LIMOUSIN

SUMMER SALE OF BULLS

Wednesday
24th June 2026

Borderway Mart, Carlisle,
Cumbria, CA1 2RS

LIMOUSIN

Update on BTV Control Strategy 2026

From 1st June to 9th September 2026, additional bluetongue movement rules will apply as Scotland works to remain ****BTV-free**** during the midge season.

Selling English/Welsh livestock in Scotland (to live):

Sheep – Must have a negative PCR test within 7 days before travelling to Scotland.

Cattle – Two options:

- Fully vaccinated with Bultavo-3 (21 days after final dose) – No test required
- Unvaccinated or other vaccine – PCR test within 7 days required

Selling Scottish livestock in an English/Welsh market and bringing cattle or sheep back to Scotland:

No test needed to travel to the sale.

If cattle or sheep are in England/Wales 4 days or less:

- They can return to Scotland
- Isolation on return is strongly advised
- Post-movement test recommended

If cattle or sheep stay more than 4 days:

- PCR test required in England/Wales before returning to Scotland
- **Vaccinated cattle (Bultavo-3) are exempt from PCR testing when returning.**

Correct as of March 2026 – subject to change

General Information & Sale Notes

LOCATION: The Sale will be held in the Borderway Mart, Carlisle Cumbria. Motorists should leave the M6 at Junction 43 and follow CARLISLE signs. The market is on the left hand side of the road within 1 /4 mile of M6.

Timetable of Events:-

Tuesday 23rd June	Arrival of Stock	3.00pm - 6.00pm
Wednesday 24th June	Arrival of Stock	6.00am - 8.30am
	Inspection of Stock	8.30am - 10.00am
	Sale	11am

CONDITIONS OF SALE: The British Limousin Cattle Society have adopted the Auction Rules and Conditions of Sale drawn up by the N.B.A. This Sale is held subject to these rules and the Auctioneers' General Conditions of Sale, both available on request. In the event of any discrepancy between the two sets of conditions, the N.B.A. Conditions of Sale shall prevail.

INSURANCE: A representative of the H & H Insurance Brokers, will be present at the sale and will be pleased to quote Purchasers for transit and other risks.

METHOD OF SALE: All cattle will be sold in guineas (105 pence) and strictly in catalogue order, unless any alteration is announced by the Auctioneers.

COMMISSIONS: The Auctioneers will dutifully execute commissions to purchase for buyers unable to attend the sale personally, upon receipt of written instructions.

ONLINE BIDDING FACILITY will be available on MartEye.

REGISTRATIONS: All stock in the Sale are registered with the British Limousin Cattle Society, (Tel 02476 696500).

PEDIGREE TRANSFERS: Official Pedigree Transfers will be effected by the Auctioneers and the British Limousin Cattle Society as soon as possible after the Sale. Full Pedigrees will be transferred free of charge to all members.

SETTLEMENT AND CLEARANCE OF STOCK: Settlement in full is due immediately at the close of Sale. No animal may leave the Sale Premises without an official 'Pass Slip', obtainable only from the Auctioneers upon settlement.

Purchasers unable to remove their stock on the day of sale can arrange overnight accommodation with the Auctioneers on the understanding that all cattle are at Purchasers' risk.

ANIMAL WELFARE: Vendors and Purchasers should note the CODE OF PRACTICE published by the Livestock Auctioneers' Market Committee for England and Wales IS OPERATIVE IN BORDERWAY MART and that weakly, unhealthy or injured stock will be refused entry by the Auctioneers. Enquiries should be directed through the market office to the Auctioneers' ANIMAL HEALTH & WELFARE OFFICER (Mr Andrew Templeton).

Important Notice to Vendors & Purchasers

The full Auction Rules of the BLCS can be viewed in the Society's Byelaws and on the website www.limousin.co.uk. A paper copy can be made available upon request to the BLCS office.

ARRIVAL OF STOCK - As per timetable of events.

PRE-SALE INSPECTION: BULLS - All bulls must be available for inspection, as per the timetable of events. A Veterinary Officer will examine all bulls forward for general health and genetic defects, particularly teeth, eyes, locomotion. The Veterinary Officer and appointed Society Inspector will check general conformation, locomotion and breed characteristics and temperament. Any animal discovered with a genetic fault, disease or disorder will be REJECTED. Animals will be placed in a crush for this inspection - as required by the Veterinary Officer. The Veterinary inspection will form an integral part of the pre-sale inspection procedure.

Please note - "All animals are subject to a pre-sale inspection to provide a minimum standard and animals are sold with all patent defects, and any subsequent claim after the fall of the hammer is against the vendor and not The British Limousin Cattle Society Ltd".

PRE-SALE SHOW - All Bulls and females passing the pre-sale inspection must be shown where a pre-sale show is in place. Animals up to and including 24 months of age will be entered in to show classes. Animals 25 months of age and older will be paraded ahead of the pre-sale show only. At its discretion, the society reserves the right to deny entry of an animal to the sale if it has not been presented for showing in accordance with bylaw 14.19.

IDENTIFICATION MARKS - At the point of inspection all animals born after 01 January 1998 must be clearly identified in accordance with bye-law 3.12. This includes all calves at foot.

MARGINAL TEETH - Any bull found to have marginal teeth when inspected will have their sale ticket marked in yellow. Bulls with marginal teeth will be eligible to be shown in the pre-sale show. BLCS

RECORDED WEIGHTS - All bulls will be weighed by BLCS Officials as an integral part of the pre-sale inspection procedure. Official weights (in kgs) will be displayed above each pen. EVERY BULL entered for the Sale, **MUST BE ADEQUATELY TRAINED TO LEAD BY HALTER and MUST BE PARADED FOR INSPECTION** unless exempted by the Stewards, at the time and place to be notified. Evidence of faults of temperament, vices, etc., may lead to disqualification. All bulls must be provided with a serviceable halter, which will become the property of the purchaser. Please ensure all cattle passport documentation is handed to the Market Sales Office upon arrival. Failure to do so or if for any reason the paperwork does not correspond to the cattle being offered for sale, such animals will be not be put forward for the auction. The proceeds of sale are guaranteed by the Auctioneers, however, this does not extend to the animals sold for export, to which special conditions apply.

UPSET PRICES - There will be an 'Upset' price of 4,000 guineas on each bull presented for sale - i.e. if no opening bid of 4000 guineas is received for any particular lot, that lot will be passed out of the ring unsold.

RESERVE PRICES - Vendors shall have the right to refuse to accept the final bid for their animals. The auctioneers reserve the right to charge half commission on the amount of the final bid in the case of animals which fail to reach the Vendors reserve price. All animals will be sold in guineas (105 pence) and a commission of 5.5% will be charged by the Auctioneers on all sales. A further levy of 1.5% will be charged and paid to the British Limousin Cattle Society. No animal may be sold privately before being passed through the auction ring and full commission will be charged on the sale of any animal sold by private treaty after the auction. All such transactions must be passed through the auctioneers office.

NBA WARRANTIES - This Sale is also held subject to the Special Terms and Conditions of Sale recommended for Sales of Pedigree Beef Cattle by the National Beed Association. The preparation of these Terms and Conditions has proved a lengthy and costly process and, in order to defray the legal and other costs involved, and to provide a continuing source of revenue to assist the Association in its vital work for Pedigree Cattle Breeders, the Council of the Association has decided that a special levy, amounting to £5 per male and £5 per female head/lot sold (plus VAT) shall be charged to each Purchaser.

STRAW - A limited amount of bedding straw will be provided.

LIMOUSIN

BLCS NOTICE

 taurus data

28 DAY NOTIFICATION FOR REGISTRATION RULE

From the launch of the New Taurus platform, animals that are not Birth Notified or Registered within the first 28 days of life, will NOT be eligible for registration within the herdbook.

*Please Birth Notify any animals approaching 28 days old.

If you wish to register any animal which is over 28 days old (even if it is already birth notified), please ensure it is registered before the launch of New Taurus.*

Look out for announcements later this Spring regarding the confirmed launch date.

CORNSAY THUNDER has an impressive back pedigree. **Brockhurst Batik** (ggdam) won at the Royal Highland Show 2018 and is a daughter of **Ronick Mcainsi** Royal Show winner 2004. Grand sires **Ampertaine Forman** and **Fenomen**. **Thunder** has bred well in the Barrons herd, consistently breeding high weight gain progeny. His first son **Barrons Aztec** to sell at action was the highest weight gain bull in the Carlisle May sale 2026 with a 300day wt. of 633kg and 400d wt. of 861kg selling for a respectable 11,000gns, with another selling at home for five figures. I only have a small herd and with **Thunders** 3rd crop now in the cows it's time for him to go and do some good in another herd.

HOW TO USE GENETIC INFORMATION IN THIS CATALOGUE

Sale catalogues contain specific information relating to the genetics of each animal. This is a short explanatory note to assist when selection decisions are being made.

1 Birth Type

'Got by AI' indicates whether the calf was a result of an AI service. If blank, the dam was naturally served. 'Natural calf' indicates the calf was born to its biological dam. 'ET calf' indicates the calf was born as a result of embryo transplant.

2 Myostatin

"Not tested" indicates that no Myostatin test is currently available for the animal. Full details on the Myostatin variants and their effects on performance can be found on the Limousin Society website www.limousin.co.uk, search in 'performance programmes'. In summary:

The Variants:

F94L	Animals with two copies of this gene (ie F94L/F94L) exhibit an increase in muscling (by up to 19%) with no associated increased in calving difficulty, lowered fertility or longevity and by far the majority of animals in the breed carry this gene. Heterozygous animals (those with one copy of the gene) also exhibit these characteristics but not to the same degree.
NT821	Animals with two copies of the gene (ie nt821/nt821) will exhibit characteristics of larger loin depths, reduced fat depths and large, rounded rump and thighs. However, unlike F94L, animals with two copies may also have slightly heavier birth weights bringing with it the potential for more difficult calvings. If animals are 'heterozygous' with F94L (ie F94L/nt821) they will still exhibit quality carcase characteristics but are less likely to be affected by more difficult calvings.
Q204X	Animals with two copies of the gene (ie Q204X/Q204X) will exhibit characteristics of larger loin depth, reduced fat cover and greater meat tenderness. However, they may also have the potential to exhibit larger birth weight and, if females, slightly reduced milking ability. Animals that are 'heterozygous' with F94L (ie F94L/Q204X) will still exhibit quality carcase characteristics but are less likely to be affected by larger birth weights and reduced milking ability.

Two further variants of Myostatin exist in the population but are relatively uncommon in their occurrence. Known as nt419 and E291X, their effects are similar to nt821 and Q204X respectively.

The recognised benefits of Myostatin are:

- ✓ **Increased Meat Yield** – by up to 19%.
- ✓ **More feed efficient**
- ✓ **Higher meat quality** – increased tenderness, reduced fat content, higher polyunsaturated fats

Using Myostatin information

An important factor to remember is that carcass traits (muscling, fat cover etc), calving traits and milk traits in cattle are controlled by MANY genes. Myostatin is only one of them and, as such, it is not an absolute predictor of an animal's performance.

A Myostatin genotype is a further bit of information that may help your decision, but it should be used in conjunction with wider information such as Estimated Breeding Values (EBVs), which bring together information of actual performance from the animal itself, its herdmates and its relatives to predict genetic merit, and your own judgment on type and pedigree.

3 Genetic Colour

Colour and polled/horned genes typically come in pairs called alleles. One is inherited from the sire and one from the dam. Where an animal's alleles are the same, it is said to be 'Homozygous' (Hom.) Where the alleles are different (because there is more than one variant of the gene, the animal is said to be 'Heterozygous' (Het.)

"Hom. Red" – animals will be red and will pass on red genes.

"Hom. Black" – animals will be black and will pass on black genes. All calves will be black, since black colour genes are dominant.

"Het. Black" – animals will be black and will pass on either a red or black gene.

"Het. Red" – animals will be red and will pass on a red gene or a colour gene known as the 'wild type' that is non-colour determinate. (The coat colour of calves inheriting the wild type gene will be governed by the gene they inherit from the other parent. It is rare, but it is also possible for an animal to be homozygous for the wild type gene, in which case they will be reddish/brown to brownish/black).

4 Genetics for Horned/Polled Status

A bull that is "Hom. Polled" - will be polled himself and all calves will be polled (since he only has polled genes to pass on and they are dominant).

A bull that is "Het. Polled" – will be polled himself and will produce some polled and some horned calves (assuming the cows are all horned).

A bull that is "Hom. Horned" – will be horned himself and will pass only horned genes to his calves.

For more information on both Genetic Colour and Polled/Horned, go to www.limousin.co.uk, search in 'performance programmes' or scan the QR code above.

5 Estimated Breeding Values and Genomic Estimated Breeding Values (EBVs & GEBVs)

EBVs & GEBVs are expressed in the same unit as the recorded trait (eg kgs for 400 Day Weight, mm for Muscle Depth etc) are relative to the Breed Average.

a) In sale catalogues, **Breed Average for each trait is represented by the vertical line that is central on the bar chart...**

- ✓ Bars that lie to the right of that line indicate EBVs/GEBVs that are above average. The further to the right they lie, the higher above Breed Average they are.
- ✓ Equally, bars that lie to the left of the line indicate EBVs/GEBVs that are below Breed Average. The further to the left they are, the further below Breed Average they are.

b) Accuracy Values (Acc%) are expressed as a % and indicate the quantity and quality of records used to produce each EBV, GEBV or Index. The closer they are to 100%, the more accurate the EBV. Highly accurate values are less likely to change over time.

c) The numeric EBV & GEBV values on the charts can be used to further refine comparison with the breed using the Breed Benchmark which is updated annually.

For more information on EBVs and GEBVs, go to www.limousin.co.uk and search under 'Breed Improvement' in the main menu or scan the QR code opposite.

EBV, GEBV and pedigree information on all Limousin cattle are just a few internet clicks away...

Step 1: Go to www.taurusdata.co.uk

Step 2: In the 'All Breeds Quick Search' box type the name or ear number of the animal you are interested in or click on the 'Breeder Search' button to look at all animals belonging to or bred by a particular breeder.

The site will then tell you the animal's owner/breeder details, its breeding values, its pedigree and list its progeny with full links to all of their information.

6 Adjusted Weights

These are the 'raw' weights recorded for the animal throughout its early growing stages. They are adjusted for age, but are not adjusted for any other factor such as management, nutrition, dam age, differences between farms etc.

For further information or if you have any query, please let us know - telephone 02476 696500, e-mail info@limousin.co.uk or speak to Society staff and Council members attending the sale.

2026 Limousin Breed Benchmark

Trait	Bottom			Breed Average	Top		
	1%	10%	25%		25%	10%	1%

Retail Value*	LM17R	LM24R	LM28R	LM33R	LM37R	LM41R	LM48R

* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives...

Calving Value	An economic indicator of the collective value of Gestation Length and Calving Ease
Beef Value	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
Retail Value	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcass weight of 350kgs.

NB: Using Calving Ease and Maternal Calving Ease

Calving Ease EBV *Predicts how easy a bull's own calves will be born.*

Maternal Calving Ease EBV *Predicts how easily a bull's daughters will calve.*

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to www.taurusdata.co.uk and click on 'Beef Search'

For more information on EBVs and GEBVs please go to www.limousin.co.uk and click on 'Performance Programmes' or get in touch on the numbers below.

Herd Health at British Limousin Cattle Society Sales

The BLCS sale on the 24TH June 2026 is a COLLECTIVE sale.

Premier Collective and Collective Sales and Society Sale of Weaned Calves (Carlisle, December).

Introduction

Herd health rules were introduced by the BLCS at Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) to standardise herd health declarations and information presented in order to provide both members and customers with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

BLCS Premier Collective Sales are Stirling February (bulls) & October (bulls); Carlisle February (bulls), May (bulls), October (bulls) & December (Red Ladies sale); Brecon May (bulls) & November (bulls).

BLCS Collective Sales are Ballymena February (bulls), May (bulls) & October (bulls); Stirling May (bulls); Carlisle June (bulls).

Part 1. Herds selling at the Premier Collective Sales, Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme and at a minimum they must have had a whole herd test for Johne's Disease with a CHeCS approved Herd Health Scheme and must be a Johne's Risk Level 1*- 4.

Part 2. All animals male and female, including calves at foot, presented at the Premier Collective and Collective Sales are required to be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. Pregnant animals must have had testing and any vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

For the Society Sale of Weaned Calves (Carlisle, December), calves are not required to be vaccinated for BVD. Calves from non-BVD accredited herds are required to have been BVD tested virus free. Calves from BVD Accredited Herds are not required to have been BVD tested virus free.

Herd Health Declaration

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions for example: TB status; membership of CHeCS (www.checs.co.uk) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johne's, BVD, IBR and Lepto status. Online entries also require the Herd Health Declaration form to be completed.

Is the Herd Health Declaration compulsory?

The Herd Health Declaration is compulsory at all Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December). For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

What other health information may be displayed?

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johnes, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

The Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

Johne's Risk Levels

It is a condition of BLCS Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) that animals from herds that are Johnes Risk Level 5 are not permitted to be sold.

Should you have any queries regarding the Johnes Risk Level classification, please contact your respective CHeCS health scheme.

Breeders, Production, Reduction Sales

BLCS Breeders Sales are Stirling February (females), May (females) & October (females); Carlisle February (females), May (females) & October (females); Brecon May (females) & November (females); Ballymena February (females), May (females) & October (females); Thainstone Multibreed (bulls and females).

Part 1. Vendors at official Society Breeders, Production and Reduction Sales are required to complete a Herd Health Declaration form at time of entry. A condensed version of the given herd health information will appear in the Vendors' Index in the respective catalogue.

All information provided is supplied by the vendor and it is their responsibility to ensure all the details are correct.

Part 2. All animals presented for sale at official Society Breeders, Production and Reduction Sales are required to be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. Pregnant animals must have had testing and any vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

BLCS SOCIETY SALE TYPES

The British Limousin Cattle Society holds a variety of sale types throughout each year. Here is a reminder of the entry requirements and what they offer to buyers:

	Premier	Collective	Breeders	Weaned Calves	Club
Herd Health Dec required	✓	✓	✓	✓	✓
Must be in a health scheme	✓	✓	✓	✓	✓
Must be Johnes Risk Level 1*, 1 – 4	✓		✓ From 01/01/27	✓	✓ From 01/01/27
Must be BVD Accredited or Virus Free	✓	✓	✓	✓	✓
Must have DNA Parentage Verification & Myostatin	✓	✓		✓	
Must be Registered or Birth Notified within 28 Days if born after 01/01/2020	✓				
Subject to Upset Price	✓	✓			
Subject to Inspection	✓	✓			

***individual club sales rules may vary**

What if a vendor is selling an animal/s that is not home bred or born on another holding?

Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are still advised to speak to vendors directly regarding additional health information available.

The herd an animal is sold from must have had a whole herd test, for Johne's disease through a CHeCS licenced scheme and in adherence with that scheme's terms.

Animals may not be sold at Society Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) sale, if the herd of origin (i.e. the holding where the calf was born) has no Johne's status or a status of Risk Level 5.

Any animal bred by a person other than the vendor or born on a holding separate to the vendor's main herd will have the Johne's status of the herd/holding of origin at the time of sale stated in the sale catalogue, along with the Johne's status of the vendor's herd.

The catalogue will indicate who bred the animal if it has not been bred by the vendor. These measures comply with the requirements of CHeCS and the information must be provided by the vendor upon entry of an animal to a sale.

What if a vendor is selling an animal/s managed on a holding other than the vendors?

Any animal that has been managed on a holding other than the vendor's immediately prior to sale will have the Johne's status of that holding stated in the sale catalogue along with the Johne's status of the vendor's herd. These measures comply with the requirements of CHeCS and the information must be provided by the vendor upon entry of an animal to a sale.

Feedback & more information

If you have any questions, please speak to Society representatives, Council representatives or the Auctioneers.

UK SIRES

*Your Cattle
Breeding Partner*

At UK Sires, we offer breeders and bull owners the complete service, from collecting, processing and storing semen at the UK's largest independent EU-licensed Stud and Semen Store, to helping market sales, both domestically and internationally.

WE COLLECT SEMEN ON FARM...

ANYWHERE IN GB, for processing in our lab down in Devon, for domestic use in England, Scotland and Wales only.
THE BEST VALUE BULL INSURANCE IS PROTECTING THE VALUABLE GENETICS! To start the application process, contact our Administration Manager Liz Harvey on 01803 863 560

**HEALTH AND SAFETY RULES
HARRISON & HETHERINGTON LIMITED
NOTICE TO ALL VISITORS AND TRADERS
PLEASE READ AND OBSERVE
THE FOLLOWING**

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available. If you do not want to be contacted for marketing purposes or do not wish your information to be made available to any other parties please notify us in writing.
