IMPORTANT NOTICE TO PROSPECTIVE PURCHASERS

SETTLEMENT & CLEARANCE OF STOCK

Please note that all lots must be settled on the day of purchase
Completion of a buyers slip is essential for parties who have not dealt with the company before
New customers and agents wishing to purchase on behalf of another party must contact the companys main office 48 hours prior to a sale
No Lots can leave the market without a 'pass slip' being issued by the main office

Purchasers From Outside The United Kingdom

Invoices will be raised in pounds sterling.

We request that payment is made to us in pounds sterling by cheque/bankers draft on the day of sale.

Debit cards and business credit cards only accepted. (2% surcharge on business credit cards)

If you pay with a credit card, it must be linked to a business bank account.

IMPORTANT NOTICE TO PROSPECTIVE PURCHASERS

ALL LOTS MUST BE SETTLED ON THE DAY OF PURCHASE

Parties who have not dealt with the company before should complete the undernoted form and hand it in to the auctioneers' clerk when a purchase is made.

Alternatively it can be sent to the main office in advance of the sale.

BIO SECURITY RULES HARRISON & HETHERINGTON LIMITED, BORDERWAY MART, CARLISLE Notice to all Visitors and Traders

Please read and observe the following:

- · Excessive dirty vehicles will not be allowed entry, therefore ensure vehicle is clean before arrival.
- All vehicles transporting livestock will be subject to a documentation check before entry to market site.
- · All visitors and traders must ensure they wear clean clothing and footwear before entering market site.
- All visitors and traders using car park areas please use main entrance.
- · Hauliers and farmers delivering livestock must disinfect their boots before and after loading or unloading.
- Livestock purchased or unsold will not be allowed to move unless an authorised "pass slip" has been issued by the main office.
- No livestock will be allowed to remain on the premises after a sale.
- Only staff, livestock hauliers, owners or their agents are permitted to load or unload livestock.
- · Wash hands thoroughly when leaving pennage areas.
- · Please observe our staff's instructions at all times.

Our on site Biosecurity Officer, Stuart Graham, will only be too pleased to give you assistance.

General Information & Sale Notes

LOCATION: The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1/4 mile of M6.

TIMETABLE OF EVENTS:

Thursday 13th February Arrival of Stock 11am - 5pm

Identification Check 2pm - 6pm

Friday 14th February Sale 5pm

HOTELS: There are many hotels within the area, ranging from four star to excellent Bed and Breakfast accommodation, a list of which may be found on page 4 of the catalogue.

CONDITIONS OF SALE: The British Limousin Cattle Society have adopted the Auction Rules and Conditions of Sale drawn up by the N.B.A. This Sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both available on request. In the event of any discrepancy between the two sets of conditions, the N.B.A. Conditions of Sale shall prevail.

INSURANCE: A representative of H & H Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

METHOD OF SALE: All cattle will be sold in guineas (105 pence) and strictly in catalogue order, unless any alteration is announced by the Auctioneers.

COMMISSIONS: The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

ONLINE BIDDING FACILITY will be available for the Limousin Female & Bull Sales.

Log onto https://harrisonandhetherington.co.uk/live-streaming/ for further details to register.

REGISTRATIONS: All stock in the Sale are registered with the British Limousin Cattle Society.

SEMEN ROYALTY SCHEME BULL REGISTER: Purchasers are asked to note that where a female is catalogued as being served/inseminated by a "Semen Royalty" Sire the appropriate royalty will be payable by the purchaser prior to registration of the calf.

PEDIGREE TRANSFERS: Official Pedigree Transfers will be effected by the Auctioneers and the British Limousin Cattle Society as soon as possible after the Sale. Full pedigrees will be transferred free of charge to all members.

SETTLEMENT AND CLEARANCE OF STOCK: Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

Carlisle Females Vendors' Index Feb 2020

The pedigree, performance, DNA, health information and footnotes included in Society sale catalogues is as supplied by, or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Limousin Cattle Society Ltd (BLCS). It should be noted that the Estimated Breeding Values for all animals change over time, as new performance records come available. While the BLCS and Genesure Ltd seek to ensure that the information contained in catalogues is accurate at the time of printing in accordance with their terms and conditions, no warranty is given in respect thereof by the BLCS and, to the maximum extent permitted by law, the BLCS shall have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained in or omitted from this publication. Genesure Ltd's liability is limited to the extent set out in its terms and conditions (a copy is available from the BLCS office upon request).

At H&H Insurance Brokers, you get access to the widest range of policies available, rather than just a few standard packages as offered by some insurers.

This means you get exactly the right cover for your farm and don't end up paying for extras you don't need.

And with over 30 years' industry experience, we're fast becoming the insurance broker of choice for the regions' agricultural community.

Why not speak to one of our farm insurance experts today on 01228 406 290 for a 'no obligation' quote.

Alphabetical Bull Index

(All bulls marked * in the pedigrees are included in the reference)

AMPERTAINE ELGIN (MDG09-039) sire - Glenrick Venture, dam - Ampertaine Carla (by Samy). Elgin was sold for 32,000gns and is consistent breeder, progeny includes Ampertaine Hollywood 8,500gns Carlisle Feb 2014. Ampertaine Harmoney 4,500gns Cowporation Dispersal Carlisle March 2014. Ampertaine Hotshot, Reserve Intermediate Champion 28,000gns Carlisle May 2014. Trueman Isabella 9,500gns and Haltcliffe Hesta 5,500gns Carlisle May 2014. Ampertaine Interest 13,000gns and Ampertaine Impact 13,000gns Carlisle Oct 2014. Haltcliffe Imperial Reserve Junior Champion and sold for the sale top price of 28,000gns, Trueman Idol 17,000gns and Trueman Iglesias 12,500gns Carlisle Feb 2015. Culnagechan Instructor 16,000gns and Ampertaine Inferno 16,000gns Carlisle May 2015. Ampertaine Isadora 12,500gns, Ampertaine Inky, Ampertaine Imeria 4,500gns and Ampertaine Irishgirl 4,200gns Ampertaine sale Carlisle June 2015. Trueman Jukebox 12,000gns & Goldies Jetstream 7,500gns Carlisle October 2015. Ampertaine Jackpot Reserve Champion, 8,000gns Carlisle Feb 2016. Ampertaine Jefferason 20,000gns, Craigatoke Jackpot 15,000gns and Aultside Jacobite 8,000gns Carlisle May 2016. Lomond Lexie 6,500gns and Rahoney Liberty 6,000gns Carlisle Red Ladies Derby Dec 2016. Culnagechan Lazio 17,000gns Carlisle Feb 2017. Goldies Linda 5,200gns, Ampertaine Lawson 18,000gns and Ronick Laddie 7,500gns Carlisle May 2017. Ronick Ladida 8,500gns and Ronick Maiden 6,800gns Ronick sale Carlisle July 2017. Gorrycam Major 20,000gns and Grahams Michael Reserve Junior Champion and sold for 20,000gns Carlisle Oct 2017. Grahams Malibu Red Ladies Champion and sold for the top price of 25,000gns Carlisle Red Ladies Derby Dec 2017. Homebyres Newtown 10,000gns Carlisle Oct 2018. Grahams Naughtyspice 11,000gns Carlisle Red Ladies Derby Dec 2018. Ampertaine Odell 13,000gns Carlisle May 2019.

BARRONS MAJOR (BNI16-0361) sire – Mereside Godolphin, dam – Barrons Emma (by Sarkley Volvo) Sired by 40,000gns Mereside Godolphin. 2xF94L genes, Major is easy calving and has a great temperament. Shown in 2017/2018 winning Male Champion North Yorkshire County Show, Male Champion and Reserve Overall Champion Wolsingham Show (beaten by his half sister Barrons Mylassy), Male Champion Nidderdale Show and NELBC Bull Derby Champion and Overall Limousin Champion, Male Champion Cumberland Show and 2nd prize GYS.

CLARAGH FRANCO (RJT10-013) sire – Wilodge Vantastic, dam – Haltcliffe Avon (by Sympa). Junior Champion, Carlisle May 2011 sold for 24,000gns. Progeny includes Norman Halo 8,800gns, Norman Hilary 7,500gns & Norman Helen 5,500gns Carlisle June 2013. Norman Hawk 15,500gns and Norman Hardy 7,800gns Carlisle Feb 2014. Norman Harvest 8,500gns Carlisle May 2014. Norman Ivan 10,000gns and Norman Irish 7,500gns Carlisle Oct 2014. Norman Inventor 22,000gns, Norman Infusion Supreme Champion and sold for 20,000gns and Norman Ionesco 7,500gns Carlisle Feb 2015. Lenagh IQ Reserve Overall Male Champion and sold for 13,000gns Carlisle May 2015. Norman Invincible 8,000gns Carlisle June 2015. Grahams Lorenzo 40,000gns, Grahams Lizie 16,000gns and Grahams Lamont 5,000gns Carlisle National Sale of Champion July 2016. Norman Hawk 8,000gns Millington Dispersal Carlisle August 2016. Norman Legacy 9,500gns Carlisle Oct 2016. Grahams Lilly Champion and sold for the top price of 32,000gns, Grahams Lobelia 10,000gns and Grahams Lisette 7,000gns Carlisle Red Ladies Derby Dec 2016. Grahams Murphy 9,000gns Carlisle Weaned Calf Sale Dec 2016. Norman Levi 10,500gns, Norman Lloyd 9,000gns and Norman Lance 8,000gns Carlisle Feb 2016. Norman Lick 7,000gns, Grahams Liz 7,000gns and Norman Lacey 5,500gns Carlisle May 2017. Grahams Natalie sell for the top price of 38,000gns and Grahams Nashville 20,000gns Carlisle Feb 2019.

DINMORE JACOT (DIR14-1007) sire – Requin, dam – Dinmore Caprice (by Wilodge Vantastic). Jacot's first calves are proving to be outstanding. Progeny include Haltcliffe Ode 11,000gns Carlisle Weaned Calf Sale Dec 2018.

GALLAWAY KEMP (IE231327080532) sire- Wilodge Tonka, dam-Kaprico Ravelle (by Greensons Gigolo). Progeny include Tweeddale Newsbeat 10,000gns Carlisle May 2019.

GOLDIES JACKPOT (GS14-1509) sire – Ampertaine Foreman, dam – Goldies Vitality (by Sarkley Ragtime). Has been used on heifers in the Eves herd and was found to be easy calving. Progeny includes Grahams Nightingale 10,000gns Carlisle Red Ladies Derby Dec 2018.

GOLDIES JUGGLER (GS14-1481) sire – Ampertaine Gigolo, dam – Goldies Fairytale (by Wilodge Tonka). Progeny includes Goldies Nicholas 14,000gns and Goldies Maverick Reserve Intermediate Champion and sold for 11,000gns Carlisle May 2018. Goldies Northstar 14,000gns Carlisle Oct 2018. Goldies Nelson 16,000gns Carlisle Feb 2019.

GULTIME (19-35-022-462) sire – Ultime, dam – Villette (by Talent). Progeny includes Cloughhead Jerry 18,000gns Carlisle Feb 2016. Cloughhead Neville 50,000gns Carlisle Feb 2019.

HAFODLAS DOMINO (REM08-321) sire – Bailea Spunkie, dam – Hafodlas Shona (by Hafodlas Llion). Royal Highland Interbreed Champion 2012. Progeny includes Hafodlas Glesni 6,000gns, Hafodlas Gwenda 5,000gns Weaned Calf Sale Carlisle 2011. Hafodlas Hafodlas Hafodlas Hafodlas Hafodlas Garnedd 11,000gns Springsett Dispersal Carlisle May 2014.

HALTCLIFFE LEWIS (RP15-1500) sire - Haltcliffe Gentry, dam - Haltcliffe Helga (by Cloughhead Umpire).

HINZ (DE0534727253) sire - Hergen, dam - Nuria (by Lorenzo).

HUNTERSHALL GRANTLEY (HRY11-032) sire – Rossignol, dam – Cloughhead Baroness (by Urluberlu). Progney includes Wanthwaite Luckystar 7,500gns Carlisle Feb 2017. Proved to be very easy claving and putting plenty of shape and milk into the herd.

KAPRICO ERAVELLE (SHJ09 007) sire – Wilodge Tonka, dam – Kaprico Ravelle (by Greensons Gigolo). Kaprico Eravelle won 1st prize wand was purchased from Carlisle Feb 2011. He was chosen for the BLCS/Signet Young Bull Proving Scheme and was the best-selling bull on Semenstore 2015. He has an EBV in the top 1% for gestation and calving value and is in the top 1% for 400 day weight. Progeny includes Tomschoice Hero 4500gns and Tomschoice Hercules, 8000gns Carlisle Oct 2013. Tomschoice Hurricane pre-show Champion Newark Oct 2013 5000gns. Warrenderpark Geronimo 5400gns Skipton May 2015. Corlea Klassic €200, Gallaway Kemp €600, Keltic Kumar €600, Keltic Kingotheroad €200 Roscrea Oct 2016. Tomschoice Lincoln 8200gns Carlisle Feb 2017. Shannon Keltic €400, Liverpool Kian €600, Liverpool Kenny2 €100, Roscrea March 2017. Millbrook Casey pre-sale Champion €700 Athenry March 2017. Copperhurst Ike 7000gns Newark June 2017. Tomschoice Mozart 9000gns and Topmschocie Mercury 7000gns, Carlisle Oct 2017. Skealon Lalan €000, Corranhill Legend €900, Ballyline Luke €000, Millbrin Leo €000, Townleyhall Lexus, Roscrea Oct 2017. Tomschoice Mirage 6000gns and Tomschoice Majesty 4500gns, Carlisle Feb 2018. Goldeis Nevelle 10,000gns Carlisle Feb 2019. Eravelle has 5 sons at stud; Tomschoice Imperial and Tomschoice Ironstone Progressive Genetics, Ireland. Tomschoice Jet, Cogent Breeding UK. Tomschoice Iceberg, Dovea Genetics, Ireland. Tomschoice Lexicon, Norbreck Genetics.

KILCOR ICEMAN (IE291598920446) sire – Fieldson Alfy, dam – Kilcor Frostie (by Rocky). Sold for 28,000 euro. Progeny includes Grahams Mungo 14,000gns Carlisle Oct 2017. Grahams Nova 5,500gns Carlisle Weaned Calves Dec 2017. Grahams Marigold 5,500gns and Grahams Maggymay 5,000gns Carlisle May 2018. Annanview Olala 8500gn Carlisle Red Ladies Dec 2019.

LISBRIN KARL (IE271215210218) sire – Imprt Malibu, dam – Lisbrin Farrah (by Ronick Hawk). Progeny includes Haltcliffe Omar 4000gns Carlisle Oct 2019.

LODGE HAMLET (CBM12-346) sire – Saphir, dam – Lodge Violet (by Broadmeadows Cannon). Progeny includes Pabo Mrmuscle 10,500gns and Barrons Max 7,500gns Carlisle Weaned Calf Sale Dec 2016. Melbreak Mambo 8,500gns Carlisle Red Ladies Derby Dec 2017. Telfers Munster Reserve Intermediate Champion and sold for 20,000gns and Scotchtown Master 9,000gns Carlisle Feb 2018. Mereside Mckay 14,000gns Carlisle May 2018. Barrons Olympus 4,500gns, Windsole Ottis 4,200gns Carlisle Weaned Calf Sale Dec 2018. Aultside Nickelback 10,000gns Senior Champion Carlisle May 2019. Aultmore Ozzy 7000gns, Lowabbey Objat 4500gns Carlisle Oct 2019. Copylawn Omley sold for 3000gns Newark Sale Oct 2019. Garryvaughan Odance 4700gns Welshpool Nov 2019.

LOOSEBEARE FANTASTIC (QA10-074) sire – Wilodge Vantastic, dam – Loosebeare Sacha (by Broadmeadows Cannon). Progeny includes Loosebeare lain Supreme Champion and sold for 27,000gns and Ampertaine Invader 8,000gns Carlisle Oct 2014. Loosebeare Ivanhoe 8,800gns Carlisle Feb 2015. Faxhillfarm Jasper Overll male Champion and sold for the sale top price of 35,000gns, Foxhillfarm Jupiter Reserve Junior Male Champion and sold for 29,000gns, Foxhillfarm Jupiter Reserve Junior Male Champion and sold for 29,000gns, Foxhillfarm Justthejob 14,000gns and Haltcliffe Informer 6,500gns Carlisle May 2015. Ampertaine Iris 4,800gns Ampertaine sale Carlisle May 2015. Culnagechan Jeronamo 8,000gns Carlisle Feb 2016. Aultside Lambrini 9,800gns Carlisle National Sale of Champion July 2016. Pabo Legend 8,000gns Carlisle Oct 2016. Loosebeare Lunar 11,000gns and Loosebeare Lord 10,000gns Carlisle Feb 2017. Brontemoor Laidlaw 11,000gns, Loosebeare Likeabull 9,000gns and Foxhillfarm Justthejob 8,500gns Carlisle May 2017. Ampertaine Magnum Reserve Intermediate Male and Top Price of the Day selling for 70,000gns Carlisle Oct 2017. Loosebeare Masterfull 11,000gns and Loosebeare Fantastic 9,000gns Carlisle Feb 2018. Allanfauld Nemesis 27,000gns, Barrons Oj 9,000gns Carlisle May 2019. Ampertaine Opus 7000gns Carlisle Oct 2019.

SWALESMOOR LIAM (STW15-4609) sire – Cloughhead Umpire, dam – Nebo Favourite (by Wilodge Vantastic). Top price bull when sold for 30,000gns Carlisle February 2017.

Herd Health at British Limousin Cattle Society (BLCS) Collective Sales

Introduction

Herd health rules were introduced by the BLCS at nominated premier Collective Society Sales and these are now in place at all premier BLCS Collective Sales (Stirling February & October; Carlisle February, May, October & December; Brecon May & November).

The principal aim is to standardise herd health declarations and information presented in order to provide both members and customers alike with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

BLCS Herd Health Rules have two principal elements:

Part 1. Herds selling at the premier Collective Society Sales have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme. At a minimum, this must include a whole herd test for Johne's disease.

Part 2. All animals male and female, including calves at foot, presented at the premier Collective Society Sales be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. All animals forward will be required to be BVD vaccinated prior to sale with an approved vaccine. Pregnant animals must have had testing and vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

Herd Health Declaration

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions regarding for example: TB status; membership of CHeCS (www.checs.co.uk) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johne's, BVD, IBR and Lepto status. On line entries also require the Herd Health Declaration form to be completed.

Is the Herd Health Declaration compulsory?

The Herd Health Declaration is compulsory at all Premier Collective Sales. For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

Although not compulsory at other collective sales (Newark in April & Ballymena, Dungannon, Thainstone & Stirling in May), the Society recommends that vendors complete the Herd Health Declaration. This information then appears in the Vendors' Index within the catalogue. Where a member has chosen not to complete the Herd Health Declaration, it will simply say 'No Herd Health Declaration'.

What Other Health Information may be displayed?

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

Again, for reasons of practicality, no health information notes are to be put in the catalogue footnotes by vendors. Similarly, the Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

Johne's Risk Levels

The Herd Health Declaration includes a section where breeders are able to indicate their Johne's Risk Level, once known.

The Risk Levels are as follows:

Risk Level 1 herds that were previously Accredited

Risk Level 2 herds that have had 1 or more clear qualifying tests
Risk Level 3 herds that have 3% or fewer reactors every year*

Risk Level 4 herds that have more than 3% reactors every year**

Risk Level 5 herds not in a CHeCS Johne's disease programme, herds with no health plan in place and herds that are not carrying out the required testing

- * Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 3 will be one animal testing positive for Johne's
- ** Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 4 will be more than one animal testing positive for Johne's

It is a condition of BLCS Premier Collective Sales that animals from herds that are Johnes Risk Level 5 are not permitted to be sold.

Should you have any queries regarding the new Johne's Risk Level classification, please contact your respective CHeCS health scheme.

What if a vendor is selling an animal/s that he did not breed?

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are advised to speak to vendors directly to acquire accurate health information on animals offered but not bred by the seller.

Feedback & more information

The Society welcomes members' and customers' feedback on the Herd Health Declarations and health policy at sales. If you have further questions, please speak to the Society representative, lain Kerr or the Auctioneers.

HOW TO USE GENETIC INFORMATION IN THIS CATALOGUE

Sale catalogues contain specific information relating to the genetics of each animal. This is a short explanatory note to assist when selection decisions are being made.

1. Birth Type

'Got by Al' indicates whether the calf was a result of an Al service. If blank, the dam was naturally served. 'Natural calf indicates the calf was born to its biological dam. 'ET calf indicates the calf was born as a result of embryo transplant.

2. Myostatin

"Not tested" indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website www.limousin.co.uk, search in 'performance programmes'. In summary:

The Variants:

F941

Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with **no** associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.

NT821

Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are 'heterozygous' with F94L (ie F94L/nt821) they will still exhibit quality carcase characteristics but are less likely to be affected by more difficult calvings.

Q204X

Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are 'heterozygous' with F94L (ie F94L/Q204X) will still exhibit quality carcase characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

The recognised benefits of Myostatin are:

- ✓ Increased Meat Yield by up to 19%.
- √ More feed efficient
- Higher meat quality increased tenderness, reduced fat content, higher polyunsaturated fats

Using Myostatin information

An important factor to remember is that carcase traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is <u>not</u> an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

3. Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene), the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" - animals will be red and will pass on red genes.

"Hom. Black" - animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" - animals will be black and will pass on either a red or black gene.

"Het. Red" - animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

4. Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" - will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" - will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to www.limousin. co.uk, search in 'performance programmes' or scan the QR code above.

5. Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

- a. In sale catalogues, Breed Average for each trait is represented by the vertical line that is central on the bar chart...
 - ✓ Bars that lie to the right of that line indicate EBVs/CEBVs that are above average.

 The further to the right they lie, the higher above Breed Average they are.
 - Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.
- b. Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time.
- The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to www.limousin.co.uk and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to www.taurusdata.co.uk

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

6. Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us knowtelephone 02476 696500, e-mail info@limousin.co.uk or speak to Society staff and Council members attending the sale.

Page 1 of 2 07/11/2019 * Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

Calving Value	An economic indicator of the collective value of Gestation Length and Calving Ease
Beef Value	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
Retail Value	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcase weight of 350kgs.

NB: Using Calving Ease and Maternal Calving Ease

Calving Ease EBV Predicts how easy a bull's own calves will be born.

Maternal Calving Ease EBV Predicts how easily a bull's daughters will calve.

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to www.taurusdata.co.uk and click on 'Beef Search'

For more information on EBVs and GEBVs please go to www.limousin.co.uk and click on 'Performance Programmes' or get in touch on the numbers below.

Johne's Disease Risk Level Reminder - CHeCS

If you are looking to buy or sell stock it is important to know your own herd's Johne's disease risk level, as well as that of any cattle that you might add to your herd.

Level 1 - There have been at least three clear annual herd tests and there is a Johne's Disease herd health plan in place. This is the lowest level of risk

Level 2 - There has been at least one clear herd test but the herd does not yet qualify for Level 1 status. There is a Johne's disease herd health plan in place

Level 3 - Three per cent or less of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

Level 4 - More than three per cent of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

Lovel 5 - This includes herds without a health plan for Johne's disease, herds that not adhere to the mandatory elements of the health plan and herds that do not carry out the required testing. This is the highest level of risk

PLEASE NOTE: IMPORTANT RULE ABOUT BUYING AND SELLING AND RISK STATUS!

It is important to remember that if an animal of a lower risk level status is added to your herd, if it is ever sold on from your holding it must be sold as its original risk level status (i.e. a Risk Level 3 animal added to a Risk Level 2 herd must remain as Risk Level 3 if sold again).

However, animals added from a higher Risk Level Status herd to a lower Risk. Level Status herd take on the status of the herd that they are added to and must be sold as such (i.e. a Risk Level 1 animal added to a Risk Level 4 herd would then have to be sold as Risk Level 4 in the future).

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's Terms and Conditions)

- The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's
 reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers
 may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for
 such action.
- 2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
- Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As
 a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash
 payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
- 4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
- 5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
- 6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
- Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons
 or property, through fire or any other cause whatsoever, nor for any damage by animals prior to,
 during or after the sale.
- 8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
- Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered
 personally responsible for any default on the part of either purchasers or Vendors and the remedy
 shall be against them only and not against the Auctioneers.
- 10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
- 11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
