Purchasers unable to remove their stock on the day of sale can arrange overnight accommodation with the Auctioneers on the understanding that all cattle are at Purchasers' risk.

DISCLAIMER: The pedigree, performance, DNA, health information and footnotes included in Society sale catalogues is as supplied by, or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Limousin Cattle Society Ltd (BLCS). It should be noted that the Estimated Breeding Values for all animals change over time, as new performance records come available. While the BLCS and Genesure Ltd seek to ensure that the information contained in catalogues is accurate at the time of printing in accordance with their terms and conditions, no warranty is given in respect thereof by the BLCS and, to the maximum extent permitted by law, the BLCS shall have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained in or omitted from this publication. Genesure Ltd's liability is limited to the extent set out in its terms and conditions (a copy is available from the BLCS office upon request).

Foreword:

Welcome to the Ronick Production Sale.

The Ronick Herd was established in 1980 some 41 years ago and the family has ever since had a great passion for Limousin. Our main concentration over the years has been to breed top quality females as they are the foundation every herd needs to breed and succeed. We pride ourselves in the success we have had over the decades with many Ronick bred animals gaining top honours at major shows throughout the UK and Ireland. David and Ronald will always remember having the first Limousin to win Interbreed Champion at the Royal Show with Broadmeadows Ainsy many years ago.

Many of the bloodlines from these great show cows, Ainsy, Beauty, Janita to name a few, will feature throughout the sale females we have on offer as we find it necessary to sell established and successful bloodlines that we have confidence will go on and produce in any herd. We have some outstanding heifers forward for the sale, in our eyes, that we hope to see them giving other breeders joy and success over the years to come. This is our fourth production sale only due to ever increasing numbers that come with 250 pedigree cows.

We have a great influence on our herd over the recent years from our stock bulls. Rathconville Eugene 17,000gns is definitely leaving his stamp on the females with many daughters winning prestigious events such as Red Ladies champion, Honey, who sold for 20,000gns and other daughters winning the Scottish Grand Prix and helped take top awards in the Scottish herd competition over the years. Ampertaine Jamboree, 45,000gns, is another leaving his mark, selling bulls to 10,000gns and leaving great easy calving through the herd with milky females. More recently we have purchased French bred MattBen after selling sons to a top of 14,000gns in May from Al to him. Alongside this we have Millgate Ohboy of which we are offering some of his first, very promising offspring and Meadowrig Oddjob who we have high hopes for with the Ronick McAinsy in his dam line. We have also purchased back Ronick Laddie who we sold for 8000gns after being impressed with his progeny.

We also have lots featured from the Stephick herd in the sale. The Stephick herd runs alongside the Ronick herd and was established in 2010. At just 16, I decided to venture into the Limousin world that my family have been so heavily involved in and start my own herd. Through family connections my foundation cow came from the Ronick herd, Ronick Voici, a daughter of the noted Ronick Janita. Voici has been the largest influence in my herd, followed by other foundation females Sarkley Fabulous, Emslies Glamourpuss and French cows Bastille and Caline.

Sharing stock bulls, or should I say borrowing their stock bulls, and using selective AI to try and produce top quality males and females. I won the Scottish Limousin Clubs small herd prize in the 2016 herd competition and Female of the Year with Stephick Mistique in 2018, same year as she claimed Reserve Champion at the Great Yorkshire Show. Bull sale highlights are topped with Stephick Flashi reaching 10,500gns and picking up Junior Champion. I strive to breed the best and have always maintained the quality not quantity outlook on my herd, trying to keep it ever progressing with strong bloodlines through it. I will be sad to see some females go however I know that they will go on and excel in whichever herd they go to.

Health Status – we are a high health herd being members of the SAC Premium Health scheme. The herd is Johnes level one, from a TB 4 area and BVD accredited with all animals being tag tested.

We hope to see you at the sale and sharing in our journey. Many thanks to all our previous customers for their continued support and we look forward to seeing you all and meeting the new customers at the sale. Thanks to Stockman Stewart Bett and all who have helped in preparing and looking after the cattle. Also H&H and the Limousin Society for all their assistance and we wish you all the best of luck with your purchases.

Cattle will be available to view on farm before the sale and visitors are always welcome. To arrange a viewing please contact Steph on 07874013414.

David, Ronald and Stephanie.

RHOSWEN ROSIE (*gdam*) has a full French pedigree behind her for some different bloodlines, alongside Ronick Janita coming through in this pedigree also. Indigos calving record is no fault of her own, in 2017 she had wooden tongue so we let her recover and in 2020 she had a still born calf to reared a twin on. As you can see from Silver she can definitely produce the goods.

RONICK DOREEN (dam) is one of our most dominant and best cow families in the herd. She consistently places in the best cow family in the Scottish herd competition and all her daughters are stand out. Ronick JessieJ is only offered for sale as we have a few full sisters retained. She is a powerful, feminine, picture of a cow that would make a great foundation/flush cow for someone. Her show career started from success at Stars of the Future right through to a cow.

Definitely a top pick from us.

RONICK NICOLE is a young cow that we think has a bright future. There is only a few Millgate Ohboy calves forward as this is his first progeny with us and Nicole has a very smart heifer calf at foot by him. Sired by the easy calving Stephick Hero who is a Ronick Gains son there is some great blood here. Ronick Honest (*dam*) has a great heifer calf at foot again this year.

RONICK PAIGE is something a little different for the pedigree world. Sired by our new stock bull Mattben – sire of our 14,000gns bull sold in May. Paige is the only heifer forward from him and is sire of our 14,000gns bull in May, she is the only one forward from him. She is just a heifer's calf, gdam Alexis is a Broadmeadows Cannon cow so there is great depth of breeding behind her. She is a lovely natural fleshing heifer that will make a great cow.

RONICK PLEASURE if you want a heifer to win the shows and breed the stars, Steph's pick would be Pleasure. She is a double gene carrier, sired by Rathconville Eugene she has plenty power and crossed with Wilodge Granville she has the shape. The female lines speak for themselves here with Ronick Janita shining through.

AMPERTAINE MAJESTIC (MGD16-1487) sire – Plumtree Fantastic, dam – Ampertaine Joy (by Goldies Fantastic). Progeny includes Ampertaine Punch 35,000gns Carlisle Oct 2020.

ATTILA (36-15-076-572) sire – Pacha, dam – Orgie (by Mammouth). Imported as a yearling calf from France in Sept 2006 from the Patureau Herd – breeders of a number of influential bull used today in the UK for example Jacot, Rossignol, Rocky, Requin (Bailea herd), Saphir (Hafodlas herd), Paul (Glangwen herd), Titan (Oddacres herd) and Vivaldi who are excelling in breeding cattle with exceptional shape. Attila's grandmother, Delicieuse, was also the grandmother of Requin, sire of Bailea Umandy. Attila to date has sired less than 50 pedigree and commercial calves and already they are making a name for themselves (although the majority of them are still under a year old). He is the sire of Poker Face who was out of a Belgian Blue cross Limousin cow and bred by Christopher Dick. She was sold to Melanie & Michael Alford at the Caledonian calf sale in September 2009 for £1500 (aged only 9 months). Poker Face has since done exceptionally well for the Alford's winning Baby Beef Champion at both the English Winter Fair and the Welsh Winter Fair in 2009, and Reserve Baby Beef Champion at the Scottish Winter Fair 2009. She was described by the judge at the Welsh Winter Fair as "a tremendous heifer, showy and stylish and hard to fault". Pedigree progeny includes Lodge Dapper 4,500gns Carlisle Oct 2009; Lodge Esquire sold privately aged 5 months old to the Littlewood Limousin Herd owned by the Barlow Brothers, Preston, Lancashire, Lodge Delgada 9,000gns Carlisle Feb 2010. Pictures of Attila and his progeny can be seen on website www.lodgelimousin.co.uk

BROADMEADOWS CANNON (CAVC-031) sire – Broadmeadows VIP, dam – Broadmeadows Ainsie (by Tanhill Rumpus). Cannon is the most prolific Limousin bull in the history of the British Limousin Cattle Society. His sire Broadmeadows VIP was a first prize winner at the Royal Show and his dam Broadmeadows Ainsie won the individual interbreed at the Royal Show in 1991. Cannon was initially sold at the October 1988 Carlisle sale for 8000gns and was purchased privately by David Dick in 1990. Innumerable pedigree and commercial progeny and grand progeny have won some of the very highest UK show honours and have sold consistently well to feature prices at Society sales. Some feature achievements include; Sire of Ryedale Orion, Interbreed Junior Champion at the 1999 RHS, RASE, RWS and Gt. Yorks, sold for 10, 500 Carlisle April 2002; Woodhouse Rufus Perth Feb 2002 8000gns; Woodhouse Reg Perth Feb 2002 8500gns; Rombalds Rebel Carlisle March 2002 10,500gns; Eden Romeo Carlisle May 2002 10,500gns; Ronick Respect Carlisle May 2002 9000gns; Sundale Renaissance Carlisle May 2002 8200gns; Ronick Raider 6800gns Perth Oct 2002. Sarkley Sebastian 23,000gns and Gunnerfleet Stalone 10,000gns Carlisle May 2003. 1996 – Sired Windsloe Julia, a heifer, the RHAS Supreme Champion 1999- Millbrook Lancelot, a Cannon son won the RASE Supreme Championship and was part of the RASE Burke Trophy winning pair. 2000 – Millbrook Lancelot wins the RHAS Championship, the individual interbreed championship and is part of the Interbreed winning team of four. 2000 – Laverock Nimrod, a Cannon son, wins the RASE Championship. 2000 – Ronick One wins the RHAS Marks and Spencer Young Bull Championship. 2000 – Aftershock, a Cannon son, wins the Scottish Winter Fair supreme championship. Cannon sons standing at A.I. include Ronick Hawk, Redpaths Jaguar, Hartside Jacko and Broadmeadows Lydo. 1 Birth Type

‘Got by AI’ indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. ‘Natural calf’ indicates the calf was born to its biological dam. ‘ET calf’ indicates the calf was born as a result of embryo transplant.

2 Myostatin

“Not tested” indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website www.limousin.co.uk, search in ‘performance programmes’. In summary:

The Variants:

F94L	Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with no associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.
NT821	Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are ‘heterozygous’ with F94L (ie F94L/nt821) they will still exhibit quality carcase characteristics but are less likely to be affected by more difficult calvings.
Q204X	Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are ‘heterozygous’ with F94L (ie F94L/Q204X) will still exhibit quality carcase characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

The recognised benefits of Myostatin are:

- ✓ **Increased Meat Yield** – by up to 19%.
- ✓ **More feed efficient**
- ✓ **Higher meat quality** – increased tenderness, reduced fat content, higher polyunsaturated fats

Using Myostatin information

An important factor to remember is that carcase traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

3 Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene, the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

4 Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to www.limousin.co.uk, search in 'performance programmes' or scan the QR code above.

5 Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

a) In sale catalogues, **Breed Average for each trait is represented by the vertical line that is central on the bar chart...**

- ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
- ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.

b) Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time.

c) The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to www.limousin.co.uk and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to www.taurusdata.co.uk

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

6 Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us know - telephone 02476 696500, e-mail info@limousin.co.uk or speak to Society staff and Council members attending the sale.

* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

Calving Value	An economic indicator of the collective value of Gestation Length and Calving Ease
Beef Value	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
Retail Value	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcass weight of 350kgs.

NB: Using Calving Ease and Maternal Calving Ease

Calving Ease EBV *Predicts how easy a bull's own calves will be born.*

Maternal Calving Ease EBV *Predicts how easily a bull's daughters will calve.*

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available.
