THE NATIONAL BEEF ASSOCIATION

Revision December 2014

Annex 1

Guidelines for the Standards of Good Husbandry and Management In respect of bulls purchased at Sales

Taking care to settle a newly purchased bull properly will assist in ensuring that you have many years of good service from him.

Under the National Beef Association's Terms and Conditions of Sale the Purchaser is required to maintain the animal in normal breeding condition, in condition with the rules and practice of Good Animal Husbandry and Management, as referred to in clauses 4.2 and 7.1.4 and 8.3.2.

Following Purchase the National Beef Association would require a Purchaser to adhere to the following points to fulfil the requirement of Good Husbandry and Management:

- 1 The bull should not be used within two weeks of the date of Purchase
- 2 The Purchaser should ensure that the bull is in normal breeding condition before use
- 3 In consultation with the Vendor, the Purchaser should maintain the bull on its current diet and only introduce any new feed gradually
- 4 When the bull is first used, try it with 1 or 2 smaller females first, in a yard on a non-slip surface, so he is introduced to service gradually and safely. Observe him closely to ensure that he is serving the female properly
- 5 Once the Purchaser is satisfied that these females are not returning, then he should put the bull out with more females. 20 to 25 females should be a maximum in the first year.

These are guidelines only. Purchasers should be aware that should they choose not to follow them they might invalidate these Terms. In addition you may refer to the relevant Breed Society's guidelines.
