

MEMBER STATEMENT

28th September 2022

Dear Society Member

Jacot 36-94-005-555

Further to the statement released in March in relation to the bull Jacot 36-94-005-555, the Society has been notified by DEFRA that its review has been completed and that there is to be no change to the herdbook status of this animal or its descendants. For clarity, this means that all usual herdbook activities may be carried out in relation to these animals. Input from DEFRA is welcomed and the Society is continuing to work with DEFRA to ensure its herdbook processes are robust.

For reference, the link to the statement released in March is:
