

Benefits of joining the British Limousin Cattle Society

As a member of the Limousin Cattle Society, you are part of a family of more than 2,500 like-minded breeders.

The Society's objectives are to maintain an accurate and up to date herdbook of the Limousin cattle population in the UK, promote the breed and most importantly, support its members.

You will receive a copy of each of the publications we produce each year to keep members up to date with the latest Society news and breed developments, as well as promote the breed to the wider farming community.

We have regional clubs across the UK which form a business and social hub for Limousin breeders, giving members the opportunity to mix and socialise with fellow breeders and others with an interest in the breed.

Joining the UK's no.1 beef breed will enable you to –

- Registration of pedigree animals
- Sell at Society Sales
- Enter bulls on the Semen Royalty Scheme
- Performance record
- Enter Limousin breed classes at agricultural shows
- Participate in regional club activities
