Galbraith Stirling Bull Sales Buyer Registration

> Attending Sale

Attending Sale

You must only register to attend the sale if you have a genuine intention to buy. There is no spectator element to this event. In the event of buyers' registrations exceeding capacity, a ballot will be drawn to determine attendance.

General public, trade and others not directly involved in sales must not attend

- Facemasks must be worn at all times

> Bid Online

Bid Online

To bid online you should follow this link and click on log in/register. Once adequate Know Your Customer checks have been completed, your registration will be finalised.

NO SMOKING

It is an offence to smoke in these premises. This includes the Sale Rings, Exhibition/Show Hall, Concourse and all Pennage Areas.

**Anyone smoking will be asked to extinguish their smoking material immediately or leave.
Your help in maintaining a smoke free environment for the benefit of all is appreciated.**

Keep Children Safe at United Auctions

Every year children are killed during agricultural work activities.

People often believe that farm children understand farm risks, but most children who are injured in agricultural incidents are family members. A few straightforward steps, and proper supervision of children, will reduce these risks.

Auction Marts like farms are not playgrounds, Children though are naturally curious, and will often get into apparently inaccessible places.

Remember that although parents have a particular responsibility to prevent their children straying or trespassing into areas where they may be at risk, all adults working in agriculture – employers, employees, contractors or other visiting workers – **MUST** take responsibility for the safety of children and young people.

To Reduce Risks, we Should

- ◇ Prevent children and young people from playing in or around livestock areas. Animals do not need to attack to pose a danger to people
- ◇ Provide adult supervision when children come into contact with livestock
- ◇ Make sure everyone working in the livestock areas is aware that children may be present.
- ◇ Explain that you are authorised to stop work if any children are in the work area and to send them somewhere safe.
- ◇ Not allow children out of a vehicle until vehicle is in a safe area and the children can be supervised. Prohibit children from walking across the loading/unloading area and do not enter or allow children to enter the crush zone when reversing vehicle up to loading/unloading ramp. Customers must ensure they supervise their children at all times in loading/unloading area.

If in any doubt you should ensure children

- Cannot enter any yard, pen or area occupied by potentially dangerous animals or vehicles

Johne's Disease Risk Level Reminder - CHeCS

If you are looking to buy or sell stock it is important to know your own herd's Johne's disease risk level, as well as that of any cattle that you might add to your herd.

Level 1 – There have been at least three clear annual herd tests and there is a Johne's Disease herd health plan in place. This is the lowest level of risk

Level 2 – There has been at least one clear herd test but the herd does not yet qualify for Level 1 status. There is a Johne's disease herd health plan in place

Level 3 – Three per cent or less of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

Level 4 – More than three per cent of the herd were identified as reactors at the most recent herd test. There is a Johne's disease herd health plan in place

Level 5 – This includes herds without a health plan for Johne's disease, herds that not adhere to the mandatory elements of the health plan and herds that do not carry out the required testing. This is the highest level of risk

PLEASE NOTE: IMPORTANT RULE ABOUT BUYING AND SELLING AND RISK STATUS!

It is important to remember that if an animal of a lower risk level status is added to your herd, if it is ever sold on from your holding it must be sold as its original risk level status (i.e. a Risk Level 3 animal added to a Risk Level 2 herd must remain as Risk Level 3 if sold again).

However, animals added from a higher Risk Level Status herd to a lower Risk Level Status herd take on the status of the herd that they are added to and must be sold as such (i.e. a Risk Level 1 animal added to a Risk Level 4 herd would then have to be sold as Risk Level 4 in the future).

Looks can be deceiving

*EBVs provide a more accurate indication of offspring performance. When buying a bull for replacement heifers, **consider maternal traits ... they matter.***

Check for:

For more information and guidance on using maternal EBVs, please visit ahdb.org.uk/maternal-matters

Rollsroyce is out of one of our best female lines on the farm, with Ronick Doreen consistently placing in the best cow family in the Scottish herd competition. His full brother sold for 9000gns in Carlisle and full sisters, Pamela selling for 5200gns and Jessiej for 5800gns at our production sale in July 2021. A bull well worth a look.

Rafiki is a heifer's calf. Homebyres Nistleroy was reserve junior champion Stirling October 2018 and purchased for 10000gns. Nistleroy is breeding well in both the pedigree and commercial herds at Fodderletter. Weaned heifer calves sired by him sold at the October 2021 Thainstone sales averaged over £1000 topping at £1600. These are the first bulls to be offered for sale sired by Nistleroy.

Allanfauld Greta (dam) was purchased for 6000gns at the Allanfauld reduction sale in 2016. She is one of the best breeding cows in the herd with daughters also breeding well in the herd. Homebyres Nistleroy (sire) was reserve junior champion Stirling October 2018 and purchased for 10000gns. Nistleroy is breeding well in both the pedigree & commercial herds at Fodderletter. Weaned heifer calves sired by him sold at the October 2021 Thainstone sales averaged over £1000 topping at £1600.

BETTER BREEDING

For two decades, our animal DNA tests have enhanced selection, breeding and marketing decisions. Today, NEOGEN is a world leader in genomic solutions and services.

Our customers can choose solutions from our extensive testing portfolio to make profitable choices about their future herds. Our many services include:

- Genotyping to determine genetic merit & genomic breeding values
- DNA screening for parentage
- Commercial traits, genetic recessives and causative mutations
- Igenity® Beef

Contact us today for more information on our genomic solutions by phone **+44 (0) 1292 526 094** or by email on **NeogenGenomics@NEOGEN.com** and quote **South Devon**.

Plan ahead for 2022 & beyond.

We cover Scotland & Northern England.
