BETTER BREEDING

For two decades, our animal DNA tests have enhanced selection, breeding and marketing decisions. Today, Neogen is a world leader in genomic solutions and services.

Our customers can choose solutions from our extensive testing portfolio to make profitable choices about their future herds. Our many services include:

- Genotyping to determine genetic merit & genomic breeding values
- DNA screening for parentage
- Commercial traits, genetic recessives and causative mutations
- Igenity® Beef

Contact us today for more information on our genomic solutions by phone **+44 (0) 1292 526 094** or by email on **NeogenGenomics@neogen.com** and quote **Stirling 2023**.

Keep Children Safe – Bull Sales

Every year children are killed during agricultural work activities.

People often believe that farm children understand farm risks, but most children who are injured in agricultural incidents are family members.

Auction Marts like farms are not playgrounds, Children though are naturally curious, and will often get into apparently inaccessible places

Remember that although parents have a particular responsibility to prevent their children straying or trespassing into areas where they may be at risk, all adults working in agriculture – employers, employees, contractors or other visiting workers – **MUST** take responsibility for the safety of children and young people.

To Reduce Risks, we should

- Prevent children and young people from playing in or around livestock areas. Animals do not need to attack to pose a danger to people
- Provide adult supervision when children come into contact with livestock
- Make sure everyone working in the livestock areas is aware that children may be present.
- Explain that you are authorised to stop work if any children are in the work area and to send them somewhere safe.
- Not allow children out of a vehicle until vehicle is in a safe area and the children can be supervised. Prohibit children from walking across the loading/unloading area and do not enter or allow children to enter the crush zone when reversing vehicle up to loading/unloading ramp. Customers must ensure they supervise their children at all times in loading/unloading area.

If in any doubt you should ensure children

Cannot enter any yard, pen, ring or area occupied by potentially dangerous animals or vehicles

**No children
allowed in
pennage
area**

Index Bulls

The pedigree, performance, DNA, health information and footnotes included in Society sale catalogues is as supplied by, or on behalf of the vendor. The responsibility for the accuracy of the information therefore rests solely with the vendor and not with the British Limousin Cattle Society Ltd (BLCS). It should be noted that the Estimated Breeding Values for all animals change over time, as new performance records come available. While the BLCS and Genesure Ltd seek to ensure that the information contained in catalogues is accurate at the time of printing in accordance with their terms and conditions, no warranty is given in respect thereof by the BLCS and, to the maximum extent permitted by law, the BLCS shall have no liability for any loss, damage or injury howsoever caused (including that caused by negligence) or suffered directly or indirectly in relation to information and opinions contained in or omitted from this publication. Genesure Ltd's liability is limited to the extent set out in its terms and conditions (a copy is available from the BLCS office upon request).

Millers UFO is an embryo calf out of dam Westpit Millie, purchased at the Westpit production sale for £12000 and sired by Gunnerfleet Lion. He has won numerous local shows throughout the summer and will be semen tested. He is a long, correct and powerful bull that would work well in any pedigree or commercial herd, he carries F94L/Q204X .
