HARRISON & HETHERINGTON LTD

NOTICE TO PURCHASERS

Business trading terms and settlement of purchases

Payment due on Day of Purchase

Interest chargeable from date of purchase at 7.25%
over Clydesdale Bank base rate at the time, for accounts in default
Purchases shall be governed by and construed in accordance with the law in
England and Scotland

Accepted form of payments

direct bank transfer; debit card; cheque - known customers only; bankers draft
2% surcharge will apply to Business Credit Card payments
If payment is made by credit card, it must be linked to a business bank account

Completion of a Buyers Slip is essential for parties who have not dealt
with the Company before.

No Lots can leave the market without a 'Pass Slip' being issued by the
main office.

New customers and or agents wishing to purchase on behalf of another party
must contact the company's main office at Carlisle at least 48 hours prior to
sale, to provide full details and references for authorisation

Please note that all lots/items must be settled on the day of purchase and prior
to clearance of any stock

For the avoidance of doubt H&H reserve the right to contra or keep sale proceeds
to offset against an outstanding account.

Purchasers From Outside the United Kingdom

Invoices will be raised in pounds sterling

IMPORTANT NOTICE TO PROSPECTIVE PURCHASERS

ALL LOTS MUST BE SETTLED ON THE DAY OF PURCHASE

Parties who have not dealt with the company before should complete the undernoted form
and hand it in to the auctioneers' clerk when a purchase is made.

Alternatively it can be sent to the main office in advance of the sale.

HARRISON & HETHERINGTON LIMITED, BORDERWAY MART, CARLISLE

Notice to all Visitors and Traders

Please read and observe the following:

- Excessive dirty vehicles will not be allowed entry, therefore ensure vehicle is clean before arrival.
- All vehicles transporting livestock will be subject to a documentation check before entry to market site.
- All visitors and traders must ensure they wear clean clothing and footwear before entering market site.
- All visitors and traders using car park areas please use main entrance.
- Hauliers and farmers delivering livestock must disinfect their boots before and after loading or unloading.
- Livestock purchased or unsold will not be allowed to move unless an authorised "pass slip" has been issued by the main office.
- No livestock will be allowed to remain on the premises after a sale.
- Only staff, livestock hauliers, owners or their agents are permitted to load or unload livestock.
- Wash hands thoroughly when leaving pennage areas.
- Please observe our staff's instructions at all times.

Our on site Biosecurity Officer, Stuart Graham, will only be too pleased to give you assistance.

Our Heritage – Your Future

General Information & Sale Notes

LOCATION: The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1/4 mile of M6.

TIMETABLE OF EVENTS:

Thursday 14th October

| | |
|----------------------|------------|
| Arrival of Stock | 11am - 5pm |
| Identification Check | 2pm - 6pm |

Friday 15th October

| | |
|------|-----|
| Sale | 5pm |
|------|-----|

CONDITIONS OF SALE: With the exception of the Breconside Herd, all cattle will be under the British Limousin Cattle Society's Auction Sale Rules and subject to recommended Conditions of Sale of the National Beef Association (NBA). This sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both of which are available on request. In the event of any discrepancy between the two sets of conditions, the NBA Conditions of Sale shall prevail. The Breconside herd will be sold under Dispersal Sale rules whereby no warranties of any sort are implied or given.

ONLINE BIDDING FACILITY will be available for the Limousin Bull & Female Sales.

Log onto <https://harrisonandhetherington.co.uk/online-sales/> for further details to register.

INSURANCE: A representative of H & H Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

METHOD OF SALE: All cattle will be sold in guineas (105 pence) and a commission of 5.25% will be charged on all sales. All lots will be sold strictly in catalogue order, unless any alteration is announced by the Auctioneers.

COMMISSIONS: The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

REGISTRATIONS: All stock in the Sale are registered with the British Limousin Cattle Society.

SEMEN ROYALTY SCHEME BULL REGISTER: Purchasers are asked to note that where a female is catalogued as being served/inseminated by a "Semen Royalty" Sire the appropriate royalty will be payable by the purchaser prior to registration of the calf.

PEDIGREE TRANSFERS: Official Pedigree Transfers will be effected by the Auctioneers and the British Limousin Cattle Society as soon as possible after the Sale. Full pedigrees will be transferred free of charge to all members.

NBA WARRANTIES: This Sale is also held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beef Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for Pedigree Cattle Breeders, the Council of the Association has decided that a special levy, amounting to £3 per male and £2 per female head/lot sold (plus VAT) shall be charged to each Purchaser.

SETTLEMENT AND CLEARANCE OF STOCK: Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

VENDORS' INDEX

The pedigree, performance, DNA, health information and footnotes included in Society sale catalogues is as supplied by, or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Limousin Cattle Society Ltd (BLCS). It should be noted that the Estimated Breeding Values for all animals change over time, as new performance records come available. While the BLCS and Genesure Ltd seek to ensure that the information contained in catalogues is accurate at the time of printing in accordance with their terms and conditions, no warranty is given in respect thereof by the BLCS and, to the maximum extent permitted by law, the BLCS shall have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained in or omitted from this publication. Genesure Ltd's liability is limited to the extent set out in its terms and conditions (a copy is available from the BLCS office upon request).

CATALOGUE

WESTPIT HERD

The Gammie family would like to welcome everyone to their first female sale.

We would like to thank everyone who has helped prepare the cattle at home and at the market. To Heather and all the staff at H&H and the British Limousin Cattle Society this wouldn't of been possible without you all.

Thanks to everyone that has shown an interest and to the purchasers, we wish you the best of luck with your new additions.

The cattle will be available to view on farm and visitors are always welcome. To arrange a viewing please contact **Andrew** on **07595233341**.

Health status: Member of SAC health scheme; 4 year TB testing (never had TB on holding); Johnes Risk Level 2; BVD accredited since 2009; IBR marker vaccine (breeding females only); BVD Bovella Vaccine; Lepto vaccine Leptovoid-H

WESTPIT MOLLY is one of only two daughters of **Brockhurst Holy**. She is maternal sister to **Westpit Nando, Omaha, Orlando, Nashville** and **Nevada** to name a few. A pedigree that is full of great breeders including **Bankdale Alice, Brockhurst Bolshoi, Wilodge Vantastic** and **Ronick Mcainsi**. **Molly** was quite ill when young and never filled out to her potential but her two daughters have been retained in the herd for breeding. **Molly's** full brother **Westpit Ollie** was sold at 14 months to the Wedderburn and Aultside herds.

This female has been flushed twice, 6 embryos have been collected of which 2 remain frozen.

WESTPIT LIONESS is a really shapely, wide daughter of **Jalex Itsallgood**. Her first calf **Westpit Pedro** sold privately to a top suckler herd in Southern Ireland. **Westpit Ivy** (*gdam*) has bred bulls to 17,000gns.

This female has been flushed once, 5 embryos have been collected of which 2 remain frozen.

WESTPIT PRICELESS is full sister to 20,000gns **Westpit Nando**, 13,000gns **Nashville**, 14,000gns **Nevada** and 9000gns **Newton**. Maternal sister to **Westpit Omaha** sold privately to Haltcliffe, **Oasis** 7500gns, **Orlando** 12,000gns and **Orion** who was injured after being Junior Male Champion RWAS 2019. **Priceless** carries 2 copies of the F94L gene and is one of only two Holy heifers on the ground. A real opportunity to buy the best of Limousin genetics that includes **Bolshoi**, **McAinsi**, **Vantastic**, **Mas Du Clo**, **Samson** and **Dinmore Caprice** There are two heifer calves retained in the herd and 3 pregnancies due in November. Opportunities like this don't come around very often and would be an asset to any herd.

This female has been flushed 3 times, 12 embryos have been collected of which 3 remain frozen.

WESTPIT ROYALJEN offers a rare opportunity to buy a female from the Ellajen family. **Sarkley Ellajen** bred the 50,000gns **Bassingfield Machoman** who is breeding very well for the Nimmo Family. **Royaljen** is by the renowned **Ampertaine Foreman**. She carries 2 copies of the F94L gene and she is only for sale as we have 2 full ET sisters retained.

BARRONS HERD

Foreword

Barrons Limousin herd was founded in 1980 the herd prefix then being Newacres. I ran a handful of cows alongside my father's dairy herd. In 1997 I started farming on my own and moved to Morrow Edge, changed the herd prefix to Barrons and started to build the herd of which the entire calved females are being offered for sale.

As the herd is small, every female in the sale apart from the first calved heifers have earned their right to be retained. I sincerely hope these cows will perform for their new owners as they have for me. Where possible the cows have seen served with bulls as if I was keeping them to calf myself.

The herd has done me proud in the North East Limousin Club herd competition Overall Champion herd in 2013, 2014, 2015 and runner up in 2016 and Champion herd again in 2017, 2018 and 2019, no competition in 2020. This herd has also performed well at various shows over the years winning Champion of Champions on a number of occasions.

Many thanks to John Murray, Helen Claxton and Malcolm Telfer for their help over the years. Also to the people who occasionally help out including the staff at H&H. It is much appreciated.

BARRONS MAJOR has two copies of the easy calving F94L gene. I have had no calving issues with **Major** to date. Both cows and heifers are fed adlib silage pre calving. **Major** has an excellent temperament which he is passing on to his progeny.

50 straws of Barrons Major semen to be collected from vendors flask as good luck penny. The remaining 400 straws and the Semen Royalty Rights will remain with the vendor.

BARRONS MAJOR (Lot 50)

BRECONSIDE HERD

Breconside Dispersal

Welcome to our sale which is a genuine Dispersal Sale with all our cattle forward. We hope that they go on and do well for all purchasers.

It is with great sadness that we have come to the decision to disperse the herd, but age, fitness and time have caught up with us.

Whilst we started the herd in 2001 after Foot and Mouth, we had a major reduction sale in 2017 with a view to cutting numbers and improving the quality of the females. We kept a small nucleus of the original herd and purchased additional females from a number of sources as can be seen from this catalogue. Rebuilding the herd included the purchase of a new stock bull, Gunnerfleet Nato, who is full brother to Gunnerfleet Lion and needs no introduction. We are very pleased with his progeny, introducing power and shape into the herd. In addition to the new stock bull, we have done a certain amount of ET work and AI as can be seen in the catalogue.

In 2019 we were lucky enough to have the Supreme Champion at the Red Ladies Day sale with Breconside Ora who went on to sell for £7,100 (the following day Peter had a full blown heart attack!)

In 2020 we entered the Scottish Limousin Club herd competition for the first time and were delighted to be awarded the Best New Exhibitor and we were placed runner up in the Small Herd category - the Judge being Richard Bartle.

Herd health has always been an important aspect of our management.

We are:

- Currently on 4 yearly TB testing regime, last test April 2019
- Johne's risk level 1 since 04/03/2011
- BVD Accredited free since 09/12/2011

We would like to thank Dennis Gall for helping us through the herd rebuilding, Adam Dalgliesh for his everyday advice and help, Richard Rettie and his team for helping prepare the cattle for this sale and all the staff at H & H for their help over the years and especially today.

1 Birth Type

‘Got by AI’ indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. ‘Natural calf’ indicates the calf was born to its biological dam. ‘ET calf’ indicates the calf was born as a result of embryo transplant.

2 Myostatin

“Not tested” indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website www.limousin.co.uk, search in ‘performance programmes’. In summary:

The Variants:

| | |
|--------------|---|
| F94L | Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with no associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree. |
| NT821 | Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are ‘heterozygous’ with F94L (ie F94L/nt821) they will still exhibit quality carcass characteristics but are less likely to be affected by more difficult calvings. |
| Q204X | Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are ‘heterozygous’ with F94L (ie F94L/Q204X) will still exhibit quality carcass characteristics but are less likely to be affected by larger birth weights and reduced milking ability. |

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

The recognised benefits of Myostatin are:

- ✓ **Increased Meat Yield** – by up to 19%.
- ✓ **More feed efficient**
- ✓ **Higher meat quality** – increased tenderness, reduced fat content, higher polyunsaturated fats

Using Myostatin information

An important factor to remember is that carcass traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

3 Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene, the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

4 Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to www.limousin.co.uk, search in 'performance programmes' or scan the QR code above.

5 Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

- a) In sale catalogues, **Breed Average for each trait is represented by the vertical line that is central on the bar chart...**
 - ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
 - ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.
- b) Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time.
- c) The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to www.limousin.co.uk and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to www.taurusdata.co.uk

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

6 Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us know - telephone 02476 696500, e-mail info@limousin.co.uk or speak to Society staff and Council members attending the sale.

2021 Limousin Breed Benchmark

| Trait | Bottom | | | Breed Average | 25% | Top | |
|---------------------------|--------------|--------------|--------------|------------------|--------------|--------------|--------------|
| | 1% | 10% | 25% | | | 10% | 1% |

| Retail Value* | LM15R | LM22R | LM26R | LM31R | LM35R | LM40R | LM47R |

For Enquiries: The British Limousin Cattle Society Tel 02476 696500 Email info@limousin.co.uk

* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

| | |
|----------------------|---|
| Calving Value | An economic indicator of the collective value of Gestation Length and Calving Ease |
| Beef Value | An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth |
| Retail Value | An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcass weight of 350kgs. |

NB: Using Calving Ease and Maternal Calving Ease

Calving Ease EBV *Predicts how easy a bull's own calves will be born.*

Maternal Calving Ease EBV *Predicts how easily a bull's daughters will calve.*

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to www.taurusdata.co.uk and click on 'Beef Search'

For more information on EBVs and GEBVs please go to www.limousin.co.uk and click on 'Performance Programmes' or get in touch on the numbers below.

For Enquiries: The British Limousin Cattle Society Tel 02476 696500 Email info@limousin.co.uk

Johne's Disease Risk Level Reminder - CHeCS

If you are looking to buy or sell stock it is important to know your own herd's Johne's disease risk level, as well as that of any cattle that you might add to your herd.

Level 1 – There have been at least three clear annual herd tests and there is a Johne's Disease herd health plan in place. This is the lowest level of risk

Level 2 – There has been at least one clear herd test but the herd does not yet qualify for Level 1 status. There is a Johne's disease herd health plan in place

Level 3 – Three per cent or less of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

Level 4 – More than three per cent of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

Level 5 – This includes herds without a health plan for Johne's disease, herds that not adhere to the mandatory elements of the health plan and herds that do not carry out the required testing. This is the highest level of risk

PLEASE NOTE: IMPORTANT RULE ABOUT BUYING AND SELLING AND RISK STATUS!

It is important to remember that if an animal of a lower risk level status is added to your herd, if it is ever sold on from your holding it must be sold as its original risk level status (i.e. a Risk Level 3 animal added to a Risk Level 2 herd must remain as Risk Level 3 if sold again).

However, animals added from a higher Risk Level Status herd to a lower Risk Level Status herd take on the status of the herd that they are added to and must be sold as such (i.e. a Risk Level 1 animal added to a Risk Level 4 herd would then have to be sold as Risk Level 4 in the future).

Herd Health at British Limousin Cattle Society (BLCS) Collective Sales

Introduction

The principal aim is to standardise herd health declarations and information presented in order to provide both members and customers alike with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

BLCS Herd Health Rules have two principal elements:

Part 1. Herds selling at the premier Collective Society Sales have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme. At a minimum, this must include a whole herd test for Johne's disease.

Part 2. All animals male and female, including calves at foot, presented at the premier Collective Society Sales be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. All animals forward will be required to be BVD vaccinated prior to sale with an approved vaccine. Pregnant animals must have had testing and vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

Herd Health Declaration

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions regarding for example: TB status; membership of CHeCS (www.cheecs.co.uk) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johne's, BVD, IBR and Lepto status. On line entries also require the Herd Health Declaration form to be completed.

Is the Herd Health Declaration compulsory?

The Herd Health Declaration is compulsory at all Premier Collective Sales. For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

Although not compulsory at other collective sales (Melton Mowbray in April & Ballymena, Dungannon, Thainstone & Stirling in May), the Society recommends that vendors complete the Herd Health Declaration. This information then appears in the Vendors' Index within the catalogue. Where a member has chosen not to complete the Herd Health Declaration, it will simply say 'No Herd Health Declaration'.

What Other Health Information may be displayed?

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

Again, for reasons of practicality, no health information notes are to be put in the catalogue footnotes by vendors. Similarly, the Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

Johne's Risk Levels

The Herd Health Declaration includes a section where breeders are able to indicate their Johne's Risk Level, once known.

It is a condition of BLCS Premier Collective Sales that animals from herds that are Johnes Risk Level 5 are not permitted to be sold.

Should you have any queries regarding the new Johne's Risk Level classification, please contact your respective CHeCS health scheme.

What if a vendor is selling an animal/s that he did not breed?

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are advised to speak to vendors directly to acquire accurate health information on animals offered but not bred by the seller.

Feedback & more information

The Society welcomes members' and customers' feedback on the Herd Health Declarations and health policy at sales. If you have further questions, please speak to the Society representative, Will Ketley or the Auctioneers.

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
