- PEDIGREE & COMMERCIAL LIVESTOCK
- ONLINE & ON-SITE MACHINERY SALES
- ANTIQUES & FURNITURE AUCTIONS
- PRODUCE SALES
- CONFERENCE CENTRE FACILITIES

Long established as the main auction outlet for livestock in Mid Wales and the borders and still being reputed the largest prime lamb market in Western Europe, Welshpool Livestock Sales has a dedicated team based at the centre dealing with the sales and purchase of pedigree and commercial livestock. But it doesn't stop there... WLS also hold machinery sales, antiques and furniture auctions and food & craft fairs. We also have two conference rooms on site that are available to hire for business meetings, corporate events and training days.
The market is also the base for Morris Marshall & Poole's Rural Department.

Herd Health at British Limousin Cattle Society Sales

The North West Mids and North Wales Limousin Club sale on Thursday 19th November 2026 is a CLUB sale.

Premier Collective and Collective Sales and Society Sale of Weaned Calves (Carlisle, December).

Introduction

Herd health rules were introduced by the BLCS at Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) to standardise herd health declarations and information presented in order to provide both members and customers with clear, accurate herd health information at the point of sale and within the given sale catalogue. As such it is attractive and informative for customers and aims to further raise the level of buyer confidence.

BLCS Premier Collective Sales are Stirling February (bulls) & October (bulls); Carlisle February (bulls), May (bulls), October (bulls) & December (Red Ladies sale); Brecon May (bulls) & November (bulls).

BLCS Collective Sales are Ballymena February (bulls), May (bulls) & October (bulls); Stirling May (bulls); Carlisle June (bulls).
Part 1. Herds selling at the Premier Collective Sales, Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) have to be members of, and adhering to, the terms of a CHeCS approved Herd Health Scheme and at a minimum they must have had a whole herd test for Johne's Disease with a CHeCS approved Herd Health Scheme and must be a Johne's Risk Level 1*- 4.

Part 2. All animals male and female, including calves at foot, presented at the Premier Collective and Collective Sales are required to be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. Pregnant animals must have had testing and any vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

For the Society Sale of Weaned Calves (Carlisle, December), calves are not required to be vaccinated for BVD. Calves from non-BVD accredited herds are required to have been BVD tested virus free. Calves from BVD Accredited Herds are not required to have been BVD tested virus free.

Herd Health Declaration

The sale entry form is accompanied by a Herd Health Declaration form asking vendors questions for example: TB status; membership of CHeCS (www.checs.co.uk) health schemes (AFBI Cattle Health Scheme, HiHealth Herdcare (Biobest), & Premium Cattle Health Scheme (SRUC) and Johne's, BVD, IBR and Lepto status. Online entries also require the Herd Health Declaration form to be completed.

Is the Herd Health Declaration compulsory?

The Herd Health Declaration is compulsory at all Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December). For reasons of clarity and to provide purchasers with the most accurate information available, vendors are required to complete this at time of entry.

What other health information may be displayed?

It should be noted that the Herd Health information provided in the catalogue relates to whole herd status. Information relating to specific animals entered in the sale should be requested from the vendor.

Vendors are encouraged to apply to their respective CHeCS health scheme for individual animal health cards for display on pens. For an individual animal's test results, or vaccination histories, regarding BVD, IBR, Lepto or Johne's, these are permitted above the sale pens only upon presentation of a signed veterinary declaration to verify that the animal concerned has had a clear test.

The Society has requested that no declarations on health information be given by the auctioneer during the sale. Again, the sole purpose of this is to avoid confusion and to try and ensure that the information provided is done accurately, fairly and in a standardised format in the catalogue. This point has been agreed with the auctioneers.

Johne's Risk Levels

It is a condition of BLCS Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) that animals from herds that are Johnes Risk Level 5 are not permitted to be sold.

Should you have any queries regarding the Johne's Risk Level classification, please contact your respective CHeCS health scheme.

Breeders, Production, Reduction Sales

BLCS Breeders Sales are Stirling February (females), May (females) & October (females); Carlisle February (females), May (females) & October (females); Brecon May (females) & November (females); Ballymena February (females), May (females) & October (females); Thainstone Multibreed (bulls and females).

Part 1. Vendors at official Society Breeders, Production and Reduction Sales are required to complete a Herd Health Declaration form at time of entry. A condensed version of the given herd health information will appear in the Vendors' Index in the respective catalogue.
All information provided is supplied by the vendor and it is their responsibility to ensure all the details are correct.

Part 2. All animals presented for sale at official Society Breeders, Production and Reduction Sales are required to be EITHER from a BVD Accredited Herd within a CHeCS approved Herd Health Scheme OR to have been BVD tested virus free. Pregnant animals must have had testing and any vaccination completed prior to service. Vaccination of calves at foot to be in accordance with CHeCS guidelines and recommendations.

Sale types and entry requirements:

	Premier	Collective	Breeders	Weaned Calves	Club*
Herd Health Dec required	✓	✓	✓	✓	✓

Must be Registered or Birth Notified within 28 Daysif born after 01 January 2020	✓				
Subject to Upset Price	✓	✓			✓
Subject to Inspection	✓	✓			

***Individual Club Sale rules may vary**

What if a vendor is selling an animal/s that is not home bred or born on another holding?
Vendors are still requested to fill in the Herd Health Sale Declaration accordingly. Prospective customers are still advised to speak to vendors directly regarding additional health information available.

The herd an animal is sold from must have had a whole herd test, for Johne's disease through a CHeCS licenced scheme and in adherence with that scheme's terms.
Animals may not be sold at Society Premier Collective and Collective Sales and the Society Sale of Weaned Calves (Carlisle, December) sale, if the herd of origin (i.e. the holding where the calf was born) has no Johne's status or a status of Risk Level 5.

Any animal bred by a person other than the vendor or born on a holding separate to the vendor's main herd will have the Johne's status of the herd/holding of origin at the time of sale stated in the sale catalogue, along with the Johne's status of the vendor's herd.

The catalogue will indicate who bred the animal if it has not been bred by the vendor. These measures comply with the requirements of CHeCS and the information must be provided by the vendor upon entry of an animal to a sale.

What if a vendor is selling an animal/s managed on a holding other than the vendors?
Any animal that has been managed on a holding other than the vendor's immediately prior to sale will have the Johne's status of that holding stated in the sale catalogue along with the Johne's status of the vendor's herd. These measures comply with the requirements of CHeCS and the information must be provided by the vendor upon entry of an animal to a sale.

Feedback & more information
If you have any questions, please speak to Society representatives, Council representatives or the Auctioneers.

The North West Mids and North Wales Limousin Club sale on

Thursday 19th November 2026 is a CLUB sale.

Vendors' Index

All information presented in Society sale documentation for the purposes of a sale, including but not limited to pedigree records, DNA data, breeding values and other animal and herd records, is compiled from material supplied by members, owners, and/or third parties. While every effort is made to ensure accuracy, the Society and its officers and employees make no representation or warranty, expressed or implied, as to the accuracy, reliability, completeness, or correctness of the information. Users should not rely solely on this information for making decisions and are advised to obtain independent verification or professional advice where appropriate. The content is provided for general information purposes only and does not constitute veterinary, professional, or legal advice.

It should be noted that the Estimated Breeding Values for all animals change over time, as new performance records come available.

The Society, its officers and employees accept no responsibility or liability for any loss, damage, cost, or expense, whether direct, indirect or consequential, arising from the use of, reliance on, or interpretation of the information presented in sale documentation, or from any third-party content or links provided. This does not exclude or limit liability for death or personal injury caused by negligence, fraud, fraudulent misrepresentation, or any other liability which cannot be excluded or limited by law. This disclaimer and the use of all information presented in sale documentation are governed by the laws of England and Wales, and any disputes arising in connection with them shall be subject to the exclusive jurisdiction of the courts of England and Wales.

For Enquiries: The British Limousin Cattle Society Tel 02476 696500 Email info@limousin.co.uk

* Where animals have been genotyped, the breeding values for these traits will be Genomic Breeding Values (GEBVs). Publication of GEBVs is at animal owners' discretion. If an animal has not been genotyped, the breeding value will be a conventional Estimated Breeding Value (EBV). Whether a breeding value is an EBV or a GEBV is noted alongside each value.

Please note that EBVs and GEBVs are interchangeable for the same trait. For example, an animal with a Calving Interval GEBV can be directly compared to an animal with a Calving Interval EBV. A link to further information on all EBVs and GEBVs is below.

FOR INFORMATION

Breeding Indexes

EBVs can be combined in to selection indexes to meet wider breeding objectives…

Calving Value	An economic indicator of the collective value of Gestation Length and Calving Ease
Beef Value	An economic indicator of the collective value of Birth Weight, Calving Ease, 400-Day Growth, Muscle Depth and Backfat Depth
Retail Value	An economic indicator of the collective value of Fillet, Striploin, Rump, Topside, Silverside and Knuckle at 600 days of age and a standard carcase weight of 350kgs.

NB: Using Calving Ease and Maternal Calving Ease

Calving Ease EBV *Predicts how easy a bull's own calves will be born.*
Maternal Calving Ease EBV *Predicts how easily a bull's daughters will calve.*

To search the Limousin database by Breeder, by EBVs/GEBVs and/or by Individual Animal go to www.taurusdata.co.uk and click on 'Beef Search'

For more information on EBVs and GEBVs please go to www.limousin.co.uk and click on 'Performance Programmes' or get in touch on the numbers below.

Cowin Actionman is a super young bull full of style, quality and correctness. At the 2026 Royal Welsh Show, Actionman was awarded reserve overall Limousin male champion, reserve continental interbreed junior beef bull and interbreed junior elite bull champion. Cowin Oelliw (Dam) is an excellent and proven breeder with fantastic maternal ability. Her first son (Cowin Trex) was champion at Brecon sale in May 2024 and later sold for 6,000gns; her second son (Cowin Unleashed) secured overall reserve champion at the Carlisle October 2025 bull sale and sold for 16,000gns. Glenrock Stillgame (Sire) is proving himself to be an exceptional breeder with his first five progeny selling this year at an average of over £19,000. Cowin herd won the best overall herd and best youngstock awards of the South Wales and Mid-West 2026 herd competition.

Willowvale Aria is a stylish heifer and should make a big cow full of breeding on both sides. Two full siblings have been retained, a heifer Willowvale Varah and a bull Willowvale Virgil, whom I am using on my cows.

Aria has been Bluetongue vaccinated.

Analysis Date: 03/09/2026

Willowvale Arabella is out of Cowin Passion whom I purchased privately and is doing a great job for me. Arabella has a great pedigree and a great temperament.

Arabella has been Bluetongue vaccinated.

BUYERS SLIP

All lots must be settled on the day of purchase
Parties who have not dealt with the company before should complete the undernoted form and hand it in to the auctioneers' clerk when a purchase is made.
Alternatively it can be sent to the main office in advance of the sale.
