1. Birth Type

'Got by AI' indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. 'Natural calf' indicates the calf was born to its biological dam. 'ET calf' indicates the calf was born as a result of embryo transplant.

2. Myostatin

"Not tested" indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website www.limousin.co.uk, search in 'performance programmes'.

In summary:

The Variants:

F94L	Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with no associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.
NT821	Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are 'heterozygous' with F94L (ie F94L/nt821) they will still exhibit quality carcass characteristics but are less likely to be affected by more difficult calvings.
Q204X	Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are 'heterozygous' with F94L (ie F94L/Q204X) will still exhibit quality carcass characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

The recognised benefits of Myostatin are:

- ✓ **Increased Meat Yield** – by up to 19%.
- ✓ **More feed efficient**
- ✓ **Higher meat quality** – increased tenderness, reduced fat content, higher polyunsaturated fats

Using Myostatin information

An important factor to remember is that carcase traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

3. Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene), the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

4. Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to www.limousin.co.uk, search in 'performance programmes' or scan the QR code above.

5. Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

- a. In sale catalogues, Breed Average for each trait is represented by the vertical line that is central on the bar chart...
 - ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
 - ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.
- b. Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time.
- c. The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to www.limousin.co.uk and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to www.taurusdata.co.uk

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

6. Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

HERD HEALTH AT BRITISH LIMOUSIN CATTLE SOCIETY (BLCS) COLLECTIVE SALES

Introduction

Herd health rules were introduced by the BLCS at nominated premier Collective Society Sales and these are now in place at all premier BLCS Collective Sales (Stirling February & October; Carlisle February, May, October & December; Brecon May & November).

The principal aim is to standardise herd health declarations and information presented in order to provide both members and customers alike with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

BLCS Herd Health Rules have two principal elements:

Part 1. Herds selling at the premier Collective Society Sales have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme. At a minimum, this must include a whole herd test for Johne's disease.

Part 2. All animals male and female, including calves at foot, presented at the premier Collective Society Sales be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. All animals forward will be required to be BVD vaccinated prior to sale with an approved vaccine. Pregnant animals must have had testing and vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

Herd Health Declaration

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions regarding for example: TB status; membership of CHeCS (www.checs.co.uk) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johne's, BVD, IBR and Lepto status. On line entries also require the Herd Health Declaration form to be completed.

Is the Herd Health Declaration compulsory?

The Herd Health Declaration is compulsory at all Premier Collective Sales. For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

Although not compulsory at other collective sales (Newark in April & Ballymena, Dungannon, Thainstone & Stirling in May), the Society recommends that vendors complete the Herd Health Declaration. This information then appears in the Vendors' Index within the catalogue. Where a member has chosen not to complete the Herd Health Declaration, it will simply say 'No Herd Health Declaration'.

What Other Health Information may be displayed?

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

Again, for reasons of practicality, no health information notes are to be put in the catalogue footnotes by vendors. Similarly, the Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

Johne's Risk Levels

The Herd Health Declaration includes a section where breeders are able to indicate their Johne's Risk Level, once known.

The Risk Levels are as follows:

Risk Level 1	herds that were previously Accredited
Risk Level 2	herds that have had 1 or more clear qualifying tests
Risk Level 3	herds that have 3% or fewer reactors every year*
Risk Level 4	herds that have more than 3% reactors every year**
Risk Level 5	herds not in a CHeCS Johne's disease programme, herds with no health plan in place and herds that are not carrying out the required testing

* Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 3 will be one animal testing positive for Johne's

** Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 4 will be more than one animal testing positive for Johne's

It is a condition of BLCS Premier Collective Sales that animals from herds that are Johnes Risk Level 5 are not permitted to be sold.

Should you have any queries regarding the new Johne's Risk Level classification, please contact your respective CHeCS health scheme.

What if a vendor is selling an animal/s that he did not breed?

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are advised to speak to vendors directly to acquire accurate health information on animals offered but not bred by the seller.

Feedback & more information

The Society welcomes members' and customers' feedback on the Herd Health Declarations and health policy at sales. If you have further questions, please speak to the Society representative, Iain Kerr or the Auctioneers.

CONDITIONS OF SHOW OR SALE

1. Each item must be bona fide the property of the exhibitor.
2. The highest bidder to be the buyer, and if any dispute arises between the bidders, the decision of the Auctioneer shall be Final, or at his discretion the lot in dispute shall immediately be put up again and re-sold. The Auctioneer reserves the right of refusing the bid of any person and regulates the bidding, and no bidding is to be retracted.
3. The purchasers to give their names and places of abode in writing and pay the full purchase money for each lot at the fall of the hammer (if required); in default of which the lot or lots so purchased may immediately be put up again and re-sold.
4. No lot or lots shall be removed from the premises before the sale, or till paid for, but each and every lot shall, immediately at the fall of the hammer, be considered as delivered, and be and remain in every respect at the absolute risk of the respective purchasers thereof, and shall be removed from the place of sale at the purchaser's expense.
5. If any purchaser shall fail to comply with the above conditions, or any part of them, the Auctioneers shall be at liberty either to recover in full the amount of the lot or lots bought by such purchaser, without reference to any delivery or acceptance of the lots or lots other than first delivery by the fall of the hammer, or to re-sell any lot or lots bought by the purchasers, either by public or private sale; and the full amount of the purchase money at the present sale, or the deficiency (if any) arising from such second sale, shall be made good by the defaulter at the present sale, and be recoverable as and for liquidated damages.
6. No money will be paid to the proprietor for any lot sold, unless the account be cleared by the purchaser and the Auctioneers will not be answerable for any deficiency that may arise on the re-sale of any uncleared property.
7. Animals are present on the sole responsibility of owners, whose duty it is to keep each exhibit under proper control at all times, whether in pen or in show or sale rings, or in transit within the centre. Neither the Auctioneers, the organisers nor the Sponsors, nor any of their officials or employees will be liable for damage or injury caused by any animal's behaviour, including overnight.
8. Purchasers are to understand that, although every reasonable precaution will be taken to ensure the safety and welfare of the animals exhibited, the Auctioneers will not be responsible for loss, or accidents of any kind, that may occur. Nor will the Auctioneers or vendors be accountable for any accident that may occur to any person attending the sale, whether as a visitor. or in any other capacity.
9. The pedigree, history and description of each animal is guaranteed by the owner, and no liability whatsoever is undertaken by the Auctioneers for the statements in the catalogue or announcements made at time of sale. The vendor who supplies such statements is alone responsible.
10. No undertaking of the Auctioneers or vendors or their servants to take charge of the lots or animals for sale, or to forward them to their destination. shall be held to impose any legal obligation or vitiate any of the foregoing conditions.
11. Any Medical Treatment to any animals must be advised by the Auctioneer for announcement at time of sale. The presence of any chemical or pharmaceutical substance in or on an animal or in its milk during the withdrawal period may render its sale void.
12. Should any question arise not provided for in the forgoing conditions, the decision of the Auctioneers shall be final, from which there shall be no appeal.
13. Neither the Auctioneers nor the sponsors incur liability for the return of Auction Fees where a claim IS made for return of purchase price of any lot sold at the sale.
14. The sale will be conducted in Guineas. Purchasers will pay VAT on Fees.
15. After Sale release of livestock or goods is by Pass Out issued by the Sale Office. This also includes unsold lots.
16. Each and every lot must be presented for sale in the auction ring in catalogue or numerical order. No Sale may be contemplated before such presentation. Lots not sold in the auction or present for demonstration purposes and subsequently sold privately on the premises must be recorded through the auctioneer's office and are subject to commission.
17. No electrical device may be connected to any socket in the show or sale premises unless it is fitted with an approved circuit breaking control. All equipment must be in up to date state of safety. Note. Sockets on sale rostrum are not suitable for blow driers.
18. Neither the Auctioneers, the Organisers, nor the Sponsors shall incur any liability for loss or inconvenience arising from postponement or cancellation of the event.

NOTE.

No animal is considered to be delivered to the Show and Sale until placed in the pen or place of tying allotted. Access doors will permit vehicles and trailers to enter the building for loading or unloading. Delivery to purchaser will also be effected when the purchaser removes the animal from the pen, or otherwise takes charges of the animal. Under no circumstances may any animal be taken out of the building for loading. The trailer or lorry must be backed inside the doorway and the screen doors closed to the vehicle. Please remember to collect your Movement Permit before leaving. And please remember that a new purchase should be introduced to company when taken home - and not placed in solitary confinement on arrival in strange surroundings after transport!

N.B.- The Auctioneers reserve the right to refuse cheques as payment. All payments to be in sterling by Bank Draft or cash, or at current exchange rate. New customers should contact the Auctioneers in advance of sale to make arrangements for use of cheques.

Nico is a powerful bull, with great width. He is from a VERY easy calving pedigree and was an embryo born unassisted. Would be very suitable for use on heifers. His dam Daphne is one of the best cows in the herd with loads of milk!!!

Pointhouse Olive is an outstanding heifer. This heifer is from the same cow family as Pointhouse Jewel. Jewel won Junior Female Champion and Reserve Junior Champion at Balmoral Show 2015 and won Best Homebred Heifer in the NI Herd Competition 2015. This is a one time offer to buy a heifer from these bloodlines. Olive will make a super cow in any herd.

NATIONAL BEEF ASSOCIATION

TERMS AND CONDITIONS OF SALE

- a) For use by BREED SOCIETIES AT PUBLIC AUCTIONS held under the auspices of such Breed Societies
- b) For use by INDIVIDUAL MEMBERS OF SUCH BREED SOCIETIES at reduction and production sales (and dispersal Sales where these Terms are offered), conducted by auctioneers approved by the relevant Breed Society

IMPORTANT

This document sets out the National Beef Association's Terms and Conditions ("Terms") under which Purchasers and Vendors enter into contracts at Breed Society Auctions and provides the framework under which any disputes arising therefrom may be resolved.

By buying and/or selling any such animal referred to in these Terms at any Auction you hereby agree to be bound by these Terms.

Please refer to the relevant Breed Society for breed specific standards as marked*.

1 DEFINITIONS

In these Terms:

'AUCTION' means any Breed Society public auction or reduction and production sale (or dispersal sale where the Terms are expressly applied) in which a Sale is made.

'AUCTIONEERS' means the Auction House or other appropriate body responsible for conducting the Auction, including personnel appointed by the said Auction House responsible for facilitating Sales at the Auction and 'AUCTIONEER' shall be construed accordingly.

'BREED SOCIETY' means a National Beef Association affiliated and approved Pedigree Cattle Breed Society, a list of which is available on request to the National Beef Association.

'BULL FERTILITY REPORT FORM' and 'FEMALE FERTILITY REPORT FORM' means National Beef Association Form available on request to the National Beef Association or to the Auctioneers.

'CALVING DATE' means date calf is born.

'CLAIM' means a complaint by a Purchaser for a breach or breaches of warranty or warranties whether express or implied given by the Vendor in accordance with the clauses set out in these Terms.

'FERTILE' in respect of female cattle means an animal capable of conceiving by natural service and of carrying a calf for twelve weeks and the words 'INFERTILE', 'FERTILITY' and 'INFERTILITY' shall be construed accordingly.

'HERD BOOK' means Pedigree Register of cattle registered to the relevant Breed Society.

'INCAPABILITY' in respect of a bull means incapability of getting stock by natural service due to a pre-existing reproductive disorder or lack of libido, and the words 'CAPABILITY', 'CAPABLE' AND 'INCAPABLE' shall be construed accordingly.

'INSPECTOR' means a Breed Society appointed inspector who's function is to carry out Sale inspections as and when requested by, and to the standards set from time to time by the relevant Breed Society.

'MAIDEN HEIFER' means a heifer which has never been served, by natural means or artificial insemination.

'PURCHASER' means:

- a) the successful bidder for any animal in the Auction, or
- b) the successful bidder together with any such one or more persons with whom the said bidder is in partnership, or engaged in a joint venture, and whose names shall have been notified to the Auctioneers on the day of the Auction.

'SALE' means any sale of an animal at an Auction and 'SOLD', 'PURCHASE' and 'PURCHASED' shall be construed accordingly.

'SALE CATALOGUE' means publication issued by the relevant Breed Society or Auctioneers listing cattle offered at the Auction Sale.

'SERVICE' without qualification means both service by natural means and service by artificial insemination, and the words 'SERVE' and 'SERVED' without qualification shall be construed accordingly.

'SHIPMENT' means the sending or taking of an animal outside the United Kingdom.

'TERMS' means the National Beef Association's standard terms and conditions of sale set out herein and (unless the context otherwise requires) include any special terms and conditions agreed in writing between the Vendor and the Purchaser in accordance with Clause 2.2 hereof.

'VENDOR' means the person who has instructed the Auctioneers to sell his or her animal(s) on his or her behalf at the Sale.

'VETERINARY SURGEON' means member of the Royal College of Veterinary Surgeons.

'VETERINARY SURGEON'S CERTIFICATE' means certificate issued and signed by a Veterinary Surgeon.

2 BASIS OF THE CONTRACT

2.1 These Terms shall (subject to Clause 2.2 hereof) form the basis of the Contract between the Vendor and the Purchaser and from the said Contract all conditions and warranties implied under the Sale of Goods Act 1979 or any other statutory enactment or implied by law or custom are expressly excluded to the fullest extent permitted by law including as subject to the Unfair Contract Terms Act 1977 or any statutory re-enactment or modification thereof.

2.2 These Terms may not be varied at any Auction or following any Sale in any way except by an announcement by the Auctioneers before or at the time of the Sale.

2.3 The National Beef Association and Breed Societies exclude all liability arising out of the use or application or form of these Terms to the fullest extent permitted by law.

3 GENERAL TERMS AND CONDITIONS OF SALE

3.1 The Vendor warrants that:

3.1.1 each animal offered for Sale has been bred by the Vendor unless otherwise stated in the Sale Catalogue or by the Auctioneers before or at the time of Sale, and

3.1.2 the identity, pedigree, history and description of each animal submitted for Sale is as stated in the Sale Catalogue or otherwise disclosed to the Auctioneers for public announcement before or at the time of the Sale (including all flushings for embryo transfer, caesarean operations, calvings recorded, and semen collected) save to the extent that any mis-description would be apparent on inspection of the animal and/or Sale Catalogue.

3.2 The Vendor shall not be held liable for any infertility or Incapability or other such deficiency of any animal not known by the Purchaser at the time of Sale if that deficiency was stated in the Sale Catalogue or by the Auctioneer before the Sale.

3.3 Only animals owned by a member of a Breed Society registered in the United Kingdom, and entered in the Herd Book of the Same Breed Society or registers supplementary thereto shall be offered for Sale under these Terms.

4 BULL BREEDING WARRANTIES BY THE VENDOR

4.1 Subject to the provisions of Clauses 4.2, 4.3, 6, 8 and 11 hereof the Vendor warrants that each bull over the age of eight months at the date of the Sale is Capable of getting stock by natural service from fourteen* months of age which shall be deemed to be fulfilled as soon as six females or fifty per cent of the herd whichever shall be the lesser number of the animals put to the bull are in calf to the bull by natural service subsequent to the Sale except where it would be reasonably apparent to a purchaser from the details provided in the Sale Catalogue that the bull would be Capable.

4.2 **TRIAL PERIOD.** The Purchaser shall give the bull sufficient time and opportunity to prove itself capable of getting stock by natural service while applying the Standards of Good Husbandry and Management as per Appendix A and, subject to Clause 4.3 hereof, in any event within six calendar months of the Sale date or within six calendar months of attaining the age of fourteen*months (whichever is the later) ('THE TRIAL PERIOD'). A claim for Infertility or Incapability will not normally be accepted in the case of an inexperienced bull until he has been allowed a minimum of three natural heat cycles with the females.

4.3 **DEFERRING THE TRIAL PERIOD.** If upon Purchase of the bull, it is found impracticable for the Purchaser to try the bull fairly within the Trial Period stated in Clause 4.2 above due to the Purchaser's normal calving programme, the Purchaser shall ON THE DAY OF THE SALE, or within the next seven days, give the Auctioneer notice IN WRITING of the month in which it is proposed to commence using the bull. AT THE DISCRETION OF THE VENDOR (in consultation with the Auctioneer, if applicable), the Vendor may defer the date of commencement of the Trial Period for a maximum period of three calendar months ('THE DEFERRAL PERIOD'). Acceptance or otherwise of the Purchaser's written request, shall be conveyed to the Purchaser by the Auctioneer in writing, within seven days of the request being made.

If the Trial Period is deferred the bull should not be used during the Deferral Period.

THE PURCHASER SHOULD NOTE THE TIME LIMIT FOR CLAIMS IN CLAUSE 8.1.2 BELOW.

5. FEMALE BREEDING WARRANTIES BY THE VENDOR

Subject to the provisions of Clauses 6, 8, and 11 hereof:

5.1 MAIDEN HEIFERS

Every maiden heifer over the age of twelve* months at the date of the Sale is sold with warranties by the Vendor:

5.1.1 that it shall be fertile up to the age of twenty-eight* months, which declaration shall be deemed to be confirmed as soon as such animal is certified by a Veterinary Surgeon to be not less than twelve weeks pregnant PROVIDED ALWAYS that no claim under these Terms shall be admitted before the animal reaches the age of twenty-four* months (except in a case where a Veterinary Surgeon certifies that it is suffering from an abnormality or malfunction of the reproductive system which will permanently prevent fertility) and

5.1.2 that it is not in calf.

5.2 HEIFERS RECENTLY SERVED

Every heifer over the age of twelve* months at the date of the Sale and described in the Sale Catalogue or by the Auctioneers at the time of the Sale as having been served less than twelve weeks prior to the date of the Sale is sold with warranties by the Vendor:

5.2.1 that it shall be fertile up to the age of twenty-eight* months, which warranty shall be deemed to be fulfilled as soon as such animal is certified by a Veterinary Surgeon to be not less than twelve weeks pregnant PROVIDED ALWAYS that no claim under these Terms shall be admitted before the animal reaches the age of twenty-four* months (except in a case where a Veterinary Surgeon certifies that it is suffering from an abnormality or malfunction of the reproductive system which will permanently prevent fertility), and

5.2.2 that if it is in calf it is in calf to the bull described in the Sale Catalogue or by the Auctioneers at the time of the sale PROVIDED ALWAYS that no warranty is given or to be implied that such helper is in calf at the time of the Sale.

5.3 COWS UNSERVED

Every cow under the age of ten* years at the date of the Sale and described in the Sale Catalogue or by the Auctioneers at the time of the Sale as unserved since last calving is sold with warranties by the Vendor:

5.3.1 that it shall be fertile for a period of twenty-six weeks from the date of the Sale, which warranty shall be deemed to be fulfilled as soon as such animal is certified by a Veterinary Surgeon to be not less than twelve weeks pregnant, and

5.3.2 that it is not in calf.

5.4 COWS RECENTLY SERVED

Every cow, under the age of ten* years at the date of the Sale and described in the Sale Catalogue or by the Auctioneers at the time of the Sale as having been served less than twelve weeks prior to the date of the Sale is sold with warranties by the Vendor:

- 5.4.1 that it shall be fertile for a period of twenty-six weeks from the date of the Sale, which warranty shall be deemed to be fulfilled as soon as such animal is certified by a Veterinary Surgeon to be not less than twelve weeks pregnant, and
- 5.4.2 that if it is in calf it is in calf to the bull described in the Sale Catalogue or by the Auctioneers at the time of the Sale PROVIDED ALWAYS that no warranty is given or to be implied that any such cow is in calf at the time of the Sale.

5.5 FEMALES IN CALF

Every cow or heifer stated in the Sale Catalogue or by the Auctioneers at the Sale to have been served on a date 'the Service Date' not less than twelve weeks before the date of the Sale is sold with warranties by the Vendor:

- 5.5.1 that it is in calf, and
- 5.5.2 that it is in calf to the bull described in the Sale Catalogue, or by the Auctioneers at the time of the Sale, and
- 5.5.3 that the expected Calving Date will be within a period of 263* to 303* days of the Service Date.

5.6 FEMALES 'RUNNING WITH BULL'

Every cow or heifer described in the Sale Catalogue or by the Auctioneers at the time of the Sale as 'running with the bull' up to a date not later than twelve weeks before the Sale is sold with warranties by the Vendor:

- 5.6.1 that it is in calf, and
- 5.6.2 that it is in calf to the bull described in the Sale Catalogue or by the Auctioneers at the time of the Sale and that the latest expected calving date will be within a period of 263* to 303* days of the last possible Service Date.

5.7 FEMALES WITH VETERINARY SURGEON'S CERTIFICATE OF POSITIVE PREGNANCY DIAGNOSIS

Scanning is not accepted as proof of diagnosis less than twelve weeks after the Service Date. Every cow or heifer stated in the Sale Catalogue or by the Auctioneers at the time of the Sale to be sold with a Veterinary Surgeon's Certificate of pregnancy diagnosis is sold with warranties by the Vendor:

- 5.7.1 that it is in calf, and
- 5.7.2 that it is in calf to the bull described in the Sale Catalogue or by the Auctioneers at the time of the Sale, and
- 5.7.3 that the expected calving date will be within a period of 263* to 303* days of the service date stated in such Veterinary Surgeon's Certificate notwithstanding that the said cow or heifer would not otherwise be Sold with the benefit of the above warranties.

THE PURCHASER SHOULD NOTE THE LIMITATIONS ON THE TIME LIMIT FOR CLAIMS IN CLAUSE 8.1.2 BELOW

6. UDDER AND CLEANSING WARRANTIES BY THE VENDOR

Unless otherwise stated by the Auctioneers at the time of the Sale:

- 6.1 every cow in calf or suckling a calf and every heifer suckling a calf at the time of the Sale is sold with a warranty by the Vendor that it is sound in the udder and teats at the time of the Sale PROVIDED ALWAYS that any claim under this warranty shall be made to the Auctioneers not later than one hour from the close of the Sale, and if the Auctioneers in their absolute discretion (having taken such veterinary advice as may be appropriate) decide that the udder is not sound in all respects, the Sale of such animal shall be rescinded, and
- 6.2 every freshly calved cow or heifer is Sold with a warranty by the Vendor that it has satisfactorily cleansed before the Sale PROVIDED ALWAYS that:
 - 6.2.1 any Claim under this warranty shall be made, accompanied by a Veterinary Surgeon's Certificate, to the Auctioneers not later than three days from the date of the Sale, and

- 6.2.2 without prejudice to the rights of the Purchaser set out in Clause 11 hereof, the Purchaser shall have the right to arrange such veterinary treatment to the animal (the reasonable cost of which shall be borne by the Vendor) as may rectify the animal's condition.

7. LIMITATIONS ON THE APPLICATION OF VENDOR WARRANTIES

7.1 None of the Vendor warranties in Clauses 4 and 5 above shall apply:

- 7.1.1 to any cow or heifer which has been subjected to any process involving the technique of embryo transfer or ova collection, unless that animal's subsequent natural breeding record (as declared in the Sale Catalogue) indicates not less than one natural calving since the said embryo transfer or ova collection;
- 7.1.2 to any cow or heifer, which has undergone a caesarean operation (as declared in the Sale Catalogue) unless that animal's subsequent natural breeding record (as declared in the Sale Catalogue) indicates not less than one natural non-surgical calving since the said operation;
- 7.1.3 to any cow or heifer which is declared by the Vendor to be a twin to a bull, unless before the Sale pregnancy has been certified in writing by a Veterinary Surgeon following rectal examination, or the animal has produced a full term calf;
- 7.1.4 to any animal which has not been maintained by the Purchaser at all times since purchase in a normal breeding condition, in accordance with the Standards of Good Animal Husbandry and Management as per Appendix A;
- 7.1.5 to any animal Purchased for export outside the United Kingdom (unless a claim shall have been notified within the time limits imposed by Clause 8.1.2 hereof and proved correct after all examinations and procedures deemed necessary by the Veterinary Surgeon appropriate under these Terms has been carried out) before the date on which Shipment takes place;
- 7.1.6 to any animal, which has been rejected at the date of the Sale by its Breed Society Inspector or Inspectors, appointed for the purpose of that Sale;
- 7.1.7 to any animal which after the Sale has contracted an illness or suffered an injury which may affect its Fertility or Capability as the case may be after the Sale;
- 7.1.8 to any animal, which does not remain the property of the Purchaser unless the Purchase was by means of a hire purchase agreement and the title to, but not the right to possession of the animal has therefore been transferred to a finance or other hire purchase company;
- 7.1.9 to any animal, which does not survive until the completion of all examinations and procedures, deemed necessary by the Veterinary Surgeons appointed under Clauses 8, 9, and 10 hereof.

7.2 No Vendor warranty is given or to be implied that a cow or heifer will carry a full term or deliver a live or viable calf.

8. CLAIMS

8.1 A Claim by a Purchaser shall not be valid unless:

- 8.1.1 the animal remains the property of the Purchaser except where it was Purchased by means of a hire purchase agreement and the title to but not the right to possession of the animal has therefore been transferred to a finance or other hire purchase company, and
- 8.1.2 the Purchaser has followed the Claims Procedure as set out in clauses 8.2-8.9 below and has given notice in writing to the Auctioneers of the intended Claim as soon as evidence supporting the Claim comes to the Purchaser's notice and in any event within the following time limits:

8.1.2.1 Under Clause 4

in the case of a bull:

within six calendar months:

- a) from the date of the Sale; or
- b) from the date when the bull attains the age of fourteen* months; or
- c) from the date of the commencement of the Trial Period stated in Clause 4.3 above, whichever is the later date

8.1.2.2 Under Clause 5.1.1 and 5.2.1

In the case of a maiden heifer or a heifer recently served:

- a) within three calendar months from the date of the Sale; or
- b) within one calendar month from the date when the heifer attains the age of twenty-eight* months whichever is the later date

8.1.2.3 Under Clause 5.1.2 and 5.3.2

In the case of a maiden heifer or a cow, which was Sold as unserved, and which subsequently proves to be in calf: within twenty-six weeks from the date of the Sale

8.1.2.4 Under Clause 5.3.1

In the case of a cow Sold as unserved since last calving and which proves infertile: within twenty-six weeks from the date of the Sale

8.1.2.5 Under Clause 5.4.1

In the case of a cow Sold as recently served and which proves infertile: within twenty-six weeks from the date of the Sale

8.1.2.6 Under Clauses 5.2.2 and 5.4.2

In the case of a cow or heifer which, although not warranted to be in calf, produces a calf to a bull other than that stated to be the service sire: within fourteen days from the calving date

8.1.2.7 Under Clauses 5.5.1 and 5.7.1

In the case of a cow or heifer Sold as being in calf, and which proves not to be in calf: within twenty-eight days from the date of the Sale

8.1.2.8 Under Clauses 5.5.2 and 5.7.2

In the case of a cow or heifer which, having been warranted to be in calf, produces a calf to a bull other than that stated as the service sire in the Sale Catalogue or by the Auctioneers at the time of the Sale as the case may be: within fourteen days from the calving date

8.1.2.9 Under Clauses 5.5.3, 5.6.3, and 5.7.3

In the case of a cow or heifer which, although in calf, does not calve to the stated service date: within fourteen days from the expected calving date

8.1.2.10 Under Clause 6.1

In the case of a cow or heifer whose udder is not sound: within one hour from the Close of the Sale

8.1.2.11 Under Clause 6.2

In the case of a cow or heifer which has not satisfactorily cleansed before the Sale: within three days from the date of the Sale.

Claims Procedure

8.2 In the case of a Claim under Clauses 4, 5.1.1, 5.2.1, 5.3.1, or 5.4.1 the Purchaser shall within thirty days of the receipt of a Bull Fertility Report Form or a Female Fertility Report Form as the case may be, completed by a Veterinary Surgeon appointed by the Purchaser, return it to the Auctioneers.

8.3 The Veterinary Surgeon appointed in accordance with sub-clause 8.2 hereof must certify in writing that:

8.3.1 the animal is in a normal breeding condition, and

8.3.2 the animal's infertility or incapability as the case may be is not due to illness contracted or an injury suffered, or poor husbandry after the Sale and

8.3.3 in the case of a bull he has examined the cows and heifers on which the bull has been tried and has found them to be in normal breeding condition and that they are not responsible for the bull's incapability, or

8.3.4 in the case of a cow or heifer, he has examined any bull with which the cow or heifer has been running after the Sale and has found the said bull to be Capable.

- 8.4 In the case of a Claim under 5.1.2, 5.3.2, 5.5.1, or 5.7.1 the Purchaser shall when notifying such Claim, forward to the Auctioneers a Veterinary Surgeon's Certificate certifying the animal is or is not in calf as the case may be.
- 8.5 In the case of a Claim under Clause 5.2.2, 5.4.2, 5.5.2, 5.6.2, or 5.7.2 the Purchaser shall when notifying such Claim forward to the Auctioneers a Veterinary Surgeon's Certificate that the animal has produced a calf to a bull other than that stated to be the service sire.
- 8.6 In the case of a Claim under Clause 5.5.3, 5.6.3, or 5.7.3 the Purchaser shall, when notifying such Claim, forward to the Auctioneers a Veterinary Surgeon's Certificate, certifying that the animal has not calved to the stated Service Date.
- 8.7 In the case of any Claim, where the Claim concerns an animal Purchased for export outside the United Kingdom it shall have been notified and proved correct after all examinations and procedures deemed necessary by the Veterinary Surgeons appointed under these Terms have been carried out before the date of Shipment or before the relevant period in sub-clause 8.1.2 (whichever shall be the earlier date).
- 8.8 In the case of any Claim, the animal shall survive at least until completion of all examinations and procedures deemed necessary by the Veterinary Surgeons appointed under Clauses 8, 9 and 10 hereof.
- 8.9 Where notice of an intended Claim is given to the Auctioneers in accordance with sub-clause 8.1.2 the Auctioneers shall as soon as is reasonably practicable inform the Vendor and the Secretary of the Breed Society to which the animal is registered, and forward to the Vendor a copy of the Bull Fertility Form or Female Fertility Report Form and/or Veterinary Surgeon's Certificate if applicable.

9. EXAMINATION OF ANIMALS

- 9.1 Following receipt by the Auctioneers of notice by the Purchaser of an intended Claim and such subsequent notice to the Vendor in accordance with the above clause 8 the Vendor may submit a request to the Auctioneers for a Veterinarian Surgeon appointed by the Vendor to examine the animal and upon being given notice of the same by the Auctioneers the Purchaser shall permit such examination.
- 9.2 Any examination carried out in accordance with clause 9.1 shall be carried out within 14 days of the Auctioneer notifying the Vendor of the Purchaser's Claim at the cost of the Vendor, such cost to be reimbursed by the Purchaser if it is deemed in accordance with clause 10 that the Purchaser does not have a valid Claim.

10. DISPUTE RESOLUTION

- 10.1 Each party recognises that the other party's business relies in whole or in part upon the condition, Fertility and/or Capability of the animals Sold and, if a Claim has been submitted by the Purchaser in accordance with the prescribed time limits and procedures as set out in these Terms, the Vendor and Purchaser shall in the first instance upon notice by the Auctioneers of the Claim in accordance with clause 8.9 meet in a good faith effort to settle the Claim.
- 10.2 If the Claim cannot be resolved in accordance with clause 10.1 the dispute shall be determined by a Veterinary Surgeon appointed by agreement between the Purchaser and the Vendor. In default of any such agreement between the Vendor and the Purchaser as to a suitable Veterinary Surgeon, the parties shall notify the Auctioneers in writing of this failure to agree and the Auctioneers shall appoint a Veterinary Surgeon within 28 days of the Auctioneers receiving such notice from the parties.
- 10.3 The Veterinary Surgeon so appointed in accordance with clause 10.2 above shall have the power to make such directions as to the validity of the Claim including (but without prejudice to the generality of such directions) directions as to costs and directions under sub-clause 10.4 below, and to make such investigations as he thinks fit, and the Purchaser and the Vendor shall comply with such directions and shall co-operate in such investigations and shall provide such records and information to the Veterinary Surgeon as he may reasonably require.
- 10.4 If the Veterinary Surgeon so appointed in accordance with clause 10.2 above decides that further opportunities are required to prove whether or not a bull is Capable or, as the case may be, whether or not a cow or heifer is Fertile, he shall direct under what conditions and within what timescale such opportunities shall be afforded, and the Purchaser shall, if so directed by the Veterinary Surgeon, allow the Vendor to remove the animal from the Purchaser's premises and the Vendor shall, if so required by the Veterinary Surgeon, afford such opportunities as the Veterinary Surgeon may direct and shall, before removal of the animal, lodge with the Auctioneers the whole amount of the purchase money (or such part of it as the Purchaser has paid) for the animal, interest thereon to

accrue for the benefit of the Vendor pending the outcome of the dispute, such interest to be calculated on a daily basis at two percent above the base lending rate from time to time in force at Lloyds Bank plc.

10.5 The appointed Veterinary Surgeon's decision as to the condition, Fertility or Capability as the case may be of the animal shall be final and binding upon the Vendor and the Purchaser, PROVIDED ALWAYS that the Veterinary Surgeon may decide in favour of the Vendor if in his opinion the cow or heifer would have proved Fertile or the bull would have proved Capable within the Terms and period allowed, if within that period the appropriate opportunity or veterinary treatment had been given or the Standards of Good Husbandry & Management had been applied.

10.6 If the Veterinary Surgeon so appointed in accordance with clause 10.2 above decides in favour of the Vendor, then the Purchaser, or if he decides in favour of the Purchaser, the Vendor, shall pay or reimburse all reasonable veterinary and laboratory fees and any reasonable transport costs incurred by both parties in the course of the Claim being addressed in accordance with these Terms.

Alternative Dispute Resolution

10.7 If the parties cannot, or refuse to, resolve a Claim in accordance with the procedures set out clauses 10.1 – 10.6 above, they shall, with the assistance of the Centre for Effective Dispute Resolution ("CEDR") in London, seek to resolve the Claim amicably by using a single arbitrator, whose decision will be final and binding upon both parties. Unless otherwise agreed between the parties, the arbitrator will be nominated by CEDR.

11. LIMITATION OF RIGHTS ON BREACH OF VENDOR WARRANTY

11.1 Upon breach of any warranty contained in these Terms as accepted by the Vendor or as determined by a Veterinary Surgeon so appointed in accordance with clause 10 hereof the Purchaser shall have the right to return the animal, together with any calf born subsequent to the Sale, and recover from the Vendor:

- 11.1.1 the purchase money or such part of it as the Purchaser has paid;
- 11.1.2 interest thereon calculated on a daily basis at two percent above the base lending rate from time to time in force at Lloyds Bank Plc from the date upon which notice of the Claim was received by the Auctioneers to the date of return or the date of disposal of the animal as the case may be;
- 11.1.3 the reasonable expense of transporting any such animal to and from the Purchaser's premises;
- 11.1.4 the reasonable cost of any such animal's keep, as determined by the relevant Breed Society, from the date on which notice of the Claim was received by the Auctioneers to the date of return to the Vendor or the date of disposal of the animal as the case may be, not exceeding the slaughter carcass value of the animal at the date of return, which sum shall be assessed by the Auctioneers, whose assessment shall be final and binding upon the Vendor and the Purchaser;
- 11.1.5 the reasonable expenses (including laboratory fees) of any Veterinary Surgeon employed for the purpose of investigating the animal's condition, Fertility or Capability as the case may be and for making a claim under these Terms, BUT THE PURCHASER SHALL HAVE NO RIGHT TO CLAIM DAMAGES FROM THE VENDOR IN RESPECT OF:
 - (i) ANY INDIRECT OR CONSEQUENTIAL LOSS SUCH AS (BUT NOT LIMITED TO) ANY LOSS OF PROFITS, OR
 - (ii) ANY OTHER LOSS WHATSOEVER.

12. TIME LIMITS

12.1 Time shall be of the essence of all Terms in which time limits are prescribed and a Claim made under any Vendor warranty herein will not be admitted unless made within the prescribed time limit, provided that where time limited for any person to do anything expires on a Sunday, Bank Holiday or Public Holiday or on a day following next after any such days then such Sunday, Bank Holiday or Public Holiday shall be excluded from the computation of the time.

12.2 In the computation of any period of time before or after the Sale or any other event, the day of the Auction or other event, as the case may be, shall be excluded.

12.3 All periods expressed as a number of days shall be taken to refer to that number of clear days, and similarly for any period of time.

13. NOTICES

Any notice required to be served on any person or body mentioned herein shall be deemed to have been duly served if left at or sent by prepaid first-class post to that person or body at the last known abode or principal place of business and shall if sent by post to that person or body at the last known abode or principal place of business be deemed to have been received on the fourth day after the date on which it was sent.

14. GENERAL

14.1 If any provision of these Terms is held by any competent Authority or Court to be invalid or unenforceable in whole or in part the validity of the other provisions of these Terms and the remainder of the provision in question shall not be affected thereby.

14.2 The headings in these Terms are for convenience only and shall not affect their interpretation.

14.3 Unless expressly provided to the contrary in these Terms no failure or delay in exercising any right under these Terms shall operate as a waiver thereof or extend to, or affect any other subsequent event, or impair any rights or remedies consequent thereon or in any way modify or diminish the rights of the relevant party under these Terms.

14.4 These Terms shall be personal to the Vendor and Purchaser and neither may, unless provided to the contrary in these Terms, assign, licence, sub-contract or otherwise purport to grant rights over or transfer the benefit of any such rights or obligations under these Terms without the prior written consent of the other party.

14.5 These Terms comprise the entire agreement between the parties in relation to the subject matter of these Terms.

14.6 The validity, construction and performance of these Terms shall be construed in accordance with English Law and governed by the Laws of England and the parties submit to the exclusive jurisdiction of the English Courts.

THE NATIONAL BEEF ASSOCIATION

Revision December 2014

Annex 1

Guidelines for the Standards of Good Husbandry and Management In respect of bulls purchased at Sales

Taking care to settle a newly purchased bull properly will assist in ensuring that you have many years of good service from him.

Under the National Beef Association's Terms and Conditions of Sale the Purchaser is required to maintain the animal in normal breeding condition, in condition with the rules and practice of Good Animal Husbandry and Management, as referred to in clauses 4.2 and 7.1.4 and 8.3.2.

Following Purchase the National Beef Association would require a Purchaser to adhere to the following points to fulfil the requirement of Good Husbandry and Management:

- 1 The bull should not be used within two weeks of the date of Purchase
- 2 The Purchaser should ensure that the bull is in normal breeding condition before use
- 3 In consultation with the Vendor, the Purchaser should maintain the bull on its current diet and only introduce any new feed gradually
- 4 When the bull is first used, try it with 1 or 2 smaller females first, in a yard on a non-slip surface, so he is introduced to service gradually and safely. Observe him closely to ensure that he is serving the female properly
- 5 Once the Purchaser is satisfied that these females are not returning, then he should put the bull out with more females. 20 to 25 females should be a maximum in the first year.

These are guidelines only. Purchasers should be aware that should they choose not to follow them they might invalidate these Terms. In addition you may refer to the relevant Breed Society's guidelines.
