlisle Feb 2011.

**CLARAGH FRANCO (RJT10-013)** sire – Wilodge Vantastic, dam – Haltcliffe Avon (by Sympa). Junior Champion, Carlisle May 2011 sold for 24,000gns. Progeny includes Norman Halo 8,800gns, Norman Hilary 7,500gns & Norman Helen 5,500gns Carlisle June 2013.

**CLOUGHHEAD UMPIRE (HCX03-221)** sire – Petunia, dam - Gascogne (by Espagnol). Umpire was purchased for 42,000gns Feb 2005 to join the Haltcliffe herd. **HEALTH AND SAFETY RULES  
HARRISON & HETHERINGTON LIMITED  
NOTICE TO ALL VISITORS AND TRADERS  
PLEASE READ AND OBSERVE THE FOLLOWING**

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

**AUCTIONEER'S TERMS & CONDITIONS OF SALE**  
(Incorporating the Auctioneer's Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
