## General Information & Sale Notes

**LOCATION:** The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1/4 mile of M6.

### Timetable of Events:-

<b>Thursday 6th May</b>	Arrival of Stock	11am - 3pm
	Inspection of stock	2pm - 5pm
<b>Friday 7th May</b>	Mart gates open	7am
	Judging of Bulls	10am
	Sale of Females	5pm
	Mart closes and gates are locked	10pm
<b>Saturday 8th May</b>	Mart gates open	7am
	Sale of bulls	10:30am

**CONDITIONS OF SALE:** This sale is held under the British Limousin Cattle Society's Auction Sale Rules and subject to recommended Conditions of Sale of the National Beef Association (NBA). This sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both available on request. In the event of any discrepancy between the two sets of conditions, the NBA Conditions of Sale shall prevail

**INSURANCE:** A representative of the H&H Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

**METHOD OF SALE:** All cattle will be sold in guineas (105 pence) and strictly in catalogue order, unless any alteration is announced by the Auctioneers.

**COMMISSIONS:** The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

**ONLINE BIDDING FACILITY** will be available for this sale.

Log onto <https://harrisonandhetherington.co.uk/live-streaming/> for further details to register.

**REGISTRATIONS:** All stock in the Sale are registered with the British Limousin Cattle Society (Tel 02476 696500).

**PEDIGREE TRANSFERS:** Official Pedigree Transfers will be effected by the Auctioneers and the British Limousin Cattle Society as soon as possible after the Sale. Full Pedigrees will be transferred free of charge to all members.

**SETTLEMENT AND CLEARANCE OF STOCK:** Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

Purchasers unable to remove their stock on the day of sale can arrange overnight accommodation with the Auctioneers on the understanding that all cattle are at Purchasers' risk.

**ANIMAL WELFARE:** Vendors and Purchasers should note the CODE OF PRACTICE published by the Livestock Auctioneers' Market Committee for England and Wales IS OPERATIVE IN BORDERWAY MART and that weakly, unhealthy or injured stock will be refused entry by the Auctioneers. Enquiries should be directed through the market office to the Auctioneers' ANIMAL HEALTH & WELFARE OFFICER (Mr Andrew Templeton).

## Important Notice to Vendors & Purchasers

The full Auction Rules of the BLCS can be viewed in the Society's Byelaws and on the website [www.limousin.co.uk](http://www.limousin.co.uk). A paper copy can be made available upon request to the BLCS office.

**ARRIVAL OF STOCK** - As per timetable of events (page 4).

**PRE-SALE INSPECTION: BULLS** - All bulls must be available for inspection, as per the timetable of events. A Veterinary Officer will examine all bulls forward for general health and genetic defects, particularly teeth, eyes, locomotion. The Veterinary Officer and appointed Society Inspector will check general conformation, locomotion and breed characteristics and temperament. Any animal discovered with a genetic fault, disease or disorder will be **REJECTED**. Animals will be placed in a crush for this inspection - as required by the Veterinary Officer. The Veterinary inspection will form an integral part of the pre-sale inspection procedure.

Please note - "All animals are subject to a pre-sale inspection to provide a minimum standard and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not The British Limousin Cattle Society Ltd".

**IDENTIFICATION MARKS:** At the point of inspection all animals born after 01 January 1998 must be clearly identified in accordance with bye-law 3.12. This includes all calves at foot.

**MARGINAL TEETH** - Any bull found to have marginal teeth when inspected will have their sale ticket marked in yellow. Bulls with marginal teeth will be eligible to be shown in the pre-sale show.

**BLCS RECORDED WEIGHTS** - All bulls will be weighed by BLCS Officials as an integral part of the pre-sale inspection procedure. Official weights (in kgs) will be displayed above each pen.

**EVERY BULL** entered for the Sale, **MUST BE ADEQUATELY TRAINED TO LEAD BY HALTER** and **MUST BE PARADED FOR INSPECTION** unless exempted by the Stewards, at the time and place to be notified. Evidence of faults of temperament, vices, etc., may lead to disqualification. All bulls must be provided with a serviceable halter, which will become the property of the purchaser.

Please ensure all cattle passport documentation is handed to the Market Sales Office upon arrival. Failure to do so or if for any reason the paperwork does not correspond to the cattle being offered for sale, such animals will be not be put forward for the auction.

The proceeds of sale are guaranteed by the Auctioneers, however, this does not extend to the animals sold for export, to which special conditions apply.

**UPSET PRICES** - There will be an 'Upset' price of 2000 guineas on each bull presented for sale - i.e. if no opening bid of 2000 guineas is received for any particular lot, that lot will be passed out of the ring unsold.

**RESERVE PRICES:** Vendors shall have the right to refuse to accept the final bid for their animals. The auctioneers reserve the right to charge half commission on the amount of the final bid in the case of animals which fail to reach the Vendors reserve price.

All animals will be sold in guineas (105 pence) and a commission of 5.25% will be charged by the Auctioneers on all sales. A further levy of 1.5% will be charged and paid to the British Limousin Cattle Society. No animal may be sold privately before being passed through the auction ring and full commission will be charged on the sale of any animal sold by private treaty after the auction. All such transactions must be passed through the auctioneers office.

**STRAW:** A limited amount of bedding straw will be provided.

### THE BRITISH LIMOUSIN CATTLE SOCIETY

Concorde House, 24 Warwick New Road,  
Leamington Spa, Warwickshire CV32 5JG  
Tel: 02476 696500

### The benefits of the system

- Easy, simple and effective
- Register for free (at least 24 hours prior to the sale)
- Login to see and hear the sale
- See the lots in high definition before they enter the sale ring
- View catalogue information on items in the sale
- Bid real time and experience the excitement of the live auction

We recommend viewing the Online Bidding tutorial video prior to registration to understand the process of becoming an internet bidder

**If you are already  
registered click on the  
LIVE RING BIDDING button**

## VENDORS' INDEX

The pedigree, performance, DNA, health information and footnotes included in Society sale catalogues is as supplied by, or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Limousin Cattle Society Ltd (BLCS). It should be noted that the Estimated Breeding Values for all animals change over time, as new performance records come available. While the BLCS and Genesure Ltd seek to ensure that the information contained in catalogues is accurate at the time of printing in accordance with their terms and conditions, no warranty is given in respect thereof by the BLCS and, to the maximum extent permitted by law, the BLCS shall have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained in or omitted from this publication. Genesure Ltd's liability is limited to the extent set out in its terms and conditions (a copy is available from the BLCS office upon request).

**Brontemoor Max** is only being sold as a large number of his daughters have been retained in the herd with the first ones calving earlier this year. **Max** was used heavily at a young age, as a previous stock bull had let us down, hence he is returning to his daughters so soon. **Max** carries 2 copies of the F94L gene, is easy calving and suitable for use on heifers. He has a great temperament and is very good to handle. **Max** has certainly put a stamp on his progeny, breeding some tremendous heifers and bulls (3 of which are also included in this sale). His maternal brother, **Brontemoor Paddy** (lot 164 ) is also offered in this sale.

**Semen has been collected. 300 straws are being retained by the Vendor along with all semen rights.**

**Dyfri Prelude** is the first son of **Hirohito** to be offered at a sale in the UK. He carries the same tremendous width and pelvic structure as his sire and grandsire, the legendary **Bavardage**. A heifer's calf, he is sure to have inherited the calving ease and strong maternal traits of his genetic mix. Extremely quiet, he boasts a strong beef value of LM55. He has two copies of F94L and is semen tested.

Ewdevnale Pennine is a heifer's calf bred out of Ewdevnale Nina whose sire Glenrock Humdinger is a son of Glenrock Spangle, who needs no introduction also being the mother of Glenrock Illusion, who sold as a heifer for 125,000gns. Ampertaine Magnum (sire) has a very short gestation length - up to two weeks below the average. He has been widely used on the Ewdevnale heifers, producing small easily born calves. Pennine has a top beef value of 39 and is in the top 10% for gestation length.

Everpark Partylight is a son of the greatly admired Millington Highlight who was purchased at the Millington Dispersal Sale for 50,000gns with her calf at foot. She has bred very well producing offspring to 30,000gns and a number of very exciting prospects in both the Everpark and Woodmarsh herds. Partylight has always been a standout calf with tremendous width, style and enormous growth rates, whilst combining the best of maternal and terminal genetics.

**Wilodge Eyecontact** (*dam*) is an exceptionally easy fleshing, wide, docile female, with plenty of milk. She was Lot 1 within the Wilodge January sale when sold in calf for 3200gns. She is a consistent producer of quality, hence her presence within the herd until recently. Her two first born daughters remain major influential assets within the Bonshawside and Woodfield Herds. **Wilodge Perrimans** maternal granddam is the renowned **Ravenelle**, dam of **Wilodge Vantastic**. **Wilodge Perriman** carries two copies of the F94L gene, is both sire and dam verified and has an EBV within top 25%. He will be semen tested prior to the sale and insured at the fall of the hammer.

**Ivycliffe Pacquiao** is a tremendous young bull with great natural muscling and balance to him. His pedigree goes back to some great breeding and easy calving lines. **Ampertaine Nightowl** (dam) is a very smart stylish cow out of the Ampertaine herd which was purchased privately. **Goldies Mercury** (sire) is the herds young stock bull whose dam is full sister to the famous **Goldies Fragrance**. **Glamour** herself is breeding extremely well within the herd with many high priced animals.

Ivycliffe Poker is a great looking bull out of Claragh Nancy, one of the best cows in the herd she herself goes back to the famous Haltcliffe Avon. Poker has great power and width and his sire is the great Ampertaine Foreman. His full sisters are stand outs within the herd and both are being retained for breeding. Poker will make an excellent addition to any herd.

**Wilodge Diamante** (*dam*) is to date, the Wilodge herd’s top producing and grossing female of all time. Progeny within our January sale topped at 17,000gns at 14 months. 10 lots, ranging from 3rd calvers to 11 months, averaged over 6000gns. Nine granddaughters topped at 25,000gns, averaging shy of 12,000gns, for 1st calvers down. Previous daughters sold include: **Wilodge Flawless** 27,000gns and **Naturelle** 12,000gns. Males include **Wilodge Lookout** 60,000gns, **Livenletdie** 13,000gns and **Livinitup** 10,000gns. Embryos sold July 2020, topped the online sale at £1,500 each. **Diamante** is also dam of the multi Interbreed award winning, **Wilodge Larimar**. **Profit** carries two copies of the F94L gene, is sire and dam verified, an EBV within top 1% and will be semen tested prior to sale. He will also be insured at the fall of the hammer.

**Wilodge Diamante** (*dam*) is the herd's most prolific performing female and maternal line. Further information on Diamante is within the footnote for **Wilodge Profit** (Lot 211). **Pushup** is  $\frac{3}{4}$  brother **Wilodge LJ**, privately purchased by Goldies Herd, and paternal brother to **Derrygullinane Kingbull**, Male and Reserve Overall Champion 2016 ILC Ireland. **Kingbull** males sold to 15,000gns and 18,000gns during 2020. He is also a successful show calf producer, like his sire and 10,000gns **Wilodge Navigator** May 2019. Two 3rd calving **Glen** daughters in the herd's January sale topped Wilodge cows at 11,000gns with Oct 2020 born bull calf and secured 5,500gns with Jan 2021 born heifer calf at foot. **Pushup** carries an F94L and Q204X gene, is sire and dam verified, an EBV within top 10% and will be semen tested prior to sale. He will also be insured at the fall of the hammer.

Lot 10 Mr A. Breeder

Concorde Magician

Born 18/04/2016

XY16-4321

UK 123456/654321

Got by AI

Natural Calf

Myostatin: F94L/Nt821

Gen. Colour: Hom. Red

Polled: Hom. Horned

## 1 Birth Type

‘Got by AI’ indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. ‘Natural calf’ indicates the calf was born to its biological dam. ‘ET calf’ indicates the calf was born as a result of embryo transplant.

## 2 Myostatin

“Not tested” indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website [www.limousin.co.uk](http://www.limousin.co.uk), search in ‘performance programmes’. In summary:

### The Variants:

<b>F94L</b>	Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with <b>no</b> associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.
<b>NT821</b>	Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are ‘heterozygous’ with F94L (ie F94L/nt821) they will still exhibit quality carcass characteristics but are less likely to be affected by more difficult calvings.
<b>Q204X</b>	Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are ‘heterozygous’ with F94L (ie F94L/Q204X) will still exhibit quality carcass characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

### The recognised benefits of Myostatin are:

- ✓ **Increased Meat Yield** – by up to 19%.
- ✓ **More feed efficient**
- ✓ **Higher meat quality** – increased tenderness, reduced fat content, higher polyunsaturated fats

## Using Myostatin information

**An important factor to remember is that carcass traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.**

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

## 3 Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene, the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

## 4 Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to [www.limousin.co.uk](http://www.limousin.co.uk), search in 'performance programmes' or scan the QR code above.

## 5 Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

- a) **In sale catalogues, Breed Average for each trait is represented by the vertical line that is central on the bar chart...** a
  - ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
  - ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.
- b) Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time. b
- c) The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to [www.limousin.co.uk](http://www.limousin.co.uk) and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

**EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...**

**Step 1:** Go to [www.taurusdata.co.uk](http://www.taurusdata.co.uk)

**Step 2:** In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

## 6 Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us know - telephone 02476 696500, e-mail [info@limousin.co.uk](mailto:info@limousin.co.uk) or speak to Society staff and Council members attending the sale.

## 2021 Limousin Breed Benchmark

Trait	Bottom			Breed Average	Top		
	1%	10%	25%		25%	10%	1%

<b>Retail Value*</b>	<b>LM15R</b>	<b>LM22R</b>	<b>LM26R</b>	<b>LM31R</b>	<b>LM35R</b>	<b>LM40R</b>	<b>LM47R</b>

For Enquiries: The British Limousin Cattle Society Tel 02476 696500 Email [info@limousin.co.uk](mailto:info@limousin.co.uk)

\* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

## FOR INFORMATION

### Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

<b>Calving Value</b>	An economic indicator of the collective value of Gestation Length and Calving Ease
<b>Beef Value</b>	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
<b>Retail Value</b>	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcass weight of 350kgs.

### NB: Using Calving Ease and Maternal Calving Ease

**Calving Ease EBV** *Predicts how easy a bull's own calves will be born.*  
**Maternal Calving Ease EBV** *Predicts how easily a bull's daughters will calve.*

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to [www.taurusdata.co.uk](http://www.taurusdata.co.uk) and click on 'Beef Search'

For more information on EBVs and GEBVs please go to [www.limousin.co.uk](http://www.limousin.co.uk) and click on 'Performance Programmes' or get in touch on the numbers below.

## Johne's Disease Risk Level Reminder - CHeCS

If you are looking to buy or sell stock it is important to know your own herd's Johne's disease risk level, as well as that of any cattle that you might add to your herd.

**Level 1** – There have been at least three clear annual herd tests and there is a Johne's Disease herd health plan in place. This is the lowest level of risk

**Level 2** – There has been at least one clear herd test but the herd does not yet qualify for Level 1 status. There is a Johne's disease herd health plan in place

**Level 3** – Three per cent or less of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

**Level 4** – More than three per cent of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

**Level 5** – This includes herds without a health plan for Johne's disease, herds that not adhere to the mandatory elements of the health plan and herds that do not carry out the required testing. This is the highest level of risk

### PLEASE NOTE: IMPORTANT RULE ABOUT BUYING AND SELLING AND RISK STATUS!

It is important to remember that if an animal of a lower risk level status is added to your herd, if it is ever sold on from your holding it must be sold as its original risk level status (i.e. a **Risk Level 3** animal added to a **Risk Level 2** herd must remain as **Risk Level 3** if sold again).

However, animals added from a higher Risk Level Status herd to a lower Risk Level Status herd take on the status of the herd that they are added to and must be sold as such (i.e. a **Risk Level 1** animal added to a **Risk Level 4** herd would then have to be sold as **Risk Level 4** in the future).

## LIVE STREAMING BIDDING AVAILABLE

HARRISON &  
HETHERINGTON

[www.harrisonandhetherington.co.uk/live-streaming/](http://www.harrisonandhetherington.co.uk/live-streaming/)

### The benefits of the system

- Easy, simple and effective
- Register for free (at least 24 hours prior to the sale)
- Login to see and hear the sale
- See the lots in high definition before they enter the sale ring
- View catalogue information on items in the sale
- Bid real time and experience the excitement of the live auction

We recommend viewing the Online Bidding tutorial video prior to registration to understand the process of becoming an internet bidder

**If you are already  
registered click on the  
LIVE RING BIDDING button**

## **Herd Health at British Limousin Cattle Society (BLCS) Collective Sales**

### **Introduction**

The principal aim is to standardise herd health declarations and information presented in order to provide both members and customers alike with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

### **BLCS Herd Health Rules have two principal elements:**

Part 1. Herds selling at the premier Collective Society Sales have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme. At a minimum, this must include a whole herd test for Johne's disease.

Part 2. All animals male and female, including calves at foot, presented at the premier Collective Society Sales be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. All animals forward will be required to be BVD vaccinated prior to sale with an approved vaccine. Pregnant animals must have had testing and vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

### **Herd Health Declaration**

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions regarding for example: TB status; membership of CHeCS ([www.cheecs.co.uk](http://www.cheecs.co.uk)) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johne's, BVD, IBR and Lepto status. On line entries also require the Herd Health Declaration form to be completed.

### **Is the Herd Health Declaration compulsory?**

The Herd Health Declaration is compulsory at all Premier Collective Sales. For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

Although not compulsory at other collective sales (Melton Mowbray in April & Ballymena, Dungannon, Thainstone & Stirling in May), the Society recommends that vendors complete the Herd Health Declaration. This information then appears in the Vendors' Index within the catalogue. Where a member has chosen not to complete the Herd Health Declaration, it will simply say 'No Herd Health Declaration'.

### **What Other Health Information may be displayed?**

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

Again, for reasons of practicality, no health information notes are to be put in the catalogue footnotes by vendors. Similarly, the Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

### **Johne's Risk Levels**

The Herd Health Declaration includes a section where breeders are able to indicate their Johne's Risk Level, once known.

#### **The Risk Levels are as follows:**

<b>Risk Level 1</b>	herds that were previously Accredited
<b>Risk Level 2</b>	herds that have had 1 or more clear qualifying tests
<b>Risk Level 3</b>	herds that have 3% or fewer reactors every year*
<b>Risk Level 4</b>	herds that have more than 3% reactors every year**
<b>Risk Level 5</b>	herds not in a CHeCS Johne's disease programme, herds with no health plan in place and herds that are not carrying out the required testing

\* Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 3 will be one animal testing positive for Johne's

\*\* Note, for herds with fewer than 33 animals in the target age range, rather than 3%, Risk Level 4 will be more than one animal testing positive for Johne's

It is a condition of BLCS Premier Collective Sales that animals from herds that are Johnes Risk Level 5 are not permitted to be sold.

Should you have any queries regarding the new Johne's Risk Level classification, please contact your respective CHeCS health scheme.

What if a vendor is selling an animal/s that he did not breed?

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are advised to speak to vendors directly to acquire accurate health information on animals offered but not bred by the seller.

### **Feedback & more information**

The Society welcomes members' and customers' feedback on the Herd Health Declarations and health policy at sales. If you have further questions, please speak to the Society representative, Will Ketley or the Auctioneers.

FARM & RURAL INSURANCE

# Because you can't always reap what you sow...

As a leading independent insurance broker we are here to work with you to help protect your business. We take the time to get to know you and understand your business, which helps us to find the correct insurance cover at the right price for you. We offer insurance advice throughout the North of England, Scottish Borders and North Wales to our rapidly growing client base – large and small – why not talk to us next time your renewal is due?

**HEALTH AND SAFETY RULES  
HARRISON & HETHERINGTON LIMITED  
NOTICE TO ALL VISITORS AND TRADERS  
PLEASE READ AND OBSERVE  
THE FOLLOWING**

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

**AUCTIONEER'S TERMS & CONDITIONS OF SALE**

(Incorporating the Auctioneer's  
Terms and Conditions )

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
