## SOUTH WEST LIMOUSIN SPRING SHOW & SALE

### Holsworthy Livestock Market Wednesday 22 April 2026

**\*ONLINE BIDDING AVAILABLE\***  **MartEye**

*Sale to include 11 Bulls*

Judging - 11am ~ Sale - 12 noon

LIMOUSIN

Auctioneer: Mark Davis 07773 371774 or 01409 253275  
Holsworthy Livestock Market, New Market Road, Holsworthy, Devon, EX22 7FA

## **SALE STATUS**

**This sale is subject to the recommended Terms & Conditions of Sale of the National Beef Association.**

## **SALE NOTES**

### **SOUTH WEST LIMOUSIN SPRING SHOW & SALE AT HOLSWORTHY**

#### **ENTRIES AND CLOSING DATE**

No substitution Bulls/animals will be accepted other than those in the catalogue. Any other Bulls/animals, not in the catalogue will go at the end, and be for Sale only. The South West Limousin Cattle Breeders' Club welcomes entries from Breeders from other Clubs. All vendors need to pay the £15 subscription to the South West Limousin Cattle Breeders Club. Failure to do so may lead to non-acceptance of entry. The original pedigree certificate must accompany the entry.

**HERD HEALTH:** Herds selling at South West Club Sales have to be members of, and adhering to the terms of the CheCS approved Herd Health Scheme including a whole herd test for Johne's disease and either from a BVD Accredited Herd within the CheCS approved Herd Health Scheme or to have been BVD tested virus free.

**VET INSPECTIONS:** All animals will be vet inspected, leaving testicle scrotal at 32cm being a Club spec not Society Breed spec. Inspection for eyes and teeth and sensible on locomotion. If teeth are marginal bulls to be marked yellow.

**UNLOADING:** Cattle must be on the premises by 9:00 am on the day of the sale. Overnight accommodation for cattle prior to sale can be made available by arrangement with the auctioneers.

**ORDER & METHOD OF SALE :** Bulls sold in catalogue order. All bulls will be subject to an upset price of 3000 guineas. All cattle will be sold in guineas (£1.05).

**BIO-SECURITY:** A strict bio-security plan will be in operation. Please arrive with clean clothes, and/or waterproof clothing and wellington boots.

**TERMS:** All cattle entered for the sale will have their identification tags examined. Any discrepancies found, will be REJECTED from the sale.

All bulls and haltered females entered for the sale must be adequately trained to lead by halter and must be paraded for inspection – unless exempted by the Stewards. Evidence of faults of temperament, vices, etc, may lead to disqualification.

Any disputes that may arise between vendor and purchaser will not involve the Club.

**TRANSFER FEE:** Pedigree certificates will be transferred to purchasers free of charge by the British Limousin Cattle Society following the sale. For any Pedigree or Membership enquiries, please contact British Limousin Cattle Society Tel: 02476 696500

## **NBA WARRANTIES:**

This Sale is also held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beed Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for Pedigree Cattle Breeders, the Council of the Association has decided that a special levy, amounting to £10 + VAT per Bull (£5 paid by vendor & £5 paid by purchaser) and £10 + VAT per Female (£5 paid by vendor & £5 paid by purchaser) as of the 1st of May 2025.

### **British Limousin Cattle Society**

Subject to Inspection	✓	✓			

# Livestock Notice to Purchasers

**Viewing** – 22<sup>nd</sup> April- 8am onwards

**Health & Safety** - Kivells accept no liability for any damage or injury to persons, livestock, vehicles or plant not arising out of their negligence. Any person entering the livestock market premises does so at their own risk and must comply with the requirements of any Health and Safety notices. All persons entering the livestock markets premises are hereby given notice that there are potential hazards due to the type, penning, herding, loading and unloading of livestock and vehicle movement. Caution should be exercised and children must be fully supervised at all times. Kivells reserve the right to refuse admission to any person or vehicle into the livestock market premises without giving reason. Kivells strongly advise that no persons access the sale ring, pennaage or livestock passageways during the sale or whilst animals are being moved through passageways. Should any person decide to enter these aforementioned areas they do so entirely at their own risk. Any incidents or accidents in the livestock market premises should be reported to Kivells market office immediately.

**Biosecurity and Livestock Welfare** - All persons entering Kivells livestock market premises must comply with all current Biosecurity legislation, rules and conditions. All persons should be in clean clothing and disinfect footwear upon entry and exit from the livestock market premises. Hand wash facilities, disinfectant boot dips and brushes are available and should be used. Vehicles used to transport animals to or from the livestock market premises must comply with current cleaning and disinfection legislation. All vendors, purchasers, agents and hauliers must comply with all current legislation governing the welfare of livestock whilst at Kivells livestock market premises or in transport to or from the livestock market premises. Any concerns over Biosecurity and Animal Welfare should be reported to Kivells Biosecurity and Animal Welfare officers, whose details are located in the Kivells market office.

**Registration** - In order to bid, all **new** Buyers are required to register before the auction, at the Kivells market office or as otherwise advised by the Auctioneers. All such Buyers will be asked for two forms of identification and a credit reference will be required. Acceptable identification includes Driving Licence/Passport together with a Utility Bill/Proof of Address/Business Letter Heading/Business Card. The Auctioneers reserve the right to request a deposit ahead of any purchase or during sale proceedings and to refuse registration or any bid or bidder without giving reason. New Buyers are strongly advised to contact the Auctioneers well in advance of the sale.

**Payment** - All Lots must be paid for on the day of the Sale by the Buyer prior to any removal or consolidation, unless alternative arrangements have been agreed with the Auctioneers. At the fall of the hammer the highest bidder will be deemed to be the Buyer and transfers of purchases will only be permitted with prior approval from the Auctioneers. Any payment is to be by a means approved by the Auctioneers. Our preferred payment terms are debit card or cash and Kivells reserve the right to stipulate payment by these methods. Kivells may also accept bank transfers and cheques with prior approval. Our Bank Account details are: Sort Code 56-00-49 Account Number 32376359. **Payment in Cash** - In order to comply with money laundering regulations we cannot accept Cash payments above the maximum permitted at the time of sale. The maximum varies according to exchange rates and currently it is circa £9,000. Buyers are advised to check with the Auctioneers ahead of the sale

**Conditions of Sale** - It is strongly recommended that Bidders and Buyers visit [Kivells.com](http://Kivells.com) and read the full Conditions of Sale produced by the Livestock Auctioneers Association (LAA) ahead of the sale. Unless advised otherwise you will be bidding and buying under these Conditions and you will be obligated to abide by these Conditions and these Notice to Purchasers. The LAA Conditions of Sale are also displayed in Kivells market office. Clauses 12 to 19 inclusive relate mainly to the Purchaser. This catalogue may also contain reference to Warranties as defined by the LAA Conditions of Sale. Warranty issues will not be considered if payment in full has not been received.

**Risk** - All livestock are at the risk of the Vendor before they are sold and at the risk of the Buyer when they are sold (fall of the hammer). It is strongly advised that Vendors and Buyers ensure that their insurance policies cover livestock at market premises and that Buyers have immediate cover for animals purchased.

**Removal of Lots** - Lots can only be removed once payment has been made in full and/or a pass issued by the Auctioneers. All Lots need to be cleared from the sale premises by 5pm on the day of sale unless otherwise agreed with the Auctioneers.

**Descriptions of Lots** - Buyers should satisfy themselves prior to making bids as to the condition of any Lot and should rely on their own judgement as to whether the Lot accords with its description. All Lots are sold under the Livestock Auctioneers Association Conditions of Sale as referred to above to include the following two clauses:

**Statements of Fact** - Unless otherwise announced all statements of fact made in any sale catalogue or at the time of sale regarding the breeding of any animal, its health status or other tests carried out on any animal are statements of fact made by the Vendor and not the Auctioneer and the Auctioneer accepts no responsibility for any misstatement nor does he nor the Vendor accept any responsibility for any subsequent reaction by an animal sold to any relevant test administered after the sale.

**Liability of The Auctioneer** - The Auctioneer acts in all respects only as agent for the Vendor and no warranty is given by the Auctioneer or his employees or contractors, and none shall be implied, as to title, description or the quality of any Lot. Neither the Auctioneer nor his employees or contractors shall be liable to the Purchaser in any respect for any defect of title, error of description or imperfection or for any announcement or statement concerning any Lot offered for sale whether made orally or in writing (whether in a sale catalogue, order of sale, advertisement for the sale or otherwise) and whether given before, during or after the sale, nor shall he incur any liability in relation to any dispute between a Vendor and Purchaser.

**Bidding Form** - The Auctioneers will bid on your behalf if written instructions are received on the form supplied, or an email or text has been received confirming instructions and acceptance of the terms set out in the form and adequate time is available to enter such bids. The Auctioneers reserve the right to request a deposit as part of the instruction process. It is entirely at the discretion of the Auctioneers whether other forms of bids are acceptable however in every case there is no liability on the auctioneers.

**Refreshments and Facilities** - Canteen and toilets are on site.

# ONLINE BIDDING

## AVAILABLE

Simply download the **MartEye App** from your phone App Store & Register. Then Press the **JOIN** button on the Kivells Page.

For full details on using this service please call

Mark Davis 07773 371774

Charlotte Jenkin 01409 253275

Your full details will be required for using online bidding and a trading reference **MUST** be provided **PRIOR TO THE SALE DAY** if you are not known to the Auctioneers. Applications made for online bidding on the sale day run the risk of not being approved.

All buyers must ensure they have transport arranged prior to the Sale.

All lots must be paid for prior to them leaving the Market.

## HOW TO USE GENETIC INFORMATION IN THIS CATALOGUE

Sale catalogues contain specific information relating to the genetics of each animal. This is a short explanatory note to assist when selection decisions are being made.

### Lot 10 Mr A. Breeder

#### Concorde Magician

Born 18/04/2016

XY16-4321

UK 123456/654321

ggs. ANYHERD GREATGRANDDAM XY211-654

## 1 Birth Type

'Got by AI' indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. 'Natural calf' indicates the calf was born to its biological dam. 'ET calf' indicates the calf was born as a result of embryo transplant.

## 2 Myostatin

"Not tested" indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website [www.limousin.co.uk](http://www.limousin.co.uk), search in 'performance programmes'. In summary:

### The Variants:

F94L

Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with no associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.

NT821

Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are 'heterozygous' with F94L (ie F94L/nt821) they will still exhibit quality carcase characteristics but are less likely to be affected by more difficult calvings.

Q204X

Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are 'heterozygous' with F94L (ie F94L/Q204X) will still exhibit quality carcase characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

### The recognised benefits of Myostatin are:

- ✓ Increased Meat Yield – by up to 19%.
- ✓ More feed efficient
- ✓ Higher meat quality – increased tenderness, reduced fat content, higher polyunsaturated fats

## Using Myostatin information

An important factor to remember is that carcase traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

### 3 Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene, the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

### 4 Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to [www.limousin.co.uk](http://www.limousin.co.uk), search in 'performance programmes' or scan the QR code above.

## 5 Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

- a) In sale catalogues, **Breed Average** for each trait is represented by the vertical line that is central on the bar chart... **a**
- ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
  - ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.
- b) Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time. **b**
- c) The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to [www.limousin.co.uk](http://www.limousin.co.uk) and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to [www.taurusdata.co.uk](http://www.taurusdata.co.uk)

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

## 6 Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us know - telephone 02476 696500, e-mail [info@limousin.co.uk](mailto:info@limousin.co.uk) or speak to Society staff and Council members attending the sale.

For Enquiries: The British Limousin Cattle Society Tel 02476 696500 Email [info@limousin.co.uk](mailto:info@limousin.co.uk)

\* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

## FOR INFORMATION

### Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

<b>Calving Value</b>	An economic indicator of the collective value of Gestation Length and Calving Ease
<b>Beef Value</b>	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
<b>Retail Value</b>	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcass weight of 350kgs.

### NB: Using Calving Ease and Maternal Calving Ease

**Calving Ease EBV** *Predicts how easy a bull's own calves will be born.*

**Maternal Calving Ease EBV** *Predicts how easily a bull's daughters will calve.*

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to [www.taurusdata.co.uk](http://www.taurusdata.co.uk) and click on 'Beef Search'

For more information on EBVs and GEBVs please go to [www.limousin.co.uk](http://www.limousin.co.uk) and click on 'Performance Programmes' or get in touch on the numbers below.

For Enquiries: The British Limousin Cattle Society Tel 02476 696500 Email [info@limousin.co.uk](mailto:info@limousin.co.uk)

LIMOUSIN

BLCS NOTICE

## 28 DAY NOTIFICATION FOR REGISTRATION RULE

From the launch of the New Taurus platform, animals that are not Birth Notified or Registered within the first 28 days of life, will NOT be eligible for registration within the herdbook.

\*Please Birth Notify any animals approaching 28 days old.

If you wish to register any animal which is over 28 days old (even if it is already birth notified), please ensure it is registered before the launch of New Taurus.\*

Look out for announcements soon regarding confirmed launch date.
