Keep Children Safe – Bull Sales

Every year children are killed during agricultural work activities.

People often believe that farm children understand farm risks, but most children who are injured in agricultural incidents are family members.

Auction Marts like farms are not playgrounds, Children though are naturally curious, and will often get into apparently inaccessible places

Remember that although parents have a particular responsibility to prevent their children straying or trespassing into areas where they may be at risk, all adults working in agriculture – employers, employees, contractors or other visiting workers – **MUST** take responsibility for the safety of children and young people.

To Reduce Risks, we should

- Prevent children and young people from playing in or around livestock areas. Animals do not need to attack to pose a danger to people
- Provide adult supervision when children come into contact with livestock
- Make sure everyone working in the livestock areas is aware that children may be present.
- Explain that you are authorised to stop work if any children are in the work area and to send them somewhere safe.
- Not allow children out of a vehicle until vehicle is in a safe area and the children can be supervised. Prohibit children from walking across the loading/unloading area and do not enter or allow children to enter the crush zone when reversing vehicle up to loading/unloading ramp. Customers must ensure they supervise their children at all times in loading/unloading area.

If in any doubt you should ensure children

Cannot enter any yard, pen, ring or area occupied by potentially dangerous animals or vehicles

**No children
allowed in
pennage
area**

<p>RAINNIE, M & N (LOANHEAD) Loanhead Farm, Logie Coldstone, Dinnet, Aboyne, AB34 5NP Consigned from a 4-years TB testing interval holding Johnes` Risk Level3 Member of a CHeCS controlled health scheme for BVD & Johnes Accredited free for BVD Routinely vaccinating against BVD & Lepto</p>	<p>685, 689</p>

THOMSON, WENDY & ROBERT (CAIRNBOG)

703

Cairnbog Farm, Kilsyth, Glasgow, G65 9LG

Consigned from a 4-years TB testing interval holding

Johne`s Risk Level 1*

Member of a CHeCS controlled health scheme for BVD & Johnes

Accredited free for BVD, tested virus free for BVD, routinely vaccinating against BVD

WATSON, J (TWEEDDALE)

662, 681, 682

Bowsden Moor, Bowsden, Berwick upon Tweed, TD15 2TG (TB4) ()

Consigned from a 4-years TB testing interval holding

Johne`s Risk Level 1*

Member of a CHeCS controlled health scheme for BVD & Johnes

Accredited free for BVD, routinely vaccinating against BVD

BVD legislation changed on 1 February 2026.

If you buy in-calf heifers/cows, their calves must be tested for BVD virus before they reach 40 days old.

This applies to calves born on/after 1 February 2026.

Sale at 10 am

Charolais bulls

The British Charolais Cattle Society has a minimum selling price of 4000gns

All animals are sold subject to a presale inspection to provide a minimum standard, and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not The British Charolais Cattle Society Ltd.

Champion & reserve champion Charolais bulls will be sold after class 2

For sale only

Simmental bulls

The British Simmental Cattle Society has a minimum selling price of
4000gns

All animals are sold subject to a presale inspection to provide a minimum standard, and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not The British Simmental Cattle Society Ltd.

**Champion & reserve champion Simmental bulls will be sold
after class 8**

For sale only

Dispersal of the autumn calvers from the Ettrick herd (Firm of G Gray)

The Ettrick herd was established in 2003 and has enjoyed considerable success over the years. Highlights include reserve supreme overall championship at the final February sales held at Perth, alongside championship titles at Agri Expo, Stars of the Future, and the Carlisle Bull Sale. At LiveScot, we were also proud to achieve Native Champion and Best Purebred.

While the majority of our bulls have been sold privately from home, we have achieved sale highs of 12000gns and twice reached 10000gns at Stirling and Carlisle.

All cows and heifers are in calf to Weeton Prince Carlos whose calves this spring have been born unassisted and are showing great promise.

The second and final part of our dispersal will take place in October, comprising the spring-calving portion of the herd, along with four yearling heifers and our stock bull.

We would like to sincerely thank all our previous buyers for their valued custom and support over the years. To those purchasing our cows and heifers, we wish you every success with them.

For viewing or any additional information please contact David on 07841 865 769

Service sire Weeton Prince Carlos

This being a dispersal, no warranty is implied or given

All bulls entered at official Society sales have their Myostatin status displayed in the catalogue.
Myostatin Status No Carrier, means the bull does not carry the Myostatin variance gene.
Myostatin Status Single Version Carrier means the bull carries a single version either Myostatin NT821 or F94L genes, but still accepted for registration by the Aberdeen-Angus Cattle Society
